<p>Re: Carterton – Edith Moorhouse Primary School and St Joseph's Catholic Primary School</p> <p>Lives near the school</p>	<p><b>How do you feel about the proposed location point/s for the school street?</b> Neither support nor oppose Lived in close for 20+ years and have just got used to the school run. With this proposal you are just going to shift parking to another area which next will mean parking permits for which is £££££££ going into your pockets you ever do anything without a long term plan hidden from us</p> <p><b>How do you feel about the proposed use of automatic number plate recognition (ANPR) cameras to enforce the proposed school street?</b> Strongly oppose As written in my first comments</p> <p><b>How do you feel overall about the proposed school street?</b> Strongly oppose As written in my first comments</p>
<p>Re: Carterton – Edith Moorhouse Primary School and St Joseph's Catholic Primary School</p> <p>Lives near the school</p>	<p><b>How do you feel about the proposed location point/s for the school street?</b> Partially support I think the full area proposed is extreme . I think though that Lawton Avenue going down towards Arkell Avenue is a very good idea because it is dangerous when the schools are going in or coming out . This includes Rose close and Spurrett gardens gardens . I have difficulty driving in Lawton Avenue when cars are parked either side of it and have a restricted view of the traffic . However no need to close edgeworth drive and Richens drive as they are not adjacent to the school . Apart from this I think it's an excellent proposal</p>

	<p><b>How do you feel about the proposed use of automatic number plate recognition (ANPR) cameras to enforce the proposed school street?</b> Strongly support</p> <p>Only a long as we are exempt I am happy</p> <p><b>How do you feel overall about the proposed school street?</b> Partially support</p> <p>I think it is a good idea for safety because the road outside the school is very dangerous when cars are parked both sides of the road . It's an accident waiting to happen</p>
<p>Re: Carterton – Edith Moorhouse Primary School and St Joseph's Catholic Primary School</p> <p>Lives near the school</p>	<p><b>How do you feel about the proposed location point/s for the school street?</b> Strongly oppose</p> <p><b>How do you feel about the proposed use of automatic number plate recognition (ANPR) cameras to enforce the proposed school street?</b> Strongly oppose</p> <p><b>How do you feel overall about the proposed school street?</b> Strongly oppose</p> <p>this plan would be very impactful to residents, deliveries to residents, visitors to residents including services ,workmen etc. and potentially affecting house prices and house sales. This inconvenience would be a permanent infringement on homes access to others, with little benefit to users of the school. Edgeworth drive is not the main gate to the school and already has a safe pedestrian pathway leading to it where children can safely walk or cycle etc. so this part of the school street plan does seem unnecessary . Edgeworth drive is already a cul-de-sac so has no through traffic, therefore is already a reasonably safe and quiet road, in fact the only 'busy' period is during school street times! While I see the merits of your scheme, I think the edgeworth drive section is not warranted.</p>
<p>Re: Carterton – Edith Moorhouse Primary School and St Joseph's Catholic Primary School</p>	<p><b>How do you feel about the proposed location point/s for the school street?</b> Strongly oppose</p> <p><b>How do you feel about the proposed use of automatic number plate recognition (ANPR) cameras to enforce the proposed school street?</b> Strongly oppose</p>

