COUNTY COUNCIL - TUESDAY, 1 NOVEMBER 2022

<i>RECOMMENDATIONS FROM THE AGENDA</i>	<i>DECISIONS</i>	<i>ACTION</i>
<p>14.Motion by Councillor Roz Smith</p> <p>This Council notes:</p> <p>There are over 2 million employees providing unpaid care to friends and family members, such as personal care, medical and social support, and attending appointments.</p> <p>The pressure on people as they balance their work with caring is hard. This Council believes that more action is needed to support people in employment with caring responsibilities.</p> <p>Council therefore proposes to support the Carer's Leave Bill being brought to Parliament which will, for the first time, create a statutory entitlement for employers to offer unpaid leave for employees with caring responsibilities.</p> <p>The Bill is expected to provide for up to one week's unpaid leave per year (in addition to paid leave allowance) and would provide more flexibility for carers, making things easier for them and their employers.</p> <p>Eligibility for the leave would be clearly defined in the Bill, taking a broad approach to reflect the wide range of caring relationships and responsibilities.</p> <p>Council therefore:</p> <ol style="list-style-type: none"> 1. resolves for the leader to write to all Oxfordshire MP's asking them if they will support the Carer's Leave Bill 2. resolves to ask the Cabinet to commission a review of the communications and support for local advice services for employed Carers residing in Oxfordshire to ascertain if there is any further support that can be given 	<p>Motion agreed unanimously</p>	<p>DLG (S Harper)</p>

...Decisions... Decisions...

COUNTY COUNCIL - TUESDAY, 1 NOVEMBER 2022

<i>RECOMMENDATIONS FROM THE AGENDA</i>	<i>DECISIONS</i>	<i>ACTION</i>
<p>15. Motion by Councillor Eddie Reeves</p> <p>This Council notes that significant concerns have been raised locally and nationally surrounding the data sets used to justify the introduction of Low Traffic Neighbourhoods (LTNs).</p> <p>This Council further acknowledges its shortcomings in connection with certain of the LTN consultations and restates its commitment to consult more fully with local businesses, community groups and residents with mobility and/or religious requirements that make LTNs in parts of Oxford more problematic than in others.</p> <p>Without prejudice to the administration's aim of reducing car-use, this Council recommends to Cabinet that it halt any immediate expansion in LTNs with a view to reassuring residents surrounding the data-sets and consultation methodologies used to justify and aid their introduction.</p> <p>This Council further recommends to Cabinet that an independent audit of LTNs introduced in, or planned for, Oxfordshire be set in train to allow the Local Government Association or such other organisation to impartially assess their value in economic and environmental terms, together with their corresponding levels of democratic support.</p>	<p>The motion was lost by 35 votes to 19 with no abstentions</p>	
<p>16. Motion by Councillor Charlie Hicks</p> <p>This Council has considered a change of Governance in the past from Leader and Cabinet to having a more inclusive Committee structure. The Oxfordshire Fair Deal Alliance wishes to review the decision-making structures of the County Council, with the aim of operating in a much more inclusive way that can involve</p>	<p>Motion carried by 36 votes to 16 with 1 abstention</p>	<p>DLG (A Bradley)</p>

...Decisions... Decisions...

COUNTY COUNCIL - TUESDAY, 1 NOVEMBER 2022

<i>RECOMMENDATIONS FROM THE AGENDA</i>	<i>DECISIONS</i>	<i>ACTION</i>
<p>all the talents of the council.</p> <p>The Council now requests the Director for Law & Governance to institute a Full Governance Review of the County Council as soon as practicable, with any recommended changes to the Council's Executive and Governance structure to be decided by Full Council and fully implemented by May 2024</p>		
<p>17. Motion by Councillor Nigel Simpson</p> <p>Oxfordshire County Council has acknowledged the Climate Change Emergency.</p> <p>A major contributor to excessive CO2 output is unnecessary car journeys. The proposal by Network Rail to shut the vital link between Yarnton and Kidlington by closing the level crossing at Sandy Lane will result in a significant increase in carbon emissions.</p> <p>Permanent closure would see drivers forced to use alternative routes resulting in an average extra distance travelled of nearly two miles per journey.</p> <p>Based on a recent survey undertaken by Yarnton Parish Council and on current usage this is estimated to result in an extra 4750 miles travelled on weekdays and 3800 at weekends, resulting in 1.5 million unnecessary miles per year.</p> <p>The cost of such surplus miles is hundreds of thousands of pounds to residents and businesses who rely on their cars; and extra pollution in the form of many tonnes of carbon emissions, contrary to the Council's environmental objectives.</p> <p>This would go directly against the Council's ambition to reduce CO2 output generated by transport and very significantly degrade the network of contacts that currently</p>	<p>The motion was lost by 32 votes to 19 with 1 abstention</p>	

...Decisions... Decisions...

