For: PLANNING AND REGULATION COMMITTEE – 13 JANUARY 2014

By: Deputy Director (Strategy and Infrastructure Planning)

Replacement Local List of information requirements for validation of planning and related applications – consultation responses & revisions for approval and adoption for publication.

Division Affected: All

Contact Officer: David Periam   **Tel:** 01865-895151

Recommendation

The report recommends that the Proposed Local List of Information Requirements for the validation of planning and related applications be approved and adopted.

Background:

1.   Members will recall that a report on the proposed replacement local list of information requirements for validation of planning and related applications (Local List) was presented to the Planning & Regulation Committee at its meeting on 9 September 2013. Members resolved that the Local List be subject to a period of consultation and this was carried out during October 2013.

2.   The responses received to consultation are summarised and responded to at Annex 1 and the revised Local List with the additions and deletions highlighted is set out at Annex 2. Members are therefore invited to approve and adopt for publication the Local List subject to the additions and deletions highlighted as set out at Annex 2.

Recommendation:

12   The Committee is RECOMMENDED to approve and adopt for publication the Local List of Information Requirements for validation of planning and related applications set out in Annex 2 to this report.

MARTIN TUGWELL
Deputy Director for Environment & Economy (Strategy & Infrastructure Planning)
