## Children, Education & Families - Proposed Budget Changes 2016/17 - 2019/20

| Reference<br>Number | Name  | Proposal   | Saving<br>or Cut | 2016/17<br>£000 | 2017/18<br>£000 | 2018/19<br>£000 | 2019/20<br>£000 | TOTAL<br>£000 |
|---------------------|---|--|------------------|-----------------|-----------------|-----------------|-----------------|---------------|
| Savings & C         | Cuts to Services  |  |                  |                 |                 |                 |                 |               |
| CEF1                | Management &<br>Central costs   | Reductions could be made to management and administrative staffing.  Detailed savings will be identified as part of the new directorate organisational arrangements.   | S                |                 |                 |                 | -400            | -400          |
| CEF2                | Non-delegated schools costs   | With increasing numbers of schools becoming academies, it is felt this proportion of the budget will no longer be required.  | S                | -24             |                 |                 |                 | -24           |
| CEF3                | Schools,<br>education and<br>learning   | The council could establish a new traded arm within the council. There would be a reduction in staff numbers (estimated at 17 FTE) but an opportunity to refocus priorities and generate a trading surplus. Maximising income would allow the financing of work beyond schools requiring improvement. This would be financed by use of an agreed proportion of income to be returned to the council from the ring-fenced trading arm or other potential future trading vehicle. It is acknowledged that more market research is required on this option. | S                | -422            | -984            |                 |                 | -1,406        |
| CEF4                | Youth offending service   | Reduction in contribution to the multi-agency Youth Offending Service (YOS). The council could achieve this saving by targeting resources that align with the Youth Offending Service's statutory functions and the demand on children's social care services.   | С                | -100            |                 |                 |                 | -100          |
| CEF5                | School<br>organisation and<br>planning team                                       | The council provides a free-of-charge service to assist schools that are converting to become academies. Schools do receive a Government grant to assist them to convert. Could be accumulated by charging instead of providing a free service.  | S                | -100            |                 |                 |                 | -100          |
| CEF6                | Early years SEN inclusion teachers  | Review service delivery for the service that supports families, early years settings, children's centres and childminders in relation to children with special educational needs. With the aim to provide an effective service with less money.  | С                |                 | -100            |                 |                 | -100          |
| CEF7                | Special<br>educational needs<br>(SEN)   | The council could seek to challenge and drive down the cost of placements and educational provision for post-16 students with highlevel needs. This would include reducing the costs of out-of-county residential colleges, and high-cost placements in further education colleges and post-16 training providers.   | S                |                 | -100            |                 |                 | -100          |
| CEF8                | SEN support<br>services (SENSS)   | The council would reduce its management costs by transferring centrally employed staff to direct employment by schools. It is not anticipated this would involve any redundancies given the gradual changes.   | S                |                 | -50             |                 |                 | -50           |
| CEF9                | School<br>organisation and<br>planning – early<br>years sufficiency<br>and access | The council has a team for place planning for schools and other settings. It aims to ensure a sufficient supply of early years places. The grant used to create new provision could be decreased by £45,000.   | С                | -45             |                 |                 |                 | -45           |

