

Annex 3 – Additional Background and supporting information

Subsidy Prices

If further support for any contract is not agreed at the meeting on Thursday 21 March 2013 (except where they have been replaced by alternative arrangements or contracts) then the service or journey(s) concerned will cease after operation on Saturday 1 June 2013. The only exception to this may be if a settlement will be left with no other form of public transport. In such cases, a recommendation for extension of an existing contract or contracts until December 2013 may be sought to allow time for alternative facilities to be explored (such as voluntary community transport).

Exemption from Call-in

On 10 January 2006 Council agreed an amendment to the Constitution which means that the County Council's call-in procedure should not apply to any decision on the letting of a contract arising from termination of an existing contract if the time available is such that allowing for call-in would result in service discontinuity, provided that all members of the relevant Scrutiny Committee had been informed of the circumstances of the decision to be made and had had an opportunity to make representations to the decision maker about it. Since existing subsidy contracts will inevitably end on 1 June 2013, the effect of any call-in would be to prevent introduction of any replacement contracts, thus resulting in complete withdrawal of the services concerned and a consequent service discontinuity. The 10 January 2006 amendment therefore applies.

With regard to that provision, local members and Growth and Infrastructure Scrutiny Committee Members will be advised of the recommended contract awards at least one week before the date of this meeting, which will allow them the opportunity to put their comments in writing or arrange to speak at the meeting.

The above arrangements are separate from the provisions of the Public Contracts Regulations 2006 which allow a 10 day 'cooling-off' period for contractors who have any grievance with regards to the tender awards or processes. Successful tenderers will be advised of the outcome as soon as possible after the meeting so that they will be in a position to register services with the Traffic Commissioners before the end of the 10 day period if necessary. Because of this it will not be possible to disclose any information to the public in respect of the tender awards until before Monday 1 April 2013 (the tenth day of the 'cooling-off' period being the preceding Sunday).

Contract Numbering

Contracts have been given a letter code in the first column of each Annex (and also in any references to the service within this report) and members are recommended to use this code for cross-reference purposes. Existing service and contract numbers are mentioned, for members' information only, in the service descriptions. Both service and contract numbers may change following the award of new contracts.

Contract Termination

Contracts may be terminated on any date by mutual agreement in writing between the parties, or by either party notifying the other of intended termination at not less than 16

CMDDL13E

weeks' notice prior to one of the two annual authorised change dates.
