Alteration description

4. A description of the proposed alteration and in the case of special school proposals, a description of the current special needs provision.

Current numbers of 3 and 4 year olds on Madley Park are high and the school has seen a sustained increase in demand for places over the last two years. In September 2009 the school will admit 45 pupils against an admission number of 30, and data indicates that this level of demand will be sustained. The Local Authority therefore proposes to increase the admission number at the school from 30 to 45 on a permanent basis from September 2010.

To accommodate this increase, by September 2012 two new classrooms will need to be built, along with other spaces in line with DCSF Building Bulletin 99. Until then the school has sufficient capacity, although some alterations have been required to accommodate the additional reception class children arriving in September 2009.

School capacity

5.—(1) Where the alteration is an alteration falling within any of paragraphs 1 to 4, 8, 9 and 12-14 of Schedule 2 or paragraphs 1-4, 7, 8, 18, 19 and 21 of Schedule 4 to The School Organisation (Prescribed Alterations to Maintained Schools) (England) Regulations 2007, the proposals must also include—

- (a) details of the current capacity of the school and where the proposals will alter the capacity of the school, the proposed capacity of the school after the alteration;

The current net capacity of the school for Years 1-6 is 205. In the first instance, the net capacity will not be increased, as the school was built with two more classes than required for a 1 form entry to allow for future growth. The construction of two more classrooms by September 2012 will bring the net capacity to 270 in Years 1-6.

- (b) details of the current number of pupils admitted to the school in each relevant age group, and where this number is to change, the proposed number of pupils to be admitted in each relevant age group in the first school year in which the proposals will have been implemented;

Currently 30 children are admitted to each age group. It is proposed to increase this to 45 pupils for the Reception class from September 2010.

- (c) where it is intended that proposals should be implemented in stages, the number of pupils to be admitted to the school in the first school year in which each stage will have been implemented;

Not applicable.

- (d) where the number of pupils in any relevant age group is lower than the indicated admission number for that relevant age group a statement to this effect and details of the indicated admission number in question.

At the pupil census of January 2009 only Year 5 (9-10 year-olds) had fewer children than the indicated admission number (23 pupils).

(2) Where the alteration is an alteration falling within any of paragraphs 1, 2, 9, 12 and 13 to 4, and 7 and 8 of Schedule 2 or paragraphs 1, 2, 8, 18 and 19 of Schedule 4 to The School Organisation (Prescribed Alterations to Maintained Schools) (England) Regulations 2007 a statement of the number of pupils at the school at the time of the publication of the proposals.

At the pupil census of January 2009 there were 172 pupils in Years 1-6 (with another 78 in the Foundation Stage).

Implementation

6. Where the proposals relate to a foundation or voluntary controlled school a statement as to whether the proposals are to be implemented by the local education authority or by the governing body, and, if the proposals are to be implemented by both, a statement as to the extent to which they are to be implemented by each body.

Not applicable

Additional Site

7.—(1) A statement as to whether any new or additional site will be required if proposals are implemented and if so the location of the site if the school is to occupy a split site.

No new site will be required.

(2) Where proposals relate to a foundation or voluntary school a statement as to who will provide any additional site required, together with details of the tenure (freehold or leasehold) on which the site of the school will be held, and if the site is to be held on a lease, details of the proposed lease.

Not applicable

Changes in boarding arrangements

8.—(1) Where the proposals are for the introduction or removal of boarding provision, or the alteration of existing boarding provision such as is mentioned in paragraph 7 or 14 of Schedule 2 or 4 to The School Organisation (Prescribed Alterations to Maintained Schools) (England) Regulations 2007 —

- (a) the number of pupils for whom it is intended that boarding provision will be made if the proposals are approved;

Not applicable

- (b) the arrangements for safeguarding the welfare of children at the school;

Not applicable

- (c) the current number of pupils for whom boarding provision can be made and a description of the boarding provision;

Not applicable

- (d) except where the proposals are to introduce boarding provision, a description of the existing boarding provision.

Not applicable

(2) Where the proposals are for the removal of boarding provisions or an alteration to reduce boarding provision such as is mentioned in paragraph 7 or 14 of Schedule 2 or 4 to The School Organisation (Prescribed Alterations to Maintained Schools) (England) Regulations 2007 —

- (a) the number of pupils for whom boarding provision will be removed if the proposals are approved;

Not applicable

- (b) a statement as to the use to which the former boarding accommodation will be put if the proposals are approved.