Lives near the school	<p>Knowing that an ANPR camera will be tracking my comings and going to my own house is diabolical. Family members visiting people on these streets would also be unable to due to being given a penalty if they come to see us in our own homes. Which is an insane thing to penalise the people of the streets that live near the schools.</p> <p><b>How do you feel overall about the proposed school street?</b> Strongly oppose</p> <p>I do not want myself, my neighbours, my family and friends, my neighbours family and friends to feel like they can't even access the street during the hours proposed. I understand that residents will not be affected as we will have exemption but that does not cover other people who are visiting residents of the area.</p>
<p>Re: Carterton – Edith Moorhouse Primary School and St Joseph's Catholic Primary School</p> <p>Lives near the school</p>	<p><b>How do you feel about the proposed location point/s for the school street?</b> Strongly support</p> <p>I think it's a great idea to make the roads around the school much safer for the children, but unfortunately it's parents parking their cars to either drop off or collect their children that causes more issues due to unsafe parking.</p> <p><b>How do you feel about the proposed use of automatic number plate recognition (ANPR) cameras to enforce the proposed school street?</b> Partially support</p> <p><b>How do you feel overall about the proposed school street?</b> Strongly support</p>
<p>Re: Carterton – Edith Moorhouse Primary School and St Joseph's Catholic Primary School</p> <p>Lives near the school</p>	<p><b>How do you feel about the proposed location point/s for the school street?</b> Strongly oppose</p> <p>At the times proposed the traffic on Richens Drive is very light, and seems like the scheme would cause an inconvenience for little gain.</p> <p><b>How do you feel about the proposed use of automatic number plate recognition (ANPR) cameras to enforce the proposed school street?</b> Strongly oppose</p> <p>As a regular user of hire cars I can envision challenging fines on a regular basis</p> <p><b>How do you feel overall about the proposed school street?</b> Strongly oppose</p>

	It won't eliminate the hazard, money better spent other road safety measures and educating children and parents, 10mph speed limit on those roads at those times would be more practical and reduce the hazard from exempt vehicles as well
Re: Carterton – Edith Moorhouse Primary School and St Joseph's Catholic Primary School  Lives near the school	<p><b>How do you feel about the proposed location point/s for the school street?</b> Strongly support Junction of Carters Close and Lawton AVE is extremely dangerous. Cars park past where the curb turns into Carters Close blocking the view on exit. Parents also park in Carters Close opposite residential dropped curbs blocking access to houses.</p> <p><b>How do you feel about the proposed use of automatic number plate recognition (ANPR) cameras to enforce the proposed school street?</b> Strongly support Would they only be operating at these hours only or would they be active 24/7 but not implementing the school hours.</p> <p><b>How do you feel overall about the proposed school street?</b> Strongly support</p>
Re: Carterton – Edith Moorhouse Primary School and St Joseph's Catholic Primary School  Parent/carer Lives near the school	<p><b>How do you feel about the proposed location point/s for the school street?</b> Strongly oppose I do not agree with the proposed location points for the school street. The plans appear poorly thought through, with little consideration of the wider impact on residents, local traffic flow, and access for parents who genuinely need to drive. Restricting roads in this way risks creating congestion and safety issues elsewhere, simply moving the problem rather than solving it.</p> <p>If the council is committed to improving safety, the focus should be on targeted traffic-calming measures and safe crossing points in the immediate vicinity of the schools, rather than blanket restrictions that inconvenience residents and displace traffic into surrounding streets. The proposed locations are not proportionate and fail to reflect the needs of the whole community.</p>

	<p><b>How do you feel about the proposed use of automatic number plate recognition (ANPR) cameras to enforce the proposed school street?</b> Strongly oppose  I strongly oppose the use of ANPR cameras for the proposed school street. While I support measures that genuinely improve child safety, I do not believe that camera enforcement is the right approach. ANPR is a disproportionate and intrusive tool, raising serious concerns about privacy, data security, and the unnecessary criminalisation of local residents and parents.</p> <p>Safer streets can and should be achieved through less invasive, community-friendly solutions such as traffic-calming measures, better road design, improved crossing points, and visible school patrols. These approaches protect children without resorting to surveillance infrastructure that risks alienating the very community whose cooperation is essential.</p> <p>Installing ANPR cameras sets a worrying precedent, turning school areas into monitored zones rather than fostering trust and responsibility among parents, pupils, and residents. I urge the council to reject the use of ANPR cameras and instead pursue constructive, proportionate, and community-based solutions for road safety.</p> <p><b>How do you feel overall about the proposed school street?</b> Strongly oppose  I strongly oppose the proposed school street scheme as it will cause significant disruption to families and residents without offering a fair or practical solution.</p> <p>I have family who live, and part of my routine is to drive onto my mother-in-law's drive to safely drop my child at school. This would be during the proposed restricted hours, meaning I would effectively be prevented from using a private driveway. My mother also occasionally helps with</p>

