The assessment of the changes from the Cabinet’s proposed budget is set out in Labour & Co-Operative Group Section 3. Council is required to have regard to this report in making their decisions on the budget.

### **Labour & Co-Operative Group Section 4 – Revenue Budget Strategy**

- 5. Labour & Co-Operative Group Section 4.2 sets out proposed budget amendments to Cabinet’s Section 4.2. Therefore, the two sections need to be considered together.

6. In relation to use of earmarked reserves, Labour & Co-Operative Group Section 4.6 amendments set out the changes from the Cabinet's Section 4.6, so the two Sections need to be considered together.
7. Cabinet's Section 4.5 Financial Strategy is unaffected by the Labour & Co-Operative Group amendments except that Section 4.6 notes that forecast reserves would be £1.6m lower as at 31 March 2025 compared to Cabinet Section 4.6.

## **Labour & Co-Operative Group Section 5 – Capital Budget Strategy**

8. Labour & Co-Operative Group Section 5.1 sets out updates to the Cabinet's Capital and Investment Strategy in Section 5.1.
9. Labour & Co-Operative Group Section 5.4 incorporates the changes to the Cabinet's new capital programme proposals at Section 5.3 as amended by Labour & Co-Operative Group Section 5.3.

## **Equality & Inclusion and Sustainability Implications**

10. Overarching summary impact assessments for both equalities and climate, taking into account the overall impact of the budget proposals, are included in Labour & Co-Operative Group Section 4.7 and 4.8 and need to be considered in conjunction with Cabinet Section 4.7 and 4.8.

## **Financial Implications**

11. The Council is required by law to set a balanced budget for 2024/25 before 1 March 2024. Alongside this, there is a requirement under Section 25 of the Local Government Finance Act 2003 for the Chief Finance Officer to prepare a statement on the robustness of the budget estimates and the adequacy of reserves. Labour & Co-Operative Group Section 3 needs to be considered in conjunction with Cabinet Section 3.

**Local Government Act 2003: Section 25  
Supplementary Report by the Executive Director of Resources &  
Section 151 Officer (Chief Finance Officer) based on the Labour  
& Co-operative Group budget amendments**

**Introduction**

1. This paper should be read in conjunction with Section 3 of the Cabinet's Budget and Business Planning Report 2024/25 to 2026/27 which sets out my view of the robustness of the budget estimates recommended by the Cabinet and the adequacy of the level of reserves as required by the Local Government Act 2003. My assurance statement sets out that these are both adequate.
2. This paper sets out an assessment of how the budget changes proposed by the Labour & Co-Operative Group impact on my assurance statement.
3. It is not the role of the S25 assurance statement to comment on the precise mix of changes to expenditure plans and the savings then required to match the funding available, providing the overall combination results in a balanced budget and the estimates on which the calculation is based are robust.
4. The council is required to have due regard to this report when making decisions on the budget. The law expects councillors to consider this advice and not set it aside lightly.

**Budget Assumptions**

5. The following paragraphs set out the changes to the budget assumptions made, together with an assessment of their risk:
  - a) Inflation – One amendment to inflation assumptions is proposed in relation to provider inflation. The Cabinet's proposed budget includes provision for a 6.0% inflation uplift. The adjustment reflects a reduction of 0.5% of the CPI component, effectively providing an overall inflationary increase of 5.85% and thereby reducing costs by £0.3m. Given the scale of the reduction and that there is a provision for inflation risk of £1.5m, this amendment is not considered a material risk.
  - b) Fees and Charges – the amendments include a number of areas within Environment & Place where additional income is expected to be generated, either from better enforcement, improved collection or from new charges. In total by the end of the MTFs period of 2026/27, annual income of £1.2m is anticipated with £0.8m planned for 2024/25. For all proposals, there are investments proposed to ensure the income can be generated which totals £0.8m in 2024/25, meaning the proposals are cost neutral in that year. The income estimates presented are cautious and therefore should be achievable.