## Children, Education & Families - Proposed Budget Changes 2016/17 - 2019/20

| Reference<br>Number | Name  | Proposal   | Saving<br>or Cut | 2016/17<br>£000 | 2017/18<br>£000 | 2018/19<br>£000 | 2019/20<br>£000 | TOTAL<br>£000 |
|---------------------|---|--|------------------|-----------------|-----------------|-----------------|-----------------|---------------|
| CEF10               | School organisation and planning team                                   | A budget which is used to assist schools with very minor internal modifications to buildings could be discontinued. Alternatively, staffing could be reduced – with one potential method being not replacing on a like-for-like basis a member of staff when they retire.  | S                | -24             | -10             |                 |                 | -34           |
| CEF11               | School<br>organisation and<br>planning –<br>admissions and<br>transport | Cease printing admissions brochures for parents. Information would remain on the public website. Only 10 per cent of applications are currently made on paper. Schools would be encouraged to support parents in making online applications.   | S                | -25             |                 |                 |                 | -25           |
| CEF12               | Early Intervention<br>Hubs/Children's<br>Centres.                       | By combining the current early intervention hubs with the current network of children's centres to create a new 0-19 service based around eight Children and Family Resource Centres. A public consultation is currently underway on this issue. The council agreed to save £6m in this area in its last budget process. The proposal out to consultation would save £2m in addition to this.  | С                |                 | -2,000          |                 |                 | -2,000        |
| CEF13               | Services for<br>disabled children<br>and families                       | Contracts for a range of day and overnight short-break care services commissioned for disabled children with parents, young people and other partners are due to finish in March 2017. The council would review these services during 2016, in consultation with families and other key partners. The council wishes to make sure the funding available is used to achieve the best possible outcomes. The review would include the residential short break services, which are jointly funded by the Council and the Clinical Commissioning Group with a contribution from Barnardos. | С                |                 | -250            |                 |                 | -250          |
| CEF21               | Education   | Contribution from Special Educational Needs & Disabilities (SEND) Reform grant which was expected to cease in 2016/17.   | S                | -300            | 300             |                 |                 | 0             |
| CEF22               | Early Intervention<br>Service   | One-off Contribution from the Thriving Families Reserve  | S                | -600            | 600             |                 |                 | 0             |

| Cuts    | -145            | -2,350          | 0               | 0               | -2,495        |
|         | -1,640          | -2,594          | 0               | -400            | -4,634        |

| Reference<br>Number | Name   | Proposal   | Saving or Cut | 2016/17<br>£000 | 2017/18<br>£000 | 2018/19<br>£000 | 2019/20<br>£000 | TOTAL<br>£000 |
|---------------------|--|--|---------------|-----------------|-----------------|-----------------|-----------------|---------------|
| Savings & C         | Cuts to Services                                       |  |               |                 |                 |                 |                 |               |
| SCS1                | Prediction of demand for service                       | In line with national and local trends, the council is predicting a continuing increase in demand for social care and is budgeting accordingly. Due to other work to proposals and the ongoing work on prevention and meeting needs more effectively, this increase in demand may not be as high as currently predicted. If this is the case, the council could make savings against current predictions.  |               |                 |                 | -1,700          | -1,700          | -3,400        |
| SCS2                | Land and Property                                      | The Council could undertake a number of actions to utilise council-<br>owned land to increase the availability of extra care housing and<br>specialist residential care (eg for dementia). The use of Council owned<br>land will increase the supply of extra care housing, thus reducing costly<br>placements in care homes. The development of specialist residential<br>care on Council owned land should reduce development costs and the<br>care fees paid by the Council   | S             |                 | -165            | -400            | -935            | -1,500        |
| SCS3                | Care Homes   | The Council could review and renegotiate the contracts to provide residential care placements, including the council's contract with the Oxfordshire Care Partnership, to reduce the rates for existing placements and lower the rates for future placements. This would include forming strategic partnerships with providers and developers, and introducing a dynamic purchasing system whereby all care homes on an overall contract are guaranteed council business but not the level of placements that will be made. Placements would be made on a case by case basis determined by a persons need, and the availability and cost of a placement to meet this need. | S             |                 | -870            | -400            |                 | -1,270        |
| SCS4                | Prescription/retail<br>model for<br>equipment          | Providing a prescription and information about options to source equipment that helps to meet people's eligible care and support needs rather than just providing the equipment itself. Research suggests that up to 50% of people given a prescription for equipment do not use it and choose to meet their needs in other ways.  | S             |                 | -500            |                 |                 | -500          |
| SCS5                | Intervention and preventative services - Falls Service | As it is not a statutory responsibility, council funding for the Falls Service contract with Oxford Health could be stopped. It is jointly funded by the council and the Oxford Clinical Commissioning Group.  Assessments will be offered to anyone with eligible needs for care and support providing tailored information and advice to help people identify other sources of support, including working closely with NHS partners to link to other services.   |               | -273            |                 |                 |                 | -273          |
| SCS6                | Adult social care support for prisoners                | Reduce the amount of money allocated to how we assess and support prisoners requiring social care. This was a new responsibility from April 2015 and demand has not been as high as originally anticipated, so the budget can be reduced.  | S             | -207            |                 |                 |                 | -207          |

