<b>Decision date:</b>	15 January 2025
<b>Source of delegation:</b>	General delegation under the Council's Constitution using Public Health Financial Scheme of Delegation.

<b>Purpose:</b>	Increased capacity of a service that the Council holds a contract for to improve the health and wellbeing of resident by addressing fuel poverty.
<b>Reasons:</b>	To allow funds to be released to the service provider to deliver the service commissioned.
<b>Other options considered:</b>	Provide service in house. There is no existing mechanism to do this and this is why the service was commissioned. Not to spend the money. This would be against the decision made in Cabinet to spend the money in this way.
