Declarations of Interest

The duty to declare.....

Under the Localism Act 2011 it is a criminal offence to

- (a) fail to register a disclosable pecuniary interest within 28 days of election or co-option (or re-election or re-appointment), or
- (b) provide false or misleading information on registration, or
- (c) participate in discussion or voting in a meeting on a matter in which the member or co-opted member has a disclosable pecuniary interest.

Whose Interests must be included?

The Act provides that the interests which must be notified are those of a member or co-opted member of the authority, **or**

- those of a spouse or civil partner of the member or co-opted member;
- those of a person with whom the member or co-opted member is living as husband/wife
- those of a person with whom the member or co-opted member is living as if they were civil partners.

(in each case where the member or co-opted member is aware that the other person has the interest).

What if I remember that I have a Disclosable Pecuniary Interest during the Meeting?.

The Code requires that, at a meeting, where a member or co-opted member has a disclosable interest (of which they are aware) in any matter being considered, they disclose that interest to the meeting. The Council will continue to include an appropriate item on agendas for all meetings, to facilitate this.

Although not explicitly required by the legislation or by the code, it is recommended that in the interests of transparency and for the benefit of all in attendance at the meeting (including members of the public) the nature as well as the existence of the interest is disclosed.

A member or co-opted member who has disclosed a pecuniary interest at a meeting must not participate (or participate further) in any discussion of the matter; and must not participate in any vote or further vote taken; and must withdraw from the room.

Members are asked to continue to pay regard to the following provisions in the code that *“You must serve only the public interest and must never improperly confer an advantage or disadvantage on any person including yourself”* or *“You must not place yourself in situations where your honesty and integrity may be questioned.....”*.

Please seek advice from the Monitoring Officer prior to the meeting should you have any doubt about your approach.

“The Council’s Procurement procedures have been the subject of concern for some time. At the latest Audit and Governance Committee meeting, the subject of a claim made over a breach of Procurement procedures by the Council was considered. This breach of procedure has cost the Council, and hence Oxfordshire taxpayers, £1.6 million in compensation and legal costs.

Council notes that the role of the Audit & Governance Committee is to ensure that the Council's procedures are robust, that taxpayer's money is controlled properly and that it is spent wisely.

The timeline provided to the Audit and Governance Committee meeting on this matter shows that the Portfolio Holder and the Chair of Audit and Governance were both aware of the breach and cost of out of court settlement in February 2020, but the Committee was only informed in January 2021. Council believes that by withholding this information from the Audit and Governance Committee for 11 months, the Executive failed to act in the interest of Oxfordshire taxpayers.

Council commits to ensuring that, in future, in the interests of transparency and good governance, any breaches of procedure are made known to members of the Audit and Governance Committee as soon as they are known to the Executive, and that committee members are allowed to see any reports relating to such breaches of

procedure (redacted as necessary), following any reasonable request from members of that committee and assuming there is no legal reason why such documents should be with-held.

7. Motion by Councillor Eddie Reeves

“This Council fully recognises the value of the much-loved Horton General Hospital to the residents of Banbury and its surrounding catchment area, which uniquely covers four counties.

Local efforts to retain acute services at the Horton have been welcomed by Councils at all tiers in recent months and by community groups and residents alike. This Council’s position has always been that the Horton’s future should be as a fully functioning General Hospital complementing the world-class services at both the John Radcliffe Hospital and Churchill Hospital so as to build on Oxfordshire’s enviable reputation – both nationally and internationally – as a centre for excellence in healthcare. That remains unequivocally the case today.

This Council is encouraged that Oxford University Hospitals NHS Foundation Trust (OUHFT) and the Oxfordshire Clinical Commissioning Group (OCCG) have listened to the strong representations of residents, Councillors and community groups (notably, Keep the Horton General) in recent years and those of Victoria Prentis MP and this Council welcomes steps taken by both OUHFT and OCCG to develop a masterplan for the Horton without delay.

For its part, this Council resolves to do all it can to support the advancement of this vision and commits to reviewing options with Councils at other tiers with a view to supporting OUHFT and CCG-led redevelopment plans so as to deliver an improved facility on the hospital’s existing site or at a new and improved one within the Banbury area that is accessible to residents across the Horton’s unique four-county catchment area.”