Not applicable

Transfer to new site

9. Where the proposals are to transfer a school to a new site the following information—

- (a) the location of the proposed site (including details of whether the school is to occupy a single or split site), and including where appropriate the postal address;

Not applicable

(b) the distance between the proposed and current site;

Not applicable

(c) the reason for the choice of proposed site;

Not applicable

(d) the accessibility of the proposed site or sites;

Not applicable

(e) the proposed arrangements for transport of pupils to the school on its new site;

Not applicable

(f) a statement about other sustainable transport alternatives where pupils are not using transport provided, and how car use in area will be discouraged.

Not applicable

Objectives

10. The objectives of the proposals.

The school has seen a sustained increase in demand for places over the last two years, and applications and local data indicate that a demand for 45 places is likely to be sustained. Other neighbouring schools are either already full or have insufficient space to take these pupils. This proposal is therefore to meet a current and sustained demand for places.

Consultation

11. Evidence of the consultation before the proposals were published including—

- (a) a list of persons who were consulted;
- (b) minutes of all public consultation meetings;
- (c) the views of the persons consulted;

- (d) a statement to the effect that all applicable statutory requirements in relation to the proposals to consult were complied with; and
- (e) copies of all consultation documents and a statement on how these documents were made available.

- (a) A consultation document was sent to:
 - parents of children at both Madley Brook Primary School and Springfield School;
 - staff and governors at both Madley Brook Primary School and Springfield School;
 - county and district councillors for Witney;
 - other primary schools in Witney: West Witney County Primary School; Queen's Dyke School; Tower Hill Community Primary School; Witney Community Primary School; The Batt CE Voluntary Aided Primary School; Our Lady Of Lourdes Catholic Primary School; St Mary's Church of England Infants School; The Blake CE Primary School;
 - early years providers in Witney: Ceewood Pre-school Playgroup; Farmhouse Nursery School; Kindergarton (Thorney Leys); Stepping Stones Day Nursery; Broadhill Pre-school; Cogges Under-5s association;
 - secondary schools in Witney: Wood Green School and Henry Box School.
 - It was also available on the OCC website, and at Witney library.
- (b) There were no public consultation meetings.
- (c) Fourteen responses to the consultation document were received.
 - Ten responses were from parents of children already at the school, or of younger children living in Madley Park. All supported the proposal, several commenting on the importance of attendance at the local school for strengthening the sense of community.
 - One of these parents, while supporting the expansion overall, expressed some concern whether the increase in the ratio of mainstream children at Madley Brook Primary School to special needs children at the collocated Springfield Special School would be overwhelming for the special needs children.
 - Two responses were from early years providers within Witney, both of whom supported the expansion.
 - One response was received from Witney Community Primary School, concerned that the expansion of Madley Brook Primary School would have a detrimental effect on their own roll.
 - The Governing Body at the collocated Springfield School responded in some detail about their concerns. Essentially this school wished to be reassured on the following points:
 - Springfield School's continued equivalent access to facilities shared with Madley Brook Primary School, such as the hall, library and ICT room.
 - Provision of staff facilities such as parking.
 - The effect that increased wear and tear from higher pupils numbers might have on revenue costs to be met by Springfield School.
 - The need for additional storage space.
 - Whether the extension of Madley Brook Primary School would preclude any possible future expansion of Springfield School.
- d) All applicable statutory requirements in relation to the proposals to consult were complied with.
- (e) The full consultation document is attached to this proposal as appendix 1.

Project costs

12. A statement of the estimated total capital cost of the proposals and the breakdown of the costs that are to be met by the governing body, the local education authority, and any other party.

The first phase of works is complete; £60,000 has been funded by the local authority with some additional work funded by the school. An indicative sum of £1m has been incorporated in the forward capital programme against the costs of phase 2 capital works by 2012. The feasibility process to identify firm costs is underway, and a detailed project appraisal will be presented in due course. It is anticipated that capital works will be largely funded by the local authority; a minor contribution may be sought from the school's devolved formal capital.

13. A copy of confirmation from the Secretary of State, local education authority and the Learning and Skills Council for England (as the case may be) that funds will be made available (including costs to cover any necessary site purchase).

