- A drop-in session was held at the school on 20 September 2012 to answer questions from parents with a member of County Council staff present with the Headteacher. The following points were discussed and responded to:
 - Query as to the location and design of the new accommodation, should the proposal be approved.
 - Query with regard to school assemblies and lunch organisation when additional pupils were on roll.
 - Opinion expressed that more pupils attending the school is a positive thing, and that the teaching at the school is of high quality.
 - Query about whether additional parental car parking facilities would be provided.
- Nine responses to the consultation were received. Seven respondents supported the proposal in principle. One opposed the proposal in principle, while one expressed no opinion in principle but raised a concern. The reasons given for supporting the proposal were:
 - Need for additional pupil places in Ambrosden area, to prevent local children having to travel elsewhere.
 - This is a good school, and more children should have the opportunity to be taught there.

The concerns raised by respondents were:

- That troop movements mean fluctuating numbers of pupils and so the expansion may not be needed in the longer term.
- That there may be an increase in traffic around the school, or parking issues.
- That being a larger school will affect the ethos of the school.

- All applicable statutory requirements in relation to the proposals to consult were complied with.
- All consultation documents were made available through the OCC website and are still available to view at <http://myconsultations.oxfordshire.gov.uk> under the original public consultation section for Five Acres Primary School which ran from 10 September 2012 to 22 October 2012. The original consultation leaflet was delivered to the school, which circulated it to all parents, staff and governors. It was posted at the local library and central Oxford library, linked to on the school's website, and sent to all local childcare providers, Early Intervention Hub and given to relevant councillors and the local MP.

Project costs

The cost will be met by the County Council using resources within the Capital Programme.

n/a

Need or demand for additional places

24. If the proposals involve adding places—

(a) a statement and supporting evidence of the need or demand for the particular places in the area;

The school's published admission number was until recently 30. However the school has admitted over this number for the last few years in agreement with the Local Authority, to meet growth in demand for pupil places and fluctuations as a result of troop movement. For September 2012 the Admission Number rose to 45, which more accurately reflects the actual intake of pupils into the Reception (F1) class each year. However demand for pupil places has increased still further due to small-scale housing development in the area and troop movements, the governors agreed at the request of the Authority to admit up to 60 pupils in September 2012.

Cherwell District Council has identified Ambrosden in its Local Plan as an area that can accommodate additional housing growth. This would further increase demand for places at the school. Significant additional housing is already being built in Bicester and more is planned, as a result schools in this partnership are forecast to be operating at or near capacity. There has been some small scale housing development in the Ambrosden area and a planning application by the MoD to develop land at Graven Hill, near Ambrosden, means that additional class space might also be required to meet demand from the first phases of this housing development, in advance of a new primary school being built.

- (b) where the school has a religious character, a statement and supporting evidence of the demand in the area for education in accordance with the tenets of the religion or religious denomination;

n/a

n/a

25. If the proposals involve removing places—

- (a) a statement and supporting evidence of the reasons for the removal, including an assessment of the impact on parental choice; and

n/a

(b) a statement on the local capacity to accommodate displaced pupils.

n/a

Expansion of successful and popular schools

25A. (1) Proposals must include a statement of whether the proposer considers that the presumption for the expansion of successful and popular schools should apply, and where the governing body consider the presumption applies, evidence to support this.

(2) Sub-paragraph (1) applies to expansion proposals in respect of primary and secondary schools, (except for grammar schools), i.e. falling within:

(a) (for proposals published by the governing body) paragraph 1 of Part 1 to Schedule 2 or paragraph 12 of Part 2 to Schedule 2;

(b) (for proposals published by the LA) paragraph 1 of Part 1 to Schedule 4 or 18 of Part 4 to Schedule 4

of the School Organisation (Prescribed Alterations to Maintained Schools) (England) Regulations 2007 (as amended).

At its last inspection in December 2011, Ofsted graded Five Acres Primary School as Good. The school received 54 first preference applications for a Reception (F1) year place for September 2012 with a published Admission Number of 45. The county council therefore considers that the presumption for the expansion of successful and popular schools should apply.
