Learning Disabilities

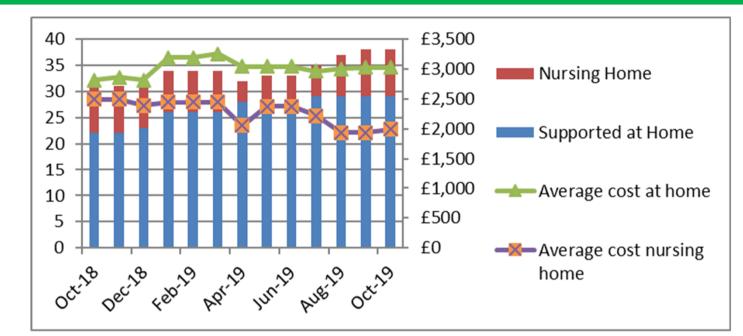

No. of service users within LD

176 people are placed in care homes out of county, a reduction of 2 from the previous report The forecast includes a £3.1m contribution from Adult Social Care to Children's Services. There are currently 57 jointly funded SEN placements in out of county schools and colleges for 18 to 23 year olds recorded in the 19/20 academic year, an increase of 10 compared to the previous year. There is a risk that both the activity and average cost will further increase throughout the year.

Learning Disabilities – Continuing Health Care

Service users supported at home has remained stable since the last report but the average cost has increased up to £3,024. Nursing home placements have remained stable compared to the last report but the average cost has decreased to £1,993.48.