| Reference<br>Number | Name  | Proposal   | Saving or Cut | 2016/17<br>£000 | 2017/18<br>£000 | 2018/19<br>£000 | 2019/20<br>£000 | TOTAL<br>£000 |
|---------------------|---|--|---------------|-----------------|-----------------|-----------------|-----------------|---------------|
| SCS7                | Emergency<br>response -<br>redesign<br>emergency<br>response services     | Reduce duplication and overheads by redesigning emergency response and crisis services by combining the Crisis Response Service, the Emergency Carers Support Service and Telecare monitoring and response services. This will lead to more cost effective and responsive services.  | S             | -200            |                 |                 |                 | -200          |
| SCS8                | Carers - Carers<br>Oxfordshire  | A reduction in the contract with Carers Oxfordshire could be made by reducing expenditure on marketing, information, advice and support, training, and the carers partnership board. This would focus resources on continuing to meet statutory responsibilities. The remaining funds would be focused on areas of greatest need such as face to face support and volunteer befriending. | С             | -60             | -100            |                 |                 | -160          |
| SCS9                | Information and advice  | Consolidating existing contracts information and advice services whilst maintaining statutory requirements under the Care Act, focusing on specialist advice e.g. accessing benefits, managing debt and finding your own care and support.   | С             |                 |                 | -120            |                 | -120          |
| SCS10               | Carers – respite  | Review the way respite is provided to focus more on alternatives to bed based respite i.e. increased care at home could provide more effective ways of ensuring carers get the breaks they need.   | С             |                 | -100            |                 |                 | -100          |
| SCS11               | Extra care housing<br>staffing and<br>strategy - revised<br>model of care | Ensure that large extra care housing schemes have two staff at night time rather than just one, allowing them to provide planned night care as well as reactive response for those people that require it. This would enable people with higher level needs to be placed in extra care housing rather than more expensive residential placements.  | S             |                 |                 | -93             |                 | -93           |
| SCS12               | Extra care housing staffing and strategy – change in admission criteria   | A reduction in care home admissions and better targeting of services to those who need them most could result from reviewing the placement strategy in extra care housing.   | S             | -50             | -43             |                 |                 | -93           |
| SCS13               | Intervention and preventative services - HIV                              | As it is not a statutory responsibility, funding for the HIV day services contract could be stopped.   | С             | -50             |                 |                 |                 | -50           |
| SCS14               | Land and property  – print unit buildings                                 | Reducing the number of buildings the council's print unit uses from two to one would lead to savings. The council print unit provides employment opportunities to vulnerable people, including people with learning disabilities, to support their independence.   | S             | -30             |                 |                 |                 | -30           |
| SCS15               | Intervention and preventative services - aphasia                          | We would work closely with NHS partners to review funding for the aphasia communication support service, for people with specific communication difficulties most commonly caused by a stroke or severe head injury. The review would focus on removing duplication and streamlining services.   | С             | -17             |                 |                 |                 | -17           |

| Reference<br>Number | Name   | Proposal   | Saving or Cut | 2016/17<br>£000 | 2017/18<br>£000 | 2018/19<br>£000 | 2019/20<br>£000 | TOTAL<br>£000 |
|---------------------|--|--|---------------|-----------------|-----------------|-----------------|-----------------|---------------|
| SCS16               | allocations to meet  | A review of the funding allocated to meeting individuals' care and support needs. This would be through reviewing the costs of meeting care needs used in the Resource Allocation System and introducing panels to review assessment and support planning decisions for mental health, physical disability and older people including continuing healthcare clients. Panels operating in learning disabilities have shown that eligible social care and support needs can be met effectively at lower cost.  | S             | -1,600          | -750            | -750            |                 | -3,100        |
| SCS17               | New models of<br>delivering care –<br>social impact bond                 | Developing a payment by results contract financed through a Social Impact Bond for learning disability services to deliver reduced costs in individual care packages over time.  | S             |                 |                 | -1,000          |                 | -1,000        |
| SCS18               | Planned support<br>(known as warden<br>schemes)                          | Removing the funding for planned support schemes (peripatetic warden schemes). People in these schemes do not generally have eligible care needs and the wardens do not provide statutory eligible care.   | С             | -500            |                 |                 |                 | -500          |
| SCS19               | Oxfordshire<br>Support Fund  | Stopping grants to people through the Oxfordshire Support Fund. People eligible for care and support could still receive support from the council, which could signpost other sources of support such as charities and the voluntary sector.   | С             | -381            |                 |                 |                 | -381          |
| SCS20               | Review of contracts - Healthwatch  | Reducing funding for Healthwatch Oxfordshire by 30%.   | С             | -100            |                 |                 |                 | -100          |
| SCS21a              | Tier 2 Day<br>Services<br>(Voluntary Sector<br>provided day<br>services) | Stopping funding day services provided by voluntary and community sector organisations. The majority of users (95%) of these services are not eligible for care and support from the council. Ending the funding could also mean transport savings. The council would assist current services to become financially independent where it is possible to do so; commission a new older peoples' community prevention service; ensure people using these services are aware of the information and advice options, which can inform and advise about what else is available in Oxfordshire, and work with the voluntary sector to look at options for increasing their role in delivering day opportunities. | С             | -300            | -450            |                 |                 | -750          |

