3 REDUCING RE-OFFENDING

- Criminal Justice and key justice partnerships are engaged in order to establish complementary approaches to diversion and offender aftercare referral (e.g. probation services, custody partnerships including Liaison and Diversion). The timing of the rollout is linked to the delivery of effective rehabilitative treatments including a Victim Awareness Course and drug and alcohol treatment

4 SERIOUS ORGANISED CRIME AND TERRORISM

- Buckinghamshire MASG are planning a pilot programme linked to Prevent referrals; with Counter Terrorism Police SE (CTPSE) delivering training to help staff and partners identify signs of radicalisation. The programme is aimed to improve the quality of quantity of referrals.
- PVP are developing 'Elpis' a multi-agency database enabling better information sharing, risk assessment and data analysis of missing person episodes, with an aim to reduce harm and frequency of missing person episodes.

5 POLICE ETHICS AND REFORM

- The web site for public reporting is providing increased notifications resulting in a reduction in 101 calls and increased operational efficiency.
- The Reading Community Court, a restorative justice pilot scheme has been introduced, aimed at first time offenders between the ages of 10 – 17. The pilot has engaged volunteers from local colleges and the University of Reading, and its aims include creating closure for victims of crime and also provides support with any safeguarding requirements for both victim and offender.
