

Project Title: Brunel (Brunel Pension Partnership)

Full Business Case (FBC)

Document List

LIST OF FULL BUSINESS CASE DOCUMENTS

The Full Business case is made up of a number of documents, which are listed below.

The main Full Business case document has been written as a standalone document that can be provided to Councils with a subset of annexes.

Other forums may require the full set of the main FBC, the detailed cases and referenced documents.

The papers referenced in the cases are categorised into

- Annexes, which are primary references to read with the Full Business Case sections
- Supporting Information, which are secondary references providing further detail or background information.

Those papers that are commercially sensitive or legally privileged are noted as Part II/ Official Sensitive.

The full business case proposal documents are marked *. The details are subject to review during stage 3b