| Reference<br>Number | Name  | Proposal  | Saving or Cut | 2016/17<br>£000 | 2017/18<br>£000 | 2018/19<br>£000 | 2019/20<br>£000 | TOTAL<br>£000 |
|---------------------|---|---|---------------|-----------------|-----------------|-----------------|-----------------|---------------|
| SCS21b              | Tier 3 Day<br>Services (Health<br>and Wellbeing<br>Centres) | A saving of £2,050,000 could be achieved by stopping funding the seven Health and Wellbeing centres provided by the Council, and one provided by the Leonard Cheshire Trust. Stopping the funding would release capital and revenue savings and possibly savings in transport costs. The council would assist current services to become financially independent where it is possible to do so; commission a new older peoples' community prevention service; ensure people using these services are aware of the information and advice options, which can inform and advise about what else is available in Oxfordshire, and work with the voluntary sector to look at options for increasing their role in delivering day opportunities. | С             |                 | -2,050          |                 |                 | -2,050        |
| SCS21c              | Transport to day services                                   | Savings of £200,000 may result from stopping funding of Tier 2 and Tier 3 day services as outlined above. This is because the council provides transport to and from these services for a number of people.   | С             |                 | -200            |                 |                 | -200          |
| SCS22               | Housing related support                                     | Funding homelessness services through Housing Related support is not a statutory requirement and would be further reduced. The council has continued to subsidise housing support and maintained investment in housing related activity for the past 5 years (even though it is not a county council responsibility) following the government decision to significantly reduce central funding.   | С             |                 | -500            | -500            | -500            | -1,500        |
| SCS23               | Intermediate care beds                                      | Replacing intermediate care beds with home based intermediate care in the community. A study of people using intermediate care beds compared to those receiving support at home showed that short-term rehabilitative care in a home setting leads to a greater proportion of people needing no on-going care and regaining their independence.   | S             |                 |                 | -1,000          |                 | -1,000        |
| SCS24               | Intermediate care -<br>Discharge<br>Pathway                 | Reviewing and redesigning hospital discharge services to combine a number of existing services into a more streamlined pathway to get people out of hospital as soon as they are ready for discharge.   | S             | -440            |                 |                 |                 | -440          |
| SCS25               | Intervention and preventative services - Dementia           | Savings could be achieved by a reduction in funding for the Dementia Support Service once the current contracts expire in 2019/20.  | С             |                 |                 |                 | -400            | -400          |
| SCS26               | Adult Social Care<br>Money<br>management                    | A review into other options for delivering money management services for social care clients. Other councils use different approaches which we could learn from. Income generating opportunities such as charging for the service or delivering the service for other councils could be explored. There may be options to merge staff within locality teams and reduce management staff.  | S             |                 |                 |                 |                 | 0             |

