

## Annex E – Contract Termination Terms

The following table details the bus subsidy contract termination terms.

In summary, there are four main types of contract:

- Contracts that can be terminated with 17 weeks' notice, given at any time.
- Contracts that can be terminated with 16 weeks' notice, which can only be given on an "Authorised Change Date" ("the first Sunday following the late Spring bank holiday Monday and the first Sunday in December in any year, or such other day or days in substitution therefor as may be notified to the Contractor by the Council not less than 16 weeks prior to any date affected by such substitution". For more details please see the note at the end of this document\*)
- Contracts that will naturally expire within the next twelve months (or can be extended or re-tendered if required).
- Contracts operated by Oxfordshire County Council which require 16 weeks' notice to be served at any time.

| Service |                            | Contract   | Service  |   |

\*There are currently two "Authorised Change Dates" each year. These are "the first Sunday following the late Spring bank holiday Monday and the first Sunday in December". In order to change an "Authorised Change Date", 16 weeks' notice must be given. This effectively means that a contract can be terminated on one of the two dates above, or with around 32 weeks' notice at any time (16 weeks' notice to change the "Authorised Change Date", plus an additional 16 weeks' notice).