£287,733 is being held from S106 contributions towards this expansion. The balance of the cost of these proposals would be prioritised by the local authority and will be included in the next release of the forward capital programme for 2010/11-2011/12, and be confirmed by Cabinet in due course

Age range

14. Where the proposals relate to a change in age range, the current age range for the school.

Not applicable

Early years provision

15. Where the proposals are to alter the lower age limit of a mainstream school so that it provides for pupils aged between 2 and 5—

- (a) details of the early years provision, including the number of full-time and part-time pupils, the number and length of sessions in each week, and the services for disabled children that will be offered;

Not applicable

- (b) how the school will integrate the early years provision with childcare services and how the proposals are consistent with the integration of early years provision for childcare;

Not applicable

(c) evidence of parental demand for additional provision of early years provision;

Not applicable

(d) assessment of capacity, quality and sustainability of provision in schools and in establishments other than schools who deliver the Early Years Foundation Stage within 3 miles of the school;

Not applicable

(e) reasons why such schools and establishments who have spare capacity cannot make provision for any forecast increase in the number of such provision.

Not applicable

Changes to sixth form provision

16. (1) Where the proposals are to alter the upper age limit of the school so that the school provides sixth form education or additional sixth form education, a statement of how the proposals will—

- (a) improve the educational or training achievements;
- (b) increase participation in education or training; and
- (c) expand the range of educational or training opportunities for 16-19 year olds in the area.

Not applicable

(2) Where the proposals are to alter the upper age limit of the school so that the school will provide sixth form education, the proposed number of sixth form places to be provided.

Not applicable

17. Where the proposals are to alter the upper age limit of the school so that the school ceases to provide sixth form education, a statement of the effect on the supply of 16-19 places in the area.

Special educational needs

18. Where the proposals are to establish or change provision for special educational needs—

- (a) a description of the proposed types of learning difficulties in respect of which education will be provided and, where provision for special educational needs already exists, the current type of provision;

Not applicable

- (b) any additional specialist features will be provided;

Not applicable

- (c) the proposed numbers of pupils for which the provision is to be made;

Not applicable

- (d) details of how the provision will be funded;

Not applicable

- (e) a statement as to whether the education will be provided for children with special educational needs who are not registered pupils at the school to which the proposals relate;

Not applicable

- (f) a statement as to whether the expenses of the provision will be met from the school's delegated budget;

Not applicable

- (g) the location of the provision if it is not to be established on the existing site of the school;

Not applicable

- (h) where the provision will replace existing educational provision for children with special educational needs, a statement as to how the local education authority believes that the new provision is likely to lead to improvement in the standard, quality and range of the educational provision for such children;

Not applicable

- (i) the number of places reserved for children with special educational needs, and where this number is to change, the proposed number of such places.

Not applicable

19. Where the proposals are to discontinue provision for special educational needs—

- (a) details of alternative provision for pupils for whom the provision is currently made;

Not applicable

- (b) details of the number of pupils for whom provision is made that is recognised by the local education authority as reserved for children with special educational needs during each of the 4 school years preceding the current school year;

Not applicable

- (c) details of provision made outside the area of the local education authority for pupils whose needs will not be able to be met in the area of the authority as a result of the discontinuance of the provision;

Not applicable

- (d) a statement as to how the authority believe that the proposals are likely to lead to improvement in the standard, quality and range of the educational provision for such children.

Not applicable

20. Where the proposals will lead to alternative provision for children with special educational needs, as a result of the establishment, alteration or discontinuance of existing provision, the specific educational benefits that will flow from the proposals in terms of—

- (a) improved access to education and associated services including the curriculum, wider school activities, facilities and equipment with reference to the local education authority's Accessibility Strategy;
- (b) improved access to specialist staff, both educational and other professionals, including any external support and outreach services;

- (c) improved access to suitable accommodation; and
- (d) improved supply of suitable places.

Not applicable

Sex of pupils

21. Where the proposals are to make an alteration to provide that a school which was an establishment which admitted pupils of one sex only becomes an establishment which admits pupils of both sexes—

- (a) details of the likely effect which the alteration will have on the balance of the provision of single sex education in the area;

Not applicable

- (b) evidence of local demand for single-sex education;

Not applicable

- (c) details of any transitional period which the body making the proposals wishes specified in a transitional exemption order (within the meaning of section 27 of the Sex Discrimination Act 1975).

Not applicable

22. Where the proposals are to make an alteration to a school to provide that a school which was an establishment which admitted pupils of both sexes becomes an establishment which admits pupils of one sex only—

- (a) details of the likely effect which the alteration will have on the balance of the provision of single-sex education in the area;

Not applicable

- (b) evidence of local demand for single-sex education.

Not applicable

Extended services

23. If the proposed alterations affect the provision of the school's extended services, details of the current extended services the school is offering and details of any proposed change as a result of the alterations.

