

Delegated Decisions by Cabinet Member for Transport Thursday, 16 February 2012

ADDENDA

2. Questions from County Councillors

Councillor Jean Fooks

As many of the requests for funding through the Area Stewardship Fund require traffic orders, it appears necessary to increase the capacity of the County Council to process these. Can you update me on your progress with this?

Reply from the Cabinet Member for Transport

The contractual arrangement we have with Atkins allows us to bring in additional resources to meet the demands of peak workload. This includes work associated with traffic regulation orders. The manager of this team is well aware of the issue and is taking appropriate action to make sure that Area Stewardship Fund schemes can be delivered quickly and effectively.

3. Petitions and Public Address

Petition

Petition to be presented by Councillor Jean Fooks and Bob Robson and Mervin Keenan in the following terms:

Many Cutteslowe residents have told us that the CPZ implemented some years ago is causing more problems than solutions in the area.

Some people would prefer more unrestricted spaces, so they do not have to pay for a resident's permit or pave over their front gardens to make space for their cars.

Others would like to have longer times for the restrictions, so that, having paid for a resident's permit, they can rely on finding a space in the evening when they come home.

We want to press the County Council to carry out the review they promised originally – to give residents the opportunity to say what they would like in their roads.