| Reference<br>Number | Name                        | Proposal  | Saving or Cut | 2016/17<br>£000 | 2017/18<br>£000 | 2018/19<br>£000 | 2019/20<br>£000 | TOTAL<br>£000 |
|---------------------|-----------------------------|---|---------------|-----------------|-----------------|-----------------|-----------------|---------------|
| SCS27               | Intermediate care -         | A review and redesign of the reablement service to deliver more   | S             | -300            |                 |                 |                 | -300          |
|                     | Reablement                  | effective, lower cost community-based support to help people regain and maintain independence.  |               |                 |                 |                 |                 |               |
| SCS28               | Carers – Carers<br>charging | Introducing charging for carers' services. This would put carers onto the same basis as the people they support, whereby an assessment and support plan would be developed and the cost of meeting their support needs calculated, as well as an assessment of their ability to contribute to the cost of the support they need. This proposal could lead to a rise in income for the council and there could be an opportunity to target available resources more effectively towards more vulnerable carers who need additional help by reviewing what types of support are most supportive and effective for carers. | Ø             | -200            |                 |                 |                 | -200          |
| SCS29               | Carers – Carers<br>grants   | Reducing funding to carers with eligible needs for support could save £200,000. This would create a stronger link between need and funding in line with the Care Act and create an opportunity to improve the targeting of available resources towards more vulnerable carers.  | S             | -200            |                 |                 |                 | -200          |
| SCS43               | Adult Social Care costs     | Funding for Adult Social Care to meet the increased cost of care including the cost of the National Living Wage. This funding has been raised by increasing Council Tax by an additional 2%   |               | 5,883           | 6,364           | 6,898           | 7,466           | 26,611        |
| SCS44               | Reserves                    | One-off Contribution from Older People's Pooled Budget Reserve  | S             | -500            | 500             |                 |                 | 0             |
| TOTAL SAVI          | NGS & CUTS TO SE            | ERVICES   |               | 475             | 1,136           | 935             | 3,931           | 6,477         |

## Fire & Rescue Service - Proposed Budget Changes 2016/17 - 2019/20

| Reference | Name  | Proposal   | Saving | 2016/17 | 2017/18 | 2018/19 | 2019/20 | TOTAL |
|-----------|---|--|--------|---------|---------|---------|---------|-------|
| Number    |   |  | or Cut | £000    | £000    | £000    | £000    | £000  |
|           | uts to Services   |  |        |         |         |         |         |       |
| FRS1      | service<br>efficiencies   | Further financial efficiencies from the combined Control Room with Buckinghamshire & Milton Keynes and Royal Berkshire Fire and Rescue Services, above those originally anticipated.   | S      | -75     |         |         |         | -75   |
| FRS2      | Trading Standards management and enforcement review               | Greater integration with Oxfordshire Fire and Rescue and other local authorities and the development of a volunteer co-ordinator post could lead to some functions being supported by volunteers.  In the medium term, the council could remove four further enforcement posts, reduce consumer advice and education posts. Greater integration with Oxfordshire Fire and Rescue and other local authorities and the development of a volunteer co-ordinator post could lead to some functions being supported by volunteers. The service could also seek to work closer with Thames Valley Police (including joint funding) especially around cyber-crime and human exploitation. | С      |         |         |         | -270    | -270  |
| FRS3      | Chipping Norton<br>fire cover review                              | The Fire and Rescue Service could remove the second on-call fire appliance from Chipping Norton Fire Station. The on-going availability levels of crewing for the second appliance at Chipping Norton and the reducing number of calls for this appliance has brought into question the continued need for it at the station. Rather than reduce the operational fleet, the vehicle would be held as part of the strategic reserve and eventually be reallocated to Carterton at a later date once the new fire station is built.  | S      |         | -48     |         |         | -48   |
| FRS4      | Fire and Rescue<br>Service strategic<br>leadership team<br>review | Continuing collaboration with the other two Thames Valley Fire and Rescue Services (Buckinghamshire & Milton Keynes and Royal Berkshire) means it is possible to reduce the number of senior managers across the region. A jointly funded post would carry out work across the Thames Valley to seek further efficiencies while maintaining focus on firefighter and public safety.  | S      | -25     |         |         |         | -25   |
| FRS5      | Management<br>review – station<br>managers                        | Reduce the number of operational fire station managers across the county by four (from 24 to 20).  The incident command rota can be amended without affecting the minimum number of officers available for operational response duty at any one time. In addition, by working more collaboratively across the Thames Valley, the day-to-day management workload can also be shared without significant increases in workload.  | Ø      | -260    |         |         |         | -260  |
| FRS6      | Management<br>review – group<br>managers                          | Reduce the number of operational Group Manager posts in the Fire and Rescue Service.   | S      |         |         |         | -90     | -90   |

