

## **Cost of Living Update and Proposed Use of Funding in 2024/25 and 2025/26**

The 2024/25 cost of living programme has successfully delivered £9m cost of living funding to Oxfordshire residents. This has included launching a new Resident Support Scheme, providing £0.610m crisis grants to 1,100 households up to January 2024. In addition, £1.550m cost of living support was paid to 3,400 qualifying residents who missed out on national funding, a take up rate of over 84%.

In the last three years funding has been provided in the form of the Household Support Fund (HSF), with the fourth iteration providing £6.7m grant funding for the current financial year. In 2023/24 this has been supplemented by £2.3m one – off funding agreed as part of the council's budget in February 2023 as well as £0.5m from the emergency welfare fund (funded from the COVID-19 reserve), to create the 2023/24 Cost of Living programme as set out in the report to Cabinet in March 2023.

As part of the Budget Statement on 6 March 2024 the government announced £0.500m funding nationally for a six month extension of the Household Support Fund at the current level from April to September 2024. Further information is awaited on the council's allocation and grant conditions.

Monies provided through the 2023/24 Household Support Fund (HSF4) are required to be spent by 31 March 2024 or otherwise returned to government so priority has been given to ensuring this funding is fully spent. In the absence of any previous information about further funding in 2024/25, projects within the programme have been prudently managed in 2023/24 to minimise the need to draw down from the emergency welfare fund, rather than being recycled into other projects on the basis that this would mean there was some resource for welfare projects in 2024/25 when the HSF was expected to have ended.

The extension of the HSF means that plans can be made for a new programme of expenditure in the first half of 2024/25. The largest item of expenditure in the Cost of Living programme has been support with food costs for families of children entitled to Free School Meals (FSM), at £3.5m. Given that the announcement of a fifth round of HSF (HSF5) provides more cost of living funding in 2024/25 than previously anticipated, it is proposed to use £0.5m from the 2023/24 Cost of Living programme to meet the costs of providing FSM equivalent support during the 2024 Easter Holidays. This funding will be provided to schools ahead of the Easter holiday period to allow them to purchase the support.

A £0.380m allocation from the Budget Priorities reserve to match fund council tax discount schemes for people on low incomes was agreed by Cabinet on 20 September 2022. Based on take up across all the districts £0.054m of this funding was not needed in 2023/24.

The following actions are proposed to maximise the cost of living and financial inequality resource in 2024/25:

- £0.5m unspent funding from the 2023/24 cost of living programme will be used to fund equivalent holiday support for free school meals in the Easter 2024 school holiday.
- £0.054m not required to be drawn down from the Budget Priorities reserve will be held in the reserve and used to increase the 2025/26 emergency welfare fund to £0.354m<sup>1</sup>.
- A report to Cabinet in early 2024/25 will set out proposals for the use of HSF5 as well as other opportunities for tackling financial deprivation and inequality, including the utilisation of additional funding included in the 2024/25 budget.

The table on the next page provides a summary of the financial position for the funding included in the 2023/24 budget.

<sup>1</sup> £0.2m funding that was originally expected to support the emergency welfare fund in 2025/26 was brought forward into 2022/23 by a Cabinet decision in September 2022 in order to accelerate cost of living support during the most acute period of inflation and uncertainty related to the anticipated end of the energy price cap.