Not applicable

Need or demand for additional places

24. If the proposals involve adding places—

- (a) a statement and supporting evidence of the need or demand for the particular places in the area;

For 2008/09, the school was oversubscribed from within its designated area, receiving 39 first preference applications. For 2009/10 the school has 44 first preference applications, out of 80 total applications. The number of children in the area is growing due to additional housing being built.

Primary Care Trust records and the annual census of children in the age group based within the school's catchment area in private, voluntary and independent settings are indicating strong growth in demand in Witney.

Our current forecasts for school demand in Witney, based on demographic data (births, fertility rates and details of new housing), as well as historical patterns of parental preference, show that by 2011 there will be a shortfall of 33 reception places across the town if all schools remain at their current admission numbers; by 2015 this shortfall will rise to 50. This only includes the impact housing included in approved planning permissions and district council approved housing allocations within the structure plan; it does not include the likely increased allocations of housing to be published in the current district council Local Development Framework consultations.

- (b) where the school has a religious character, a statement and supporting evidence of the demand in the area for education in accordance with the tenets of the religion or religious denomination;

Not applicable

- (c) where the school adheres to a particular philosophy, evidence of the demand for education in accordance with the philosophy in question and any associated change to the admission arrangements for the school.

Not applicable

25. If the proposals involve removing places—

- (a) a statement and supporting evidence of the reasons for the removal, including an assessment of the impact on parental choice;

Not applicable

- (b) a statement on the local capacity to accommodate displaced pupils.

Not applicable

Expansion of successful and popular schools

25A. (1) Proposals must include a statement of whether the proposer considers that the presumption for the expansion of successful and popular schools should apply, and where the governing body consider the presumption applies, evidence to support this.

(2) Sub-paragraph (1) applies to expansion proposals in respect of primary and secondary schools, (except for grammar schools), i.e. falling within:

(a) (for proposals published by the governing body) paragraphs 1 and 2 of Part 1 to Schedule 2 and paragraphs 12 and 13 of Part 2 to Schedule 2; ;

(b) (for proposals published by the LA) paragraphs 1 and 2 of Part 1 to Schedule 4.

of the Prescribed Alteration regulations.

(3) Whilst not required by regulations to provide this information for any LA proposals to expand a voluntary or foundation school, it is desirable to provide this below.

This is a popular school, as shown by the high level of first preference applications for 2008 and 2009. The school's Ofsted report of October 2008 stated that "Parents are very positive about the school and how it cares for their children. One parent reflected the views of many when commenting, 'We couldn't have wished for a better start to our children's education. This is a great school.' "

The school already evidences success, and has the capacity for greater success in the future. In 2007, the number of Key Stage 2 children reaching or exceeding the expected level of attainment was above county and national averages. The school had the highest average point score and the highest contextual value added score in the town.

The 2008 Ofsted report noted that, although standards have varied significantly over time, because of the high numbers of pupils joining the school, standards are now rising, and the school's monitoring shows that more pupils are on track to attain the higher levels in 2009. Ofsted found that the recently appointed headteacher "has a good understanding of the school's strengths and weaknesses, and she is providing a clear direction in school improvement... There is a shared commitment to bring about improvement and, already, good evidence of successful outcomes with improved standards in reading. This demonstrates that the school has a good capacity to improve."

Among the school's strengths, Ofsted noted "From its initial opening in 2003, the school has established a clear identity and developed an excellent and inclusive ethos. There is an outstanding sense of community spirit among pupils, staff, governors and parents.

Excellent links exist with the co-located special school and pupils work and play together extremely well. They show outstanding levels of cooperation, respect and tolerance towards people with different needs. Pupils have an eagerness to learn and participate fully in all the school has to offer. Behaviour is excellent.”

Additional information in the case of special schools

26. Where the proposals relate to a special school the following information must also be provided—

- (a) information as to the numbers, age range, sex and special educational needs of the pupils (distinguishing boarding and day pupils) for whom provision is made at the school;

Not applicable

- (b) information on the predicted rise or fall (as the case may be) in the number of children with particular types of special educational needs requiring specific types of special educational provision;

Not applicable

- (c) a statement about the alternative provision for pupils who may be displaced as a result of the alteration;

Not applicable

- (d) where the proposals would result in the school being organised to make provision for pupils with a different type or types of special educational needs with the result that the provision which would be made for pupils currently at the school would be inappropriate to their needs, details of the other schools which such pupils may attend including any interim arrangements and transport arrangements to such schools;

Not applicable

- (e) where the proposals relate to a foundation special school a statement as to whether the proposals are to be implemented by the local education authority or by the governing body, and if the proposals are to be implemented by both, a statement as to the extent to which they are to be implemented by each body.