## Fire & Rescue Service - Proposed Budget Changes 2016/17 - 2019/20

| Reference<br>Number | Name  | Proposal  | Saving or Cut | 2016/17<br>£000 | 2017/18<br>£000 | 2018/19<br>£000 | 2019/20<br>£000 | TOTAL<br>£000 |
|---------------------|---|---|---------------|-----------------|-----------------|-----------------|-----------------|---------------|
| FRS7                | On-call budget  | The on-call firefighter salary budget has been consistently well-managed over time – and in conjunction with the reduction in incidents brought about by the wide range of prevention initiatives delivered by the service across the county. This has resulted in an underspend for the last two years.  | S             | -50             |                 |                 |                 | -50           |
| FRS8                | Financial funding<br>arrangements for<br>Fire and Rescue<br>Service cadet<br>schemes. | Seek alternative funding for or remove county council funding for the Oxfordshire Fire and Rescue Service cadet schemes could be stopped in 2018 as this is not a statutory service. To ensure the cadet schemes continue, the council could seek to link with the council's Children, Education and Families Directorate to see if there is a different way to deliver the scheme (to further support our looked after children), or potentially seek sponsorship through a private company. | O             |                 |                 | -30             |                 | -30           |

|---------------------|--|---|---------------|-----------------|-----------------|-----------------|-----------------|---------------|
| Savings & C         | Cuts to Services   |   |               |                 |                 |                 |                 |               |
| EE1                 | Patching works   | Charge costs to the capital programme of both smaller and larger patching works, reflecting the way other authorities deliver this element of the service.  | S             | -2,583          | -106            |                 |                 | -2,689        |
| EE2                 | Highway drainage   | Remove current proactive programme for cleaning the main pipes that gullies connect into. Any blockages from tree roots, pipe breaks or silting will have to be addressed once identified.  | С             | -100            |                 |                 | -200            | -300          |
| EE3                 | Increased income from legal agreements                         | Greater levels of residential and commercial development in the county will generate increased fee income for the approval, inspection and adoption of new roads and alterations to the public highway.   | S             | -100            | -50             |                 |                 | -150          |
| EE4                 | Increase fee income from Oxford strategic transport model      | Explore further opportunities for generating funding from OCC transport model system.   | S             | -25             | -25             | -25             |                 | -75           |
| EE5                 | Incident response  | Reduce threshold for callout so that we respond to fewer highway defects reports out of hours, and therefore reduce demand for those teams.   | С             | -55             |                 |                 |                 | -55           |
| EE6                 | New innovation and research partnership                        | Develop a partnership approach with public and private sector partners reduced funding and specialist advice for service, with expectation that successful budget bids will provide their own funding.  | S             | -25             | -25             |                 |                 | -50           |
| EE7                 | Streetworks / events<br>management                             | Reduce support for events. Requiring charitable events to fund all road closure costs. The council would seek to optimise capacity of the network as far as practicable with remaining budgets. To mitigate, the council would continue to manage events relating to VIP visits, Repatriations, Remembrance Sunday and May Day free of charge with an estimated annual cost to us of £15,000. | С             | -25             |                 |                 |                 | -25           |
| EE8                 | Maintenance of street lighting                                 | Adjust performance requirements for new contract as well as capitalisation of some works currently in the revenue budget. Risk of reduced performance.  | S             | -820            | -100            |                 |                 | -920          |
| EE9                 | More effective working with supply chain and external partners | Savings would be achieved within highways by working more effectively with the councils supply chain and external partners. This would be achieved by the use of LEAN process rengineering but would remove some of the flexibility currently available to address local issues. The service would be less able to react to arising issues above and beyond normal service delivery.          | S             |                 |                 |                 | -540            | -540          |
| EE10                | Grass cutting & tree maintenance                               | Reduce services to safety areas only;targeting visibility splays.  Opportunity for parish and district councils to take on more of these responsibilities and self-fund.  | С             | -70             |                 |                 | -222            | -292          |
| EE11                | Traffic signals maintenance                                    | Charge to the capital programme.  | S             | -250            |                 |                 |                 | -250          |
| EE12                | Property contract  | Renegotiation of elements in property contract to deliver further savings.  | S             | -50             | -190            |                 |                 | -240          |
| EE13                | Sharing expertise and joint county-level planning services     | Joint Working for Planning Regulation services (e.g. minerals and waste, county planning applications, legal agreement negotiations) with other neighbouring county councils.  Savings to be achieved through sharing management teams and professional expertise so some reduced service levels in areas such as minerals & waste, and development control.                                  | S             | -25             | -125            | -25             | -44             | -219          |