	<p>drop-off and pick-up, but she cannot walk far (although she is not a blue badge holder). How is she expected to support us if she is not permitted to park close to the school?</p> <p>The scheme also fails to consider parents who need to travel on to work by 9am. Many working parents rely on their vehicles at school drop-off and simply cannot be expected to park at a distance and walk, adding extra time and stress to the school run.</p> <p>This proposal does not address these real-world issues. It risks penalising families who are already juggling work, childcare, and caring responsibilities. Instead of blanket restrictions, the council should consider practical safety improvements around the school, such as better crossing points, traffic-calming measures, and school patrols, that protect children without unfairly burdening parents and residents.</p>
<p>Re: Carterton – Edith Moorhouse Primary School and St Joseph's Catholic Primary School</p> <p>Parent/carer</p>	<p><b>How do you feel about the proposed location point/s for the school street?</b> Strongly oppose I think it's silly, there's nothing wrong with the traffic for school</p> <p><b>How do you feel about the proposed use of automatic number plate recognition (ANPR) cameras to enforce the proposed school street?</b> Strongly oppose I think it's ludicrous what if we have to take our children to an appointment or collect them for illness during the allotted times we'll get fined for doing so.</p> <p><b>How do you feel overall about the proposed school street?</b> Strongly oppose</p>
<p>Re: Carterton – Edith Moorhouse Primary School and St Joseph's Catholic Primary School</p>	<p><b>How do you feel about the proposed location point/s for the school street?</b> Strongly support It is about time something is being done about this issue. We have lived here for over 30 years and the problem has become progressively worse. You often get blocked in by parents cars who simply don't care if they've blocked residents from leaving or parking. I hope you make it a</p>

	A ridiculous waste of money that will punish residents. This would make me want to move house. <b>How do you feel overall about the proposed school street?</b> Strongly oppose
Re: Carterton – Edith Moorhouse Primary School and St Joseph's Catholic Primary School  Lives near the school	<b>How do you feel about the proposed location point/s for the school street?</b> Strongly oppose I will be blunt I think it is a really dumb Idea and I do not agree with it not one bit <b>How do you feel about the proposed use of automatic number plate recognition (ANPR) cameras to enforce the proposed school street?</b> Strongly oppose I will be blunt I think it is a really dumb Idea and I do not agree with it not one bit <b>How do you feel overall about the proposed school street?</b> Strongly oppose I will be blunt I think it is a really dumb Idea and I do not agree with it not one bit
Re: Carterton – Edith Moorhouse Primary School and St Joseph's Catholic Primary School  Lives near the school	<b>How do you feel about the proposed location point/s for the school street?</b> Strongly oppose Firstly, consideration needs to be made in relation to doing this as do for 1 school in Carterton and others will follow making Carterton gridlocked at a time when people are going to work and accessing the raf base 2.so during term time my life becomes restricted as if I have a gas service that says 8-12pm they would get penalized and eventually I will be as they won't service my boiler as too much trouble! What about deliveries? I don't control when they come and will make this even harder!!! 3.a relative visits frequently and usually end up at my house and leaving at the times you're saying road will be closed or they will be fined - goodbye visits!!! I don't want to move house and I doubt someone would buy my house if this made life restricted for them! 4.why not close the gate on Edgeworth drive permanently? 5.why not bring back lollipop lady on alcescot road? 6. This claims to be a safety tactic but can you give information pertaining to any accidents in these areas which backs this process up?