## Labour & Co-operative Group - Section 3 amendments

- c) Use of Reserves – the amendments proposed utilize the balance remaining in the Budget Priorities reserve of £0.1m along with £2.3m of the Transformation Reserve to support the proposed investments, of which £1.5m is planned to be used in 2024/25. This reduces the funding added to the Transformation Reserve from £10.0m as proposed by Cabinet to £7.7m. There is a risk that with less funding available, the ability to deliver on the Council's transformation ambitions are reduced. However, given a number of investments in Children's services are aimed at reducing demand, the risk is reduced, and the level of the reserve is considered acceptable. In addition, the Redundancy reserve remains unchanged with £7.4m available to support future redundancy costs.
- d) Capital Programme - the budget amendments include an increase of £1.1m in the annual revenue costs for borrowing to support £19.5m investment in the capital programme. The costs of borrowing remain within 4-5% the council's net revenue stream throughout the MTFS period to 2026/27, in line with the Cabinet's proposed budget and are therefore prudent and affordable.
- a) Demand led pressures – the amendments include additional on-going investment in both the Family Help teams and borrowing costs for further Children's Homes of £0.6m by 2026/27. These proposals are expected to lead to reductions in future demand anticipated to be £0.9m by 2026/27, therefore a net saving of £0.3m is proposed by the end of the MTFS period to 2026/27. Given the modest net impact, the proposals are reasonable.

### Level of total reserves

- 6. The amendments to the Earmarked Reserves and General Balances Policy Statement at Labour and Co-Operative Group Section 4.6 do not have a material impact on the overall level of Earmarked Reserves across the period of the MTFS to 2026/27 and therefore is considered adequate.

### Assurance Statement of the Chief Finance Officer

- 7. The amendments proposed for 2024/25 and across the Medium Term Financial Strategy to 2026/27 provide a very similar overall financial position as that in the Cabinet's MTFS, with a balanced budget for 2024/25. For 2025/26, the amendments proposed provide the same gap between estimated spend and funding streams of £13.9m as for the Cabinet and for 2026/27 the amendments proposed provide a gap between estimated spend and funding streams of £0.1m (compared to -£0.1m proposed by Cabinet).
- 8. As Section 151 officer, I can formally report that in my view the budget amendments proposed by the Labour & Co-Operative Group are robust and the level of reserves adequate, as required by the Local Government Act 2003.

## **LABOUR & CO-OPERATIVE PARTY BUDGET AMENDMENT 24/25 LEADER OF THE GROUP OVERVIEW**

I would like to start by thanking our Officers for the work they have done in putting together the Minority Administration Budget which we have before us today. I would particularly like to thank all those who work in Finance.

Our Executive Director for Resources and Section 151 Officer has through many turbulent years given exemplary service to Oxfordshire. The Finance Team has also given support to the Labour & Co-operative Group's Finance and Corporate Services Spokespeople, Cllr Baines and Cllr Phillips, who I also thank for their hard work and diligence over the past months as they worked on the Labour & Co-op Amendment.

In putting together our Budget Amendments the Labour & Co-operative Group were mindful of the economic situation we find ourselves in as a Country, as a County and as individuals.

People are suffering after over a decade of Conservative chaos. Working people are thousands of pounds worse off from falling real wages, soaring mortgages and 25 Tory tax rises. Years of austerity has left public services on their knees, struggling to provide the services our residents need and deserve. Falling life expectancy and worsening inequality means healthcare providers are unable to meet the current need.

Nothing seems to work in Britain. This is having a major impact on Local Government at all levels.

Local Authorities are facing effective bankruptcy as they struggle to meet demand for statutory services. Budgets nationally for Special Educational Needs & Disabilities (SEND) are over £3 billion in debt. In Oxfordshire our reserves will struggle to meet the current and growing £50 million cumulative deficit in the High Needs Block. Home to School Transport is also heavily overspent and the digital system which was commissioned to address this issue failed to deliver. Years of underfunding from Central Government have left our roads in a mess leading to claims being made against the County Council for damage to vehicles. At the same time Council Tax has doubled since 2009/10. This affects the poorest most as they struggle to pay their bills and get access to the overstretched services they need.

Rather than being broken down, barriers to opportunity are being reinforced. Oxfordshire is one of the richest counties in England yet too many people, old and young face poverty and isolation. There are a high number of private schools in the County. Children going to those schools have as much spent on their education in a year as a parent living in poverty has to spend in total. No wonder the gap in attainment is widening and children are growing up anxious and without hope. The number of children facing severe mental health challenges is horrific and services hollowed out by previous cuts struggle to meet demand. Building more equitable communities and supporting our schools as oasis of learning, compassion and understanding needs to be a priority for those responsible for Education. The closure of the Children's Centres when the Coalition Government ended the Sure Start Grant has had an enormous impact on the lives of children and their families as has the chaotic funding of Early Years Childcare and Education. The latest initiative by Central Government could well make the situation worse for our most marginalised families.

Too many older and disabled people are trapped in poverty with the services they need at breaking point and left in homes which they struggle to keep warm. We need to be addressing this injustice urgently. The use of the 'Oxfordshire Way' in strong, resilient communities works well. But we need to build resilient communities across the entire County to ensure inclusion and equity. We must leave no one behind.

