

Governance Review 2014 Summary of member survey responses

Overview

The survey of councillors showed an overall satisfaction with the governance arrangements and that the changes are considered to have been beneficial in engaging members further and achieving a closer focus on the business of the Council. There is a consensus that the arrangements should be allowed to bed down and that no major changes are necessary. Key points:

- Locality Meetings: the big success of the new governance arrangements, Locality Meetings are perceived to be working very well; the challenge now being to ensure that they achieve greater level of engagement with service and policy development
- Cabinet Advisory Groups (CAGs): CAGs are regarded as a useful aspect of the Council's governance; the challenge now being to raise their profile among members and ensure they are contributing effectively and visibly
- Keeping members informed: an encouraging outcome has been that members feel they are generally being kept informed about issues affecting their area
- Cabinet: overall satisfaction; the challenge now being how to action the Leader's willingness to engage members more fully
- Scrutiny: overall satisfaction with arrangements and an aspiration to achieve a more targeted focus on key issues and performance
- Council: the challenge is to improve the efficiency of Council business (e.g. through clarification of the procedure rules)

Overview

Members were presented with several 'ratings questions' and then were invited to comment. More councillors responded to the 'ratings' than gave comments.

Therefore, what follows indicates the overall response. Responses to the ratings questions have been shown as % of councillors responding to the question.

Comments, being more subjective, have been given simply as 'the numbers of councillors making the point'. They serve as illustration only. In some cases, given the low numbers making the point, the issue cannot reliably be seen as representative of a particular issue or concern.
