ADDENDA 2

3. Petitions and Public Address (Pages 1 - 2)

List of speakers attached

6. Core Schemes - Traffic Filters ETRO Approach

In relation to Annex 4 – Summary of Stakeholder Responses

The following response was received late:

Natural England (NE)

NE supports the conclusions of the Habitats Regulation Assessment Stage 2 (appropriate assessment) and considers that the proposed six trial traffic filters will not have any adverse effects on the integrity Oxford Meadows Special Area of Conservation. It therefore has no objection to the proposals.
