

## Health Overview & Scrutiny Recommendation Response Pro Forma

*Where a joint health overview and scrutiny committee makes a report or recommendation to a responsible person (a relevant NHS body or a relevant health service provider[this can include the County Council]), the Health and Social Care Act 2012 and the Local Authority (Public Health, Health and Wellbeing Boards and Health Scrutiny) Regulations 2013 provide that the committee may require a response from the responsible person to whom it has made the report or recommendation and that person must respond in writing within 28 days of the request.*

*This template provides a structure which respondents are encouraged to use. However, respondents are welcome to depart from the suggested structure provided the same information is included in a response. The usual way to publish a response is to include it in the agenda of a meeting of the body to which the report or recommendations were addressed.*
