ANNEX 1
Update on Annual Governance Statement Actions 2019/20

Issue	Update	Lead
Property and security:		
"Deliver on the remaining outcomes of the property audit (health and safety), which established the compliance position, post-Carillion: meet the Key Performance Indicators that have has been put in place to address all the main compliance areas,	Ongoing work with Health and Safety Team to progress and deliver the outstanding actions.	George Eleftheriou, Director for Property, Investment and Facilities Management
Establish greater integration between the property and corporate security functions, at managerial and project level.	As reported to this Committee in November 2019, the work to develop a Security Strategy and a more Corporate approach to Security delivery is ongoing. In conjunction with Health and Safety, Emergency Planning, the Fire Service, Social Care and Procurement.	
	In support of this, Facilities Management have designed and carried out an initial fact-finding survey of sites Countywide to look at the current Security position and systems.	
Achieve and maintain prompt renewals of rentals and leases; together with greater level of reporting on the use of properties."	The work of Estates Team function is ongoing and tenure management is being maintained.	
and the second of the second o	Achieved, and the work of Estates Team function is ongoing and tenure management is being maintained.	

Developments and improvements have been made but the delayed PC transformation has had an impact on the full rollout across the Council.	Wayne Welsby, Head of Procurement Contract Management
The Programme Module has been fully implemented to automate the forward procurement pipeline and is now moved to business as usual	
Work has been completed in terms of spend categorisation for significant providers e.g. £100k upwards and circa 700 providers	
Contract Information has improved in quality and provides a quarterly extract that is published on the external website as its Contract Register	
The flexibility of the Atamis product and our existing OCC commercial arrangements for licencing of the Electronic Contract Management Tool (ECMS) has allowed the Cherwell DC data to be included.	
The reporting tools will allow the shared OCC/CDC procurement teams to take a more holistic approach for supplier spend and category management.