	<p>7.this is only serves as a money making scheme for the council but they can't find it in their budgets to fix our roads or parks. Other things need to be kept safe first before this as money will be needed to fund this and not happy my council tax is paying for this and my life is dictated by this as a result.</p> <p>8.my husband travels for work and depending on flight times will be picked up/dropped off by a private taxi during these times - so yet again penalized</p> <p>9.my child goes to a school outside of Carterton that meets his needs better and this goes to show we chose correctly as this landed in our postbox and no public consultation locally just an online feedback - will our feedback be heard or will you still go ahead with this regardless due to having to meet targets regardless of peoples lives and that it is a parents responsibility to ensure how they get their child to school and keep them safe in the process?</p> <p>10.i know of 2 businesses run from peoples homes in my road and their associated traffic causes no problem at all yet you'll impact their livelihoods?!</p> <p><b>How do you feel about the proposed use of automatic number plate recognition (ANPR) cameras to enforce the proposed school street?</b> Strongly oppose Think this is a terrible waste of money to be used as a money making scheme labelled as child safety when most people will either drive their to school due to individual circumstances or walk where necessary- why do we need a system like this? Why not introduce a drop off system near the school so car congestion is reduced and roads not closed????</p> <p><b>How do you feel overall about the proposed school street?</b> Strongly oppose As above</p>

<p>School and St Joseph's Catholic Primary School</p> <p>Lives near the school</p>	<p>Would the time road closure include delivery vehicles?</p> <p><b>How do you feel about the proposed use of automatic number plate recognition (ANPR) cameras to enforce the proposed school street?</b> Strongly support</p> <p>I think it would be wise to alert any vehicles of the APNR restrictions to the schools with safe re-routing or suitable safe parking areas.</p> <p><b>How do you feel overall about the proposed school street?</b> Strongly support</p> <p>Even if the APNR system does not happen I think clear 20MPH signs would make things safe as the road is very narrow.</p>
<p>Re: Carterton – Edith Moorhouse Primary School and St Joseph's Catholic Primary School</p> <p>Parent/carer</p>	<p><b>How do you feel about the proposed location point/s for the school street?</b> Strongly oppose</p> <p>If all of the surrounding roads are closed, where are parents supposed to park when dropping off and picking up? Not everyone lives close enough to the school to make walking feasible, or has the mobility to be able to do so.</p> <p>Parents also do need to get to work afterwards and therefore need to be able to get back to their cars. By closing all of those roads, all you will do is push the parking congestion into the town centre. Parents will be forced to use the parking nearer to town, meaning more children walking along a busy main road to get the school. I don't see how that is safer, especially as there is currently no crossing guard stationed at one of the school gates, like there used to be. Already making it tricky to cross the road for children and carers.</p> <p>You're not solving a problem with this, just moving it further away from the school, potentially impacting local businesses instead, or residents in other streets. The cars will never go away, you'll just cause an issue for someone else instead.</p> <p><b>How do you feel about the proposed use of automatic number plate recognition (ANPR) cameras to enforce the proposed school street?</b> Strongly oppose</p>

	Currently I don't feel it is safe enough for my child/ren to cycle or scooter to school but I feel this would be a great solution in encouraging a healthy start/end to the school day.
Re: Carterton – Edith Moorhouse Primary School and St Joseph's Catholic Primary School  Parent/carer Works at the school	<b>How do you feel about the proposed location point/s for the school street?</b> Partially support The trees need cutting on the school entrance point too as the path is not big enough to see cars coming around. <b>How do you feel about the proposed use of automatic number plate recognition (ANPR) cameras to enforce the proposed school street?</b> Neither support nor oppose <b>How do you feel overall about the proposed school street?</b> Partially support
Re: Carterton – Edith Moorhouse Primary School and St Joseph's Catholic Primary School  Lives near the school	<b>How do you feel about the proposed location point/s for the school street?</b> Strongly oppose This is utterly ridiculous. There are no school kids walking down this road between these times and you have to apply for a permit what if there is an emergency and someone comes round or even forgets and just comes over to visit. <b>How do you feel about the proposed use of automatic number plate recognition (ANPR) cameras to enforce the proposed school street?</b> Strongly oppose This is outrageous. <b>How do you feel overall about the proposed school street?</b> Strongly oppose
Re: Carterton – Edith Moorhouse Primary School and St Joseph's Catholic Primary School  Parent/carer	<b>How do you feel about the proposed location point/s for the school street?</b> Strongly oppose It's not clear that this is going to help so much as move the problem to different streets, or to just outside the prohibited zones. There will be a number of parents/carers who need to drop children off quickly just outside for legitimate reasons, such as mobility (some pregnancies, health issues which do not result in being registered disabled). Such a blanket approach would cause horrendous issues for these individuals and ANPR would ensure that no case-by-case exceptions