| Reference<br>Number | Name  | Proposal  | Saving or Cut | 2016/17<br>£000 | 2017/18<br>£000 | 2018/19<br>£000 | 2019/20<br>£000 | TOTAL<br>£000 |
|---------------------|---|---|---------------|-----------------|-----------------|-----------------|-----------------|---------------|
| EE14                | Closer partnership<br>working between<br>Economy & Skills and<br>the Oxfordshire Local<br>Enterprise Partnership<br>(OxLEP) | Co-locate Economy & Skills teams with OxLEP and jointly manage these services with OxLEP through a Service Level Agreement (SLA). The SLA could mitigate risk of perceived reduction in direct control over service and would include a tapering of funding from OCC.   | S             | -50             |                 | -50             | -45             | -195          |
| EE15                | Winter maintenance  | Reduce the number of roads gritted in the county to achieve the proposed budget reduction. A route optimisation exercise will be required to re-profile the revised network and number of routes.   | С             | -180            |                 |                 |                 | -180          |
| EE16                | Locality team co-<br>location   | Re-structure management of locality teams and reduce non-staffing budgets used to develop schemes and test development proposals.   | S             |                 | -150            |                 |                 | -150          |
| EE17                | Utilisation of assets and income generation (Income generation)   | Opportunities to generate income including fitting solar panels to roof tops, investing in property sites etc. Greater utilisation of existing property by reducing the footproint needed by the county council and reviewing how best to utilise any surplas space.  | S             |                 | -50             | -50             | -50             | -150          |
| EE18                | Real time information   | Remove service. This would remove the electronic displays at bus stops and impact on the provision of information to current traffic monitoring systems as well as the recently developed travel planning page, which is being rolled out as part of the Connecting Oxfordshire agenda. The council will seek increased contribution from bus companies to mitigate or replace ongoing funding. | С             |                 |                 | -140            |                 | -140          |
| EE19                | Safety fence repair and maintenance   | Remove unnecessary barriers (identified through a risk assessment) and therefore reduce ongoing maintenance.  | С             |                 |                 |                 | -51             | -51           |
| EE20                | Reduce policy and strategy capacity   | Reduce staffing levels. Mitigated through close working relationships & maximising revenue elements of project funding bids.  | S             | -50             |                 |                 |                 | -50           |
| EE21                | Joint working and minor operational budget reductions   | Further joint working potential with Thames Valley Environmental Resource Centre on environmental information and advice plus minor administration savings through locality joint working. Risk of reduced commitment by other authorities to be mitigated through continued delivery of quality service & assurance of value for additional cost, etc.   | S             |                 | -40             |                 |                 | -40           |

