

Is self-directed support making a difference to your life?

Help us to find out

REVIEW QUESTIONNAIRE

What is this questionnaire about?

This questionnaire is being used by Oxfordshire County Council to evaluate the impact of self-directed support on the lives of people who take it up.

This version of the questionnaire is to ask you if self-directed support has made a difference to your life, and is to be used ***around the time of your review.***

You can:

- Read the questionnaire and answer the questions yourself;
- Ask someone to read the questions to you for you to answer;
- Or answer the questions with help from someone you know and trust.

If you agree, there are two ways that the answers you give to this questionnaire can be used by Oxfordshire County Council. Whatever you agree to, your personal details will not be shared with anyone outside Oxfordshire County Council and no-one outside Oxfordshire County Council will be able to identify you from your answers.

The first way we can use the information is to evaluate how well self-directed support is working locally. Please look at the box below and say whether you agree to your answers being used in this way.

Agreement 1

I agree that Oxfordshire County Council can use the information I give in this questionnaire to evaluate how well self-directed support is working locally.

I understand that my personal details will not be shared by anyone outside Oxfordshire County Council.

Yes, I agree

No, I do not agree

The second way we can use the information is to put your answers (but not your personal details) together with answers from people in other areas, with help from Lancaster University. Lancaster University is helping us to put our information together with information from other areas to understand how well self-directed support is working nationally, and to improve the questionnaire. This will involve writing reports that will be available to the public, but these reports will only be about large groups of people and you will not be able to be identified in any reports that are written.

Agreement 2

I agree that Oxfordshire County Council can pass the answers I give in this questionnaire (but not my personal details) to Lancaster University, for them to help us get a national picture of how well self-directed support is working.

Yes, I agree

No, I do not agree

If you have agreed, we will send a copy of every completed questionnaire to Lancaster University at the address below:

Professor Chris Hatton, Division of Health Research, Lancaster University, Lancaster, LA1 4YT

Oxfordshire County Council will fill in the user ID and the date completed, and keep the questionnaire on file.