Putting the spotlight on the communities with the greatest disadvantage helps Local Authorities break down barriers to opportunity in those communities, but the challenge is to support those who live elsewhere as well. Those who cannot get out of their freezing homes because they cannot get to the bus stop or there is no bus need targeted transport to meet their needs. Keeping active and engaged should not depend on your income. We need more widely targeted early intervention support across our communities and generations. That is the only way we will ease the demand for the services the state is struggling to deliver. Having better, more reliable public transport, under public control, is necessary if we are to end the reliance on private transport and address the issues of congestion and pollution.

Equity and inclusion need to be our watch words, and this is certainly the case when it comes to digital solutions. If properly designed and delivered by those who need to use them working alongside professions with the knowledge, skills and creativity to design and build solutions we could reduce many of the inequalities experienced by so many people in Oxfordshire. We need to focus on our digital needs rather than solely on what money might be available for projects with limited application. Our Schools and Academy Trusts need to be engaged. Financial access to broadband is not an option for many households and we need to address this urgently. The switchover of landlines has shown starkly the problems faced by many vulnerable households.

Setting a Budget for Oxfordshire County Council was never going to be easy this year. Local Authority Budgets have been hollowed out over the last 13 years, recent Government decisions have almost crashed our economy, put the squeeze on working people and exacerbated demand for key statutory services.

It is these significant challenges that are the focus of the amendment by the Labour & Co-operative Group. Our amendment reflects how a Labour & Co-operative Administration would end sticking plaster politics and adopt a mission driven approach to tackling the issues holding Oxfordshire back.

**We are focused on tackling the priorities of the people of Oxfordshire.**

**Building a financially resilient Council** by securing the long-term financial health of the Council and maximising the social impact of every pound spent.

**Tackling the Tory cost of living crisis** by restoring support to local advice centres.

**Making our care system fit for the future** by investing in children's development and strengthening support for families in need.

**Taking back our streets** by bringing buses under public control, fixing our broken roads and giving the public a say on the future of transport.

**Getting Oxfordshire moving** by tackling congestion at source and providing more options for people to get around by walking and cycling.

Should our Amendment be agreed, we will work to ensure the Scrutiny Committees make certain the agreed Budget is implemented in full, and that the money is spent effectively to the benefit Oxfordshire residents, and that the outcomes of the target expenditure are transparent.

The Labour & Co-operative Group are particularly concerned that we should be constantly evaluating our expenditure in relation to equity and inclusion. This means ensuring that all work by the Council reduces socio-economic inequality.

By example in Children's Services, we want to ensure that SEND Services are delivered across the County closer to where children live. This will stop our most vulnerable children having to spend hours in traffic jams to get to and from school. We also want all our schools to be able deliver trauma informed practices. Children we care for should not be sent miles away from Oxfordshire to live and those who because of age or disability need care should have that care provided appropriately with different enabling interventions available for them and family carers.

Different choices can mean the end of sticking plaster politics and delivering real transformative change for our communities. Let's be bold and build a brighter future for Oxfordshire.

I move the Labour Co-operative Group Amendment (attached).

Leader of the Labour & Co-operative Group

<p><b>Context / Background</b></p> <p>Briefly summarise the background to the policy or proposed service change, including reasons for any changes from previous versions.</p>	<p>Oxfordshire County Council has a legal duty to set a budget by 1<sup>st</sup> March. All budget proposals to be considered by Council at the budget setting meeting must have an accompanying Equality Impact Assessment. This is to advise of any negative or positive implications as a result of the proposed budget allocations to inform decision making.</p> <p>Any adopted proposal that will have an impact, positive or negative, on any protected characteristic or on rural communities, armed forces, carers or areas of social deprivation, will have an individual Equality Impact Assessment completed alongside policy development, to ensure full compliance to our commitment to equality, diversity and inclusion.</p>
<p><b>Proposals</b></p> <p>Explain the detail of the proposals, including why this has been decided as the best course of action.</p>	<p>This impact assessment covers all savings proposals across:</p> <ul style="list-style-type: none"> <li>• Public Health and Community Safety</li> <li>• Adult Social Care</li> <li>• Children’s Services</li> <li>• Environment and Place</li> <li>• Culture, Customer Services, Property and Investment</li> </ul> <p>Details of proposals are set out in the main Budget Amendment paper.</p>

research findings, feedback from service users and stakeholders etc, that supports your proposals and can help to inform the judgements you make about potential impact

