

Decision Maker:	Director of Environment & Highways
Decision Title:	Access to Witney / Shores Green scheme
Decision date:	24 April 2025
Source of delegation:	Key Decision made by Cabinet Member for Travel and Development Strategy dated 15th August 2024 (reference 2024/199)
What decision was made?:	To enter the NEC4 Engineering Construction Contract (Option C) relating to Construction for the Access to Witney and Shore Green scheme between (1) Oxfordshire County Council and (2) M Group Highways Limited.
Purpose:	This Decision will approve the entering into a Works Contract NEC4 Engineering Construction Contract (Option C) awarded under the PAGABO Civils & Infrastructure' Framework (Lot 2) to M Group Highways Limited in relation to the Delivery of the Access to Witney / Shore Green Scheme.
Reasons:	The contract is to be awarded so that the main Construction Works of the Access to Witney and Shores Green scheme can commence.
Other options considered:	The only other alternative is not to award the contract, which would mean the main construction works would not be able to commence, putting the Access to Witney construction programme at risk.
