☐ Another form of transport – please state

Our vision for rail in Oxfordshire

The Plan's vision is described on [page 7 of the Summary report](#) for consultation is for our railway to be a central part of a world-class integrated, accessible and sustainable transport system that enables all parts of the county to thrive and:

- ensures that Oxfordshire retains its position of significance within our regional and national economy
- enables significant growth and development, supporting new housing and job creation
- ensures that Oxfordshire's growing communities can fully participate in our economy and in society
- contributes to the protection and enhancement of our natural and historic environment.

Theme: Improving connectivity and enhancing infrastructure

Rail connectivity encompasses the places that are served by the rail network, the rail services that are available and the ease of accessing those services.

The Plan envisions a modern, integrated rail system that improves access and mobility, supports economic growth and development and that better connects communities.

Key proposals under this theme include removing bottlenecks on the rail network and the Oxfordshire Metro concept to create an integrated transport system.

The Oxfordshire Metro concept will provide a higher train service frequency and better integration, connectivity and seamless ticketing between different modes of transport. Further details can be found on [page 10 of the Summary Report](#).

Theme: Climate action

Oxfordshire County Council aims to deliver a [net-zero transport network](#) by 2040.

The Plan's Electrified Railway initiative will electrify the rail network, introduce new high performance electric trains, remove diesel use, improve air quality and support the net zero ambition.

The Plan also includes making existing infrastructure more climate resilient and making stations more sustainable and energy-efficient.

Please indicate important or unimportant you feel rail's role is in helping Oxfordshire tackle climate change?

Theme: Rail as Placeshaper*

The Plan positions rail as a driver of placeshaping helping to create inclusive, connected communities. The Plan promotes integration of rail with active travel, community rail initiatives and improved access for all under this theme.

* Placeshaping is the intentional act of education + place to improve the quality of life for the residents. It fosters community growth and

OxRAIL 2040: Plan for Rail

Let's Talk Oxfordshire

"Placeshaping is the intentional act of changing a place to improve the quality of life for its residents, to foster community growth and support vibrant, sustainable communities. It involves a holistic, strategic approach that integrates various aspects of a place, including its architecture, urban design, community engagement and cultural assets, to create a shared vision for its future and deliver cohesive, resilient environments."