| Reference<br>Number | Name  | Proposal  | Saving or Cut | 2016/17<br>£000 | 2017/18<br>£000 | 2018/19<br>£000 | 2019/20<br>£000 | TOTAL<br>£000 |
|---------------------|---|---|---------------|-----------------|-----------------|-----------------|-----------------|---------------|
| EE22                | Public rights of way  | Reduce funding to managing the county's network of public rights of way although the council would seek to prioritise funds in this area to support the volunteer network as far as practicable. The service currently delivers high value for its budget through innovative engagement with volunteers reflected in operation budgets being a fifth of that in other areas, while customer satisfaction remains one of the highest in the country. A reduction in service may reduce the number of willing volunteers resulting in a significant deterioration of the network and public satisfaction. | С             |                 |                 |                 | -40             | -40           |
| EE23                | Subsidised Buses<br>Consultation Proposals  | We are currently consulting on the future of subsidised bus routes. This remaining funding would result in the routes being totally removed, unless they are linked to home to school transport. This option has been included in the current consultation.   | С             | -1,220          |                 |                 |                 | -1,220        |
| EE24                | Survey and Other<br>Works   | Reduce surveys which are currently undertaken to inform the council on the condition of the highways network and help it prioritise its highways maintenance programme.   | С             |                 | -1,094          |                 |                 | -1,094        |
| EE25                | Area Stewardship  | Reduce service down to statutory only, i.e. maintain a safe highway, incl. through safety inspections. Area Stewards would no longer be available to discuss and resolve issues on day to day basis – would mean increased use of Fix My Street and empowering parish councils to identify and/or undertake potential work.   | С             |                 | -320            |                 | -300            | -620          |
| EE26                | Gully Emptying  | Prioritising essential work, meaning a reduction in frequency from once every three years to once every four years.   | С             | -220            |                 |                 |                 | -220          |
| EE27                | Green Waste Credits   | On the 21 July 2015 Cabinet agreed to withdraw the non-statutory Green Waste Credit payments to the District Councils from 1 April 2016. This saving replaces and merges with the saving 15EE24 - HWRC Strategy as that saving is unlikely to be realised.  | S             | -500            | 350             |                 |                 | -150          |
| EE37                | Ardly Electricity income  | The Energy Recovery Facility at Ardley Waste generates electricity for the National grid and this will generate £0.1m of income for the Council.  | S             | -100            |                 |                 |                 | -100          |
| EE39                | Closer partnership<br>working between<br>Economy & Skills and<br>the Oxfordshire Local<br>Enterprise Partnership<br>(OxLEP) | Transfer Business & Skills staff to the Local Enterprise Partnership.   | S             | -400            |                 |                 |                 | -400          |
| EE42                | Asset Utilisation   | Reduction in Leased Accomodation  | S             | -230            | 230             | -230            |                 | -230          |
| EE43                | Property contract   | Reduce the fixed contract fee on the Property Contract.   | S             |                 | -100            |                 |                 | -100          |
| EE44                | Road Agreements<br>Funding  | One-off use of road adaptions/road agreements funding   | S             | -1,000          | 500             | 500             |                 | 0             |
| EE45                | Area Stewardship  | Bring forward savings in Area Stewards (EE25) to 2018/19 from 2019/20.  | С             |                 |                 | -300            | 300             | 0             |

| CS1                 | Senior<br>management<br>review   | A review of future management structures is under way. Once completed there will be a need to review the way that corporate services are provided to ensure that the approach is efficient and fit for purpose across the organisation. This will include all areas of the centre of the council - policy, data analysis, Freedom of Information requests, communications, finance, legal, HR and democratic services. These savings will be from 2017/18 and are subject to the outcome of the senior management review and the future structure of the council. | S             | -300            | -200            | -100            |                 | -600          |
| CS2                 | Organisational development   | Reduced learning and development budgets for staff training.  | С             | -124            | -150            |                 |                 | -274          |
| CS3                 | Finance and internal audit   | Over the medium term, as new ICT systems become embedded the need for financial support currently provided by finance should reduce.  | S             | -100            | -100            | -50             |                 | -250          |
| CS4                 |  | Reducing money spent on consultations, surveys and campaigns as well as removing one post in the communications team.   | С             | -145            |                 |                 |                 | -145          |
| CS5                 | Reduce senior HR staff   | The council could seek to reduce the hours of some senior HR staff following the transfer of services to Hampshire IBC.   | S             | -82             |                 |                 |                 | -82           |
| CS6                 | Unison – reduce<br>budget  | The budget for the Unison union could be reduced by approximately 20%, £30,000. The size of staff is reducing so the number of people the union represents is also reducing.  | С             | -30             |                 |                 |                 | -30           |
| CS7                 | Change<br>administrative<br>arrangements for<br>locality meetings<br>for councillors | Meetings are held in various localities in Oxfordshire for county councillors to discuss local issues with staff. The proposal is to reduce administration costs linked to these meetings.  | S             | -22             |                 |                 |                 | -22           |
| CS8                 | as previously underspent   | The chairman is the ceremonial head of the council and is always a serving county councillor. Duties include being the politically impartial civic leader for Oxfordshire County Council, acting as an ambassador for the county council and Oxfordshire, presiding over meetings of the full council, hosting civic events and accepting invitations on behalf of the county council to attend events.   | S             | -9              |                 |                 |                 | -9            |
| CS9                 | Organisational development   | Reduce L&D budget on a one-off basis in 2016/17   | С             | -230            | 230             |                 |                 | 0             |
| CS10                | Senior<br>management<br>review   | Earlier implementation of Senior Management Review savings.   | S             | -200            | 200             |                 |                 | 0             |
