

Decision Maker:	Director of Public Health & Communities
Decision Title:	Countywide health MOT service contract
Decision date:	27 October 2025
Source of delegation:	General delegation under Council's constitution
What decision was made?:	As above. Agreement in principle on priority areas for allocating the public health grant reserves and public health grant funding, including a workplace health MOT service was made on 19/05/2025 and for a community outreach alcohol IBA advice service on 22/09/2025. Approval for commissioning a combined holistic workplace health MOT service and community health outreach service on 27/10/2026.
Purpose:	Completion of the contract will enable the provider to deliver the workplace and community health MOT service across Oxfordshire.
Reasons:	As above. To encourage early intervention, enhance overall health and wellbeing, tackle inequalities in health outcomes, reduce absenteeism from work, and foster a more resilient workforce and community.
Other options considered:	Do nothing – rejected as this would prevent realization of programme impact To confine the service just to workplaces – rejected as limits the benefits of joining with community provision in terms of funding and outreach
