## Addenda 3 Updates to the Administration Budget Sections 4.2 and 5.1

## 8. Budget and Business Planning 2024/25 - 2026/27 (Pages 1 - 20)

A revised Section 4.2 is attached.

The following paragraph should be added to Section 5.1 Capital Investment Strategy

## Proposed Programme for 2024/25 – 2033/34

In addition to the proposed pipeline schemes, there are a number of schemes already in the capital programme that require forward funding to progress. £1.55m investment is proposed to progress the Traffic Filters scheme and £4.0m funding for the further development of the Zero Emissions Zone in Oxford. Forward funding of £4.0m is also proposed to develop the NW Bicester A4095 scheme and £0.8m to progress the feasibility phase of the A40 Underpass. Both of the latter schemes are expected to unlock future Section 106 funding from developers.

24AD3	Due to a national shortage of qualified social workers and occupational therapists, recruitment into operational social work teams can take time. Adult Services launched a refreshed approach to recruitment in 2023/24, including investment in new professional leadership and development roles specifically the Principal Social Worker and Principal Occupational Therapist. As this approach was embedded there was expected to be a one-off saving in 2023/24 whilst vacancies were filled. This falls out from 2024/25 so the budget will be reinstated.	1,000			1,000
24AD4	The council is committed to supporting people to live independent healthy lives in their own homes. 24AD12	Continue to work with residents, the voluntary sector, health partners, and community groups to deliver The Oxfordshire Way. This means that people will be enabled to live healthy lives in their own homes for as long as possible. We will ensure that people do not enter into residential care when there is a better outcome that they could achieve by accessing equipment, technology, or Extra Care Housing.	-350	-175		-525
24AD13	The Oxfordshire health and social care system is dedicated to supporting people to return home to continue their recovery after a period of hospital based care. The Council will work with system partners to ensure that where people do require a period of bed based recovery in a nursing home or community hospital, they are supported to return home as quickly as possible by accessing the full range of statutory and voluntary services that can support people to remain independent and healthy in their own homes.	-495			-495

23CS5	Children's Placement Demography and Price Inflation - increase to existing planned demography of £4.0m. COVID-19 has had an impact in this area due to more children being in placements than expected, for longer periods of time, along with an unusually large increase in the unit price for a placement. The demographic increases link to delays in courts and changes in individual circumstances resulting in children spending longer in care than they may have done.	100	100		200
24CS32	Home to School Transport: There is a significant increase in the number of students needing an Education, Health and Care Plan (EHCP). 33% of students with an EHCP require transport and the student increases are estimated at 11% in 2024/25 and 9% in 2025/26.	1,500	1,200		2,700