- Using the Oxfordshire Joint Strategic Needs Assessment (JSNA) of health and wellbeing needs, and the associated Equalities Briefing, to consider the impact of proposals as they are drawn up and in the development of this overarching assessment. The council's JSNA can be found [here](#);
- Using data and intelligence gathered through implementing our Including Everyone Framework on equalities, diversity and inclusion, which can be found [here](#);
- Directorates follow the council's approach to undertaking Equalities Impact Assessments (EIA). This can include considering at an early stage what impacts each proposal might have on the nine protected characteristics or on wider inequalities, and subsequently setting out greater detail, including any actions identified to mitigate negative impacts. If potential impacts are assessed as significant, individual Equalities Impact Assessments are completed and published to aid understanding and outline mitigations.
- A public consultation process on budget proposals, including the use of a budget simulator to
- A democratic process including debate on all budget proposals before adoption of a budget by Full Council.

### Section 3: Impact Assessment

<p><b>Assessing the evidence and impact on those with the protected and additional characteristics</b></p>	<p><b>Age:</b> Proposals to prioritise prevention in early years and investment in the Family Help Team, along with provision of three new children’s homes, should see a positive impact on children and young people across the county.</p> <p><b>Disability:</b> The proposal to increase early intervention work in Early Years and primary school settings to respond to SEND needs seeks to support transition of 0-5 year old into mainstream education. This is likely to have a positive impact on children with SEND in their formative years.</p> <p><b>Gender Reassignment:</b> No specific issues relating to gender reassignment have been identified as likely to arise as a result of these budget proposals.</p> <p><b>Pregnancy and maternity:</b> No specific issues relating to pregnancy and maternity have been identified as likely to arise as a result of these proposals.</p> <p><b>Marriage and civil partnership:</b> No specific issues relating to marriage and civil partnership have been identified as likely to arise as a result of these proposals.</p> <p><b>Race including ethnic or national origins, colour or nationality:</b> No specific issues relating to race have been identified as likely to arise as a result of these proposals.</p> <p><b>Religion or Belief:</b> No specific issues relating to religion or belief have been identified as likely to arise as a result of these proposals.</p> <p><b>Sex:</b> No specific issues relating to sex have been identified as likely to arise as a result of these proposals.</p>
--	---

**Sexual Orientation:** No specific issues relating to sexual orientation have been identified as likely to arise as a result of these proposals.

**Rural Communities:** Proposals to initiate Demand Responsive Transport would increase connectivity in low density areas by providing transportation availability.

**Armed Forces:** No specific issues relating to the armed forces have been identified as likely to arise as a result of these proposals.

**Carers:** The proposal to establish dedicated resource to support self-employed carers could see empowerment of care workers to inform and shape the services on which they rely on.

**Care leavers:** No specific issues relating to care leavers have been identified as likely to arise as a result of these proposals.

#### **Overarching Climate Impact Review of the Labour & Co-operative Group's Proposed Budget Amendments**

#### **Context & Background**

1. This document provides an overview of the potential climate action impact of the Labour & Co-operative group's proposed budget amendments.
2. Further climate assessment will be required should subsequent business cases move through the capital or revenue governance process.

#### **Proposed Revenue Amendments Climate Impact Review**

3. A number of proposals are included in the proposed budget amendments that are likely to support delivery of the council's climate action commitments. These include:
  - 24L&CO12: A feasibility study and implementation strategy for bus franchising. Bus franchising could lead to a more efficient bus system for passengers and the environment.
  - 24L&CO14: Funding for phase four of the school streets scheme and associated active travel activation schemes.
  - 24L&CO15: A feasibility study and pilot around the introduction of new Demand Responsive Transport (DRT) bus services in urban/suburban and rural settings.
  - 24L&CO16: Improvements to how verges are cut and maintained in urban deprived areas, focusing on keeping pathways and cycleways clear to facilitate active travel. This may support active travel but may also represent habitat loss for wildlife in some areas.
  - 2025L&CO28: Introduction of emissions and weight-based charging for on-street and off-street parking.

#### **Proposed Capital Amendments Climate Impact Review**

4. Green infrastructure and active travel projects that are proposed to be added to the capital programme are:
  - 24L&CO18: Pipeline scheme for delivery of active travel initiatives identified as part of the East Oxford Mini-Holland Project.
  - 2025L&CO15: Pipeline of capital projects to ease congestion in built up areas.

Looking ahead here is also a proposal to fund 3 new Childrens Homes between to net zero standards.
