Following the success of last year's event the South East Fire Improvement Partnership (SEFIP) is pleased to announce the second Operational Diversity event for fire & rescue services.

Working in partnership with the IDeA, SEFIP has put together a programme which will provide practical advice and information on how to deal with diversity issues in the fire & rescue service through a mix of presentations and discussions. It will also provide an opportunity to look at progress within the region and share best practice with colleagues.

You'll also be able to gather information from organisations such as South East Employers, British Dyslexia Association, National Autistic Society and MIND on how to embed operational diversity into your fire & rescue service.

Who should attend?

The event is intended for elected Members of FRAs, senior managers, equality & diversity practitioners and anyone who is interested in operational diversity in the fire & rescue service.

Invited speakers include:

- John Bonney - President of CFOA
- Ann Millington - Director of HR at Kent FRS
- Parliamentary Under-Secretary of State for Fire & Resilience
- National Autistic Society
- British Dyslexia Association
- MIND
