

Decision Maker:	Head of IT
Decision Title:	Cyber Security Programme
Decision date:	13 May 2026
Source of delegation:	Delegation under Constitution
What decision was made?:	This programme will deliver a coordinated set of cyber security improvements across the council, and supports the Technology Strategy 2025-28 ambition for a 'simple, stable, and secure' technology estate.
Purpose:	This programme will deliver a coordinated set of cyber security improvements across the council, and supports the Technology Strategy 2025-28 ambition for a 'simple, stable, and secure' technology estate.
Reasons:	This decision mitigates increasing cyber risk and ensures the council can continue delivering critical services securely.
Other options considered:	Approval reflects preferred option (option 3 – Do maximum) to deliver all proposed projects and activities. Other options considered: Option 1 – Do nothing – increases risk Option 2 – Do minimum – partial mitigation