This is a subset of total pool activity on the previous slide

# Health & Wellbeing Board Measures

Measure	Responsible Board	Baseline		Update							Notes
2.1 Number of people waiting a total time of less than 4 hours in A&E	Joint Management Groups	88% (Apr-Nov 18)	tbc	Oct-19	No. 87%	RAG	No. 86%	RAG	No. 84%	RAG	August 2019 saw OUHFT (A&E) fail to reach the 95% national and 90% NHSI agreed performance trajectory targets, achieving 84.09%. This shows a decline from July's performance of 86.83%. OUH A&E is under financia plan with an underspend of £62k thought to be due to a less complex case mix as a result of ECDS implementation. Activity has increased by 11% compared to the same period last year, this appears to be mainly as a result of a low August 2018, as activity has reduced closer to planned levels for August 2019 (now 2.8% over plan compared to 1.2% last month).
2.2 Proportion of all providers described as outstanding or good by CQC remains above the national average	Joint Management Groups	91% Oxon; 86% national. (Jan 2019)	86%	Nov-19	92%	G	92%	G	93%	G	Nov 2019; 93 % of health & social care providers in Oxfordshire are good o outstanding compared with 86% nationally
2.3 Improving access to psychological therapies: The % of people who have depression and/or anxiety disorders who receive psychological therapies	Joint Management Groups	18% (Apr - Nov)	22%	Oct-19	20%		18%	R	20%	G	This is a nationally set target. 20% is year to date figure to July. Actual July figure is 22%.
2.4 The proportion of people who complete psychological treatment who are moving to recovery.	Joint Management Groups	51% (Apr - Nov)	50%	Oct-19	51%	G	47%	R	50%	G	50% is year to date figure to July. Actual July figure is 47%.
2.5 The proportion of people that wait 18 weeks or less from referral to entering a course of IAPT treatment	Joint Management Groups	100% (Apr - Nov)	95%	Oct-19	100%	G	99%	G	99%	G	99% is year to date figure to July. Actual July figure is 99%.
2.6 The % of people who received their first IAPT treatment appointment within 6 weeks of referral.	Joint Management Groups	99% (Apr - Nov)	75%	Oct-19	99%	G	98%	G	99%	G	99% is year to date figure to July. Actual July figure is 99%.
2.7 The proportion of people on General Practice Seriously Mentally III registers who have received a full set of comprehensive physical health checks in a primary care setting in the last 12 months.	Joint Management Groups	23.6%	60%	Oct-19	nya		29%	R	29%		Target is for full year and not trajectory based so in year performance not rated
2.8 Number of people referred to Emergency Department Psychiatric Service seen within agreed timeframe: JR (1 hour); HGH (1.5 hours)	Joint Management Groups	98% JR; 96% HGH (2017/18)	95%	Oct-19	87% JR; 72% HGH	R	77%	R	91% (JR) 83% (HGH)	R	Performance has improved but still issues due to fewer staff at night, increased referrals & staff sickness. Contract review meetings receive a detailed report on breaches and actions to address them. Resource needed to address this issue and a plan is in place to prioritise when the current system focus around AMHT pressure is more stable.
2.9 Proportion of people followed up within 7 days of discharge within the care programme approach	Joint Management Groups	96% (Apr - Dec)	95%	Oct-19	96%	G	98%	G	98%	G	Latest figure Jun 2019
2.10 The proportion of people experiencing first episode psychosis or ARMS (at risk mental state) that wait 2 weeks or less to start a NICE recommended package of care.	Joint Management Groups	75%	56%	Oct-19	89%	G	89%	G	75%	G	August figure
2.11 Increase the number of people with learning disability having annual health checks in primary care to 75% of all registered patients by March 2020	Joint Management Groups	57% (Sep 2018)	75%	Mar-19		R	23%		430		By end August practices delivered 430 checks compared to 480 for the same period in 2018. % to be calculated at year end
2.12 The number of people with severe mental illness in employment	Joint Management Groups	18% Dec 2018	18%	Oct-19	18%	G	22%	G	18%	G	Figure to August
2.13 The number of people with severe mental illness in settled accommodation	Joint Management Groups	96% Dec 2018	80%	Oct-19	96%	G	96%	G	96%	G	Figure to August
2.14 The number of people with learning disabilities and/or autism admitted to specialist in-patient beds by March 2020	Joint Management Groups	9	10	Jun-19	nya		6	G	6	G	
2.15 Reduce the number of people with learning disability and/or autism placed/living out of county	Joint Management Groups	177 (Dec 2018)	< 175	Nov-19	181	A	179	A	176	A	OXFORDSHIRE COUNTY COUNCIL
	2.1 Number of people waiting a total time of less than 4 hours in A&E 2.2 Proportion of all providers described as outstanding or good by CQC remains above the national average 2.3 Improving access to psychological therapies: The % of people who have depression and/or anxiety disorders who receive psychological therapies 2.4 The proportion of people who complete psychological treatment who are moving to recovery. 2.5 The proportion of people that wait 18 weeks or less from referral to entering a course of IAPT treatment 2.6 The % of people who received their first IAPT treatment appointment within 6 weeks of referral. 2.7 The proportion of people on General Practice Seriously Mentally III registers who have received a full set of comprehensive physical health checks in a primary care setting in the last 12 months. 2.8 Number of people referred to Emergency Department Psychiatric Service seen within agreed timeframe: JR (1 hour); HGH (1.5 hours) 2.9 Proportion of people followed up within 7 days of discharge within the care programme approach 2.10 The proportion of people experiencing first episode psychosis or ARMS (at risk mental state) that wait 2 weeks or less to start a NICE recommended package of care. 2.11 Increase the number of people with learning disability having annual health checks in primary care to 75% of all registered patients by March 2020 2.12 The number of people with severe mental illness in employment 2.13 The number of people with severe mental illness in settled accommodation 2.14 The number of people with learning disabilities and/or autism admitted to specialist in-patient beds by March 2020 2.15 Reduce the number of people with learning disability and/or autism placed/living	2.1 Number of people waiting a total time of less than 4 hours in A&E       Joint Management Groups         2.2 Proportion of all providers described as outstanding or good by CQC remains above the national average       Joint Management Groups         2.3 Improving access to psychological therapies: The % of people who have depression and/or anxiety disorders who receive psychological therapies       Joint Management Groups         2.4 The proportion of people who complete psychological therapies       Joint Management Groups         2.5 The proportion of people that wait 18 weeks or less from referral to entering a Course of IAPT treatment       Joint Management Groups         2.6 The % of people who received their first IAPT treatment appointment within 6 weeks of referral. ## **Issues and Risks**

## **Issues and Risks**

- The average cost of service users receiving residential care has continued to increase whilst the average cost of both direct payments and supported living has started to increase following a reduction at the beginning of the year.
- The on-going impact of the increase in the cost of existing Learning Disability packages is being considered through the council's Service & Resource Planning process.
- Transition from Children's to Adult Social Care is being reviewed as part of the co-produced Transitions project.
- There is evidence that there are a significant number of young people transitioning with health and social care needs related to autism.
- The cost of high functioning autism is currently included within the Better Care Fund pool. The relevant service users have been identified and work is ongoing to move the budget and costs associated with these service users into the Adults pool, including a pressure identified as part of the council's Service & Resource Planning process.