COUNTY COUNCIL - TUESDAY, 1 NOVEMBER 2022

<i>RECOMMENDATIONS FROM THE AGENDA</i>	<i>DECISIONS</i>	<i>ACTION</i>
<p>underpins the ancient and vital community nexus around the parishes of Yarnton, Begbroke and Kidlington.</p> <p>This Council calls upon the Leader to request relevant Cabinet colleague(s) to engage with the local parishes, Network Rail and Oxford University Developments to discuss with them the ways in which this vital link can be maintained at least cost to the environment and for the benefit of all users with improvements, especially for cyclists and pedestrians.</p>		
<p>18. Motion by Councillor Eddie Reeves</p> <p>Given the scale of the cost-of-living crisis, this Council resolves to show a lead by recommending to Cabinet that catering for meetings of Full Council and at civic functions be cancelled unless catering is considered essential.</p> <p>Where appropriate, this Council further recommends to Cabinet that it commit to reallocating such monies to helping those residents in greatest need</p>	<p>The motion was lost by 36 votes to 18 with no abstentions</p>	
<p>19. Motion by Councillor Sally Povolotsky</p> <p>The UK government has announced only a £100 payment for "Off Grid" homes relying on oil or LPG. A big gap in fiscal support compared to the £400 for all other households on the grid.</p> <p>Heating and oil prices have seen huge hikes. The average cost of filling a 1,000-litre tank at the start of the year was about £620. By August, which is oil buying season, Oxfordshire residents prices had peaked and the same tank cost £1,108 or more to fill, and the market fluctuates.</p>	<p>Motion carried by 36 votes to 0 with 14 abstentions</p>	

...Decisions... Decisions...

COUNTY COUNCIL - TUESDAY, 1 NOVEMBER 2022

<i>RECOMMENDATIONS FROM THE AGENDA</i>	<i>DECISIONS</i>	<i>ACTION</i>
<p>The disparity is that most people are required to pay up front for oil, while people on mains energy pay monthly. Residents don't just face a warmth crisis but that low-income households in rural areas face a potential health crisis due to cold homes. Without action, this government risks the health of many of the 1.5 million who have no option other than to use oil or LPG to heat their homes.</p> <p>There's a potential cost and service gap issue to local authorities by the increased demand for health and mental health services.</p> <p>This council asks our leader to write to government to;</p> <ol style="list-style-type: none"> 1. Match the £400 energy grant for ALL energy users 2. Create a package for rural Oxfordshire communities to provide grants for renewables / air source heat pumps or help switch to biofuel boilers, as well as retrofitting and insulation. 3. Recognise that this cost of living emergency has further health service impacts in Oxfordshire and fund the needs of society 		
<p>20. Motion by Councillor Nathan Ley</p> <p>This Council recognises that excessive noise pollution from major highways raises the risk of negative health outcomes for our residents, most notably cardiovascular disease, cognitive impairment, and sleep disturbance. This particularly affects those who live in closest proximity to the busiest major strategic roads, including the A34 and M40.</p> <p>The World Health Organisation (WHO) guidelines "strongly recommends reducing noise levels produced by road traffic below 53 dB, as road traffic noise above this level is associated with adverse health effects".</p>	Motion agreed unanimously	DLG (S Harper)

...Decisions... Decisions...

COUNTY COUNCIL - TUESDAY, 1 NOVEMBER 2022

<i>RECOMMENDATIONS FROM THE AGENDA</i>	<i>DECISIONS</i>	<i>ACTION</i>
<p>However, it's well known that noise levels are far in excess of this in many residential areas, especially where formally defined as 'Noise Important Areas', where the highest 1% of noise levels at residential locations can be found. This includes neighbourhoods within Abingdon, Botley and Banbury among others.</p> <p>Traffic volumes on our major roads have massively increased, with the number of cars on the road doubling in the past 30 years. In light of this, and given the absence of physical sound mitigation measures along many highways-adjacent areas in Oxfordshire, we believe National Highways must take action to improve residents' quality of life. The existing designation of several 'Noise Important Areas' provides a framework for further investigation, and this must be matched by appropriate physical remedies.</p> <p>Acknowledging the important future role of our strategic network, Council asks the Leader to write to National Highways' Chief Executive Nick Harris to stress the importance of funding and implementing physical noise mitigation infrastructure as soon as possible, especially pre-existing 'Noise Important Areas'.</p>		
<p>21. Motion by Councillor Robin Bennett</p> <p>This council considers that the UK government's so-called 'investment zones', proposed by the Chancellor in his recent 'mini-budget', are a disaster in the making, for the environment, local communities, democracy and public finances.</p> <p>Consultations and environmental regulations have been presented as 'burdensome requirements'. Development which 'responds to the market' in these zones is required to be additional to the</p>	<p>The time being 3.40 pm, this Motion was considered dropped in accordance with Council Procedure Rule 15.1</p>	

...Decisions... Decisions...

COUNTY COUNCIL - TUESDAY, 1 NOVEMBER 2022

<i>RECOMMENDATIONS FROM THE AGENDA</i>	<i>DECISIONS</i>	<i>ACTION</i>
<p>sites already set out in Local Plans, which are already carefully planned to respond to local needs and to respect the local environment; Investment zones will be able to 'relax' policy requirements that have been consulted on and approved by local councillors. They are there for a reason.</p> <p>EU-based environmental regulations such as Habitat Regulation Assessments will be scrapped in these zones, with no clarity as to how they will be replaced.</p> <p>Instead of treating nature protection as something that is in the way of growth, the environment should be at the heart of decision-making, given that it is the foundation of all economic prosperity.</p> <p>Oxfordshire's six councils have already agreed a Strategic Vision for long-term sustainable development; adopting a get rich quick scheme devised by disaster capitalist think tanks is not in keeping with that vision.</p> <p>Council fully endorses the Leader's response to DLUHC confirming that Oxfordshire is already a key contributor to the economy and that democratic local plans remain the best vehicle to deliver that contribution. Responding to the market alone is not enough: Oxfordshire's residents need to be heard, not sidelined, and our environment respected.</p>
