Performance Scrutiny Committee 16 December 2013

Annex 5 – Addenda

Summary of councillors' comments from the briefings on the budget proposals

Performance Scrutiny is keen to ensure that all elected members have the opportunity to be involved in the Service and Resource Planning Process. It arranged for all directorates to hold briefing sessions for councillors between 25 November and 3 December.

The sessions, chaired by the Chairman of the Performance Scrutiny Committee gave members the opportunity to understand the proposed savings that are now presented to Performance Scrutiny Committee.

The sessions enabled councillors to understand the scale of the financial challenge faced by the council, and provided an opportunity to explore the broader context around the proposals as well as questioning Directors about the impact on the public and delivery issues. This approach was welcomed by councillors. Performance Scrutiny will take these discussions and issues into account in its consideration of the budget proposals, and in its feedback to Cabinet.

The areas of interest that were raised by councillors in the sessions are set out by service area below;

Children, Education & Families

- Staff redundancies
- Integration of early intervention and children's services and member involvement
- Early Intervention Service
- Children's centres
- Music service
- Attendance service