8. Motion by Councillor Susanna Pressel

“Officers are developing a small scheme for a workplace parking levy (WPL) across one section of East Oxford. If that scheme is approved, the revenue it generates will be spent on just one new bus route to serve only those commuters who would otherwise drive to work in that “eastern arc”.

This is a step in the right direction, but we need to be far more ambitious. A larger scheme would do far more to help us achieve our climate action goals; and to reduce congestion and improve air quality; Crucially it would generate far more ring-fenced revenue to spend on better public transport to benefit all our residents as well as just a few commuters.

The WPL in Nottingham has so far raised more than £75 million (at least £10m each year), which the council has spent on public transport, including an electric bus network.

The Transport Act 2000 says that the regulations for WPLs are designed to be

flexible. The only restriction on WPLs is that “a scheme may only be made if it facilitates the policies set out in the Local Transport Plan (LTP)”. As a Standard Note from the House of Commons Library puts it: the regulations “aim to create maximum flexibility as to how and where the money raised is spent”.

Council requests that the Corporate Director Environment & Place considers expanding the WPL scheme and developing a business case for Connecting Oxford that covers a much wider area and not just the “eastern arc”.

9. Motion by Councillor Stefan Gawrysiak

“The County Council will consider environmental weight restrictions across the County, particularly areas which are subject to significant levels of HGV traffic, prioritising the towns of Burford, Chipping Norton and Henley-on-Thames. However, the county council is very unlikely to have any funding available for this in the coming years so any schemes would need to be funded through development and/or by local communities, businesses and town/parish councils.

This policy clearly states that Henley is subject to significantly high levels of HGV traffic. Henley is also an AQMA area which means we have significant pollution.

Council calls upon the Corporate Director for Environment and Place to complete the necessary studies in the event that funding to cover the whole cost is secured through development and/or by local communities, businesses and town/parish councils and would not fall on the OCC.”

10. Motion by Councillor Damian Haywood

“It is a sad reality that up and down the country, roads around schools have become plagued with a surge of traffic concentrated over a 50-minute period at drop off and pick up times. This results in increased risks of collisions with vulnerable road users and other motorists, unlawful parking, traffic jams, road rage. People on foot and cycling are left with the feeling that roads are no place for them. This has implications for everyone especially children.

Statistics from the Department of Transport reveal that 14% of children killed on Great Britain’s roads in 2018 were during the morning school run (7-9am) and 23% after school between 3-5pm. Furthermore, Kings College London found that children are exposed to levels of NO₂ five times higher when travelling to school in the morning than while at school.

For the past 30 years, children have been progressively removed from the roads which have been abandoned to motor vehicles. This created a vicious circle: traffic makes the roads unsafe so parents will drive their children everywhere.

It’s time to create a virtuous circle by supporting families to switch to active travel by making it easier for parents and children to get to school in more environmentally friendly ways by restricting non-essential vehicles from roads surrounding schools at the start and finish of the school day. This Council asks the Corporate Director Environment and Place to develop a rolling programme of school streets across the

County.”

11. Motion by Councillor Arash Fatemian

“This Council was profoundly disappointed to hear the view of Liberal Democrat MP Layla Moran who, when asked on BBC Question Time (18 February) about curbs on free speech in our universities, claimed that it “should not be a priority right now” only days after moderate academics had written compellingly about professional attacks suffered by them.

As a county with a number of first-class schools and colleges, excellent public libraries and two leading universities, and with a great many residents employed by this Council and others in the Education profession, this Council:

- i) Publicly deplores the position held by the MP for Oxford West and Abingdon;
- ii) reaffirms in the strongest possible terms that it believes in freedom of speech everywhere, particularly in our schools, colleges, public libraries and universities;
- iii) believes that students – whether at school, college or university – should be taught how to think, not what to think;
- iv) offers reassurance to students, teachers and academics throughout this county that we will continue to work with our schools, public libraries and other educational institutions to ensure that views can be expressed without fear of retribution or persecution;
- v) asks the Leader to write to all local MPs, schools, public libraries and higher and further education establishments in Oxfordshire clearly outlining this Council’s stance;
- vi) asks the Leader to write to the MP in question, inviting her to reconsider the insensitive implications of her remarks, which serve only to condone abuse, rather than promote open, liberal and diverse debate.”