	<p>could be made when people were suffering.</p> <p><b>How do you feel about the proposed use of automatic number plate recognition (ANPR) cameras to enforce the proposed school street?</b> Neither support nor oppose</p> <p>It would need to be very clearly signposted along with the times to ensure that there were no inadvertent mistakes made by people innocently assuming they could park on that road. There would also need to be an appeals process as ANPR does make mistakes (I once had a letter from the M6 toll claiming my hatchback was a van because it had misread a letter).</p> <p><b>How do you feel overall about the proposed school street?</b> Strongly oppose</p> <p>I do appreciate the desire for this which is all very laudable, but I have children at two primary schools this year. This is going to make an already challenging situation, of trying to be in two places at once, impossible to manage, not to mention the additional time we will need to spend making up lost work time because we have had to park further away. I am not sure that this will solve the problem, so much as move it onto other local roads. It will certainly have an impact on our ability to get the children to school on time, with the likely outcome that they would be late frequently (breakfast and after-school clubs quickly become prohibitively expensive). It is perhaps worth noting that we live outside the catchment area for the school and so walking from home, particularly given the age of the children, is not a viable option.</p> <p>Surely this will create a potential two-tier system, where those who can afford to pay for clubs park close to the school and those who can't park further away? Furthermore, this might affect the ability of parents to obtain and retain jobs as the longer commute times will impact on their ability to get to work on time and general productivity. Overall, this seems well-intentioned, but poorly conceived.</p>

	On the rare occasions we have a family member able to assist with school collection (they live geographically far away), they have mobility issues, but not sufficiently so to be registered disabled and this might cause them and other family members in a similar position from assisting with school drop-off and collection.
Re: Carterton – Edith Moorhouse Primary School and St Joseph's Catholic Primary School  Parent/carer Works at the school Lives near the school	<b>How do you feel about the proposed location point/s for the school street?</b> Strongly support <b>How do you feel about the proposed use of automatic number plate recognition (ANPR) cameras to enforce the proposed school street?</b> Strongly support My only concern is how easy/quick would the process be to add a visitor. For example, I have a sister who lives away and comes to visit. What would it look like to register her car for the times she visits <b>How do you feel overall about the proposed school street?</b> Strongly support
Re: Carterton – Edith Moorhouse Primary School and St Joseph's Catholic Primary School  Lives near the school/s Business near the school/s	<b>How do you feel about the proposed location point/s for the school street?</b> Strongly oppose The schools are already well set back within a residential area. The main issue is the volume of traffic at drop-off and pick-up times, but closing large sections of residential streets is not the right solution. Many families already walk from nearby estates, and the schools are in locations where alternative safe walking and cycling routes could be encouraged without penalising residents. Blocking access to Edgeworth Drive and the surrounding streets creates unnecessary difficulties for people who live and work here. <b>How do you feel about the proposed use of automatic number plate recognition (ANPR) cameras to enforce the proposed school street?</b> Strongly oppose

	<p>I do not support the use of ANPR cameras in this context. They feel intrusive, create unnecessary stress for residents, and risk penalising genuine visitors such as vulnerable clients who need to access for business purposes. The system does not provide enough flexibility for residents with ad hoc visitors and would unfairly impact people in my situation.</p> <p><b>How do you feel overall about the proposed school street?</b> Strongly oppose</p> <p>I feel the proposal unfairly restricts residents who live within the zone. While I support efforts to keep children safe, this plan does not take into account the practical needs of residents who run businesses or have irregular visitors. I rely on being accessible to vulnerable clients at short notice, and this scheme would directly interfere with that. Rather than punishing residents and their visitors, I believe the focus should be on promoting walking buses, staggered start/finish times, or better parking management near the schools.</p>
<p>Re: Carterton – Edith Moorhouse Primary School and St Joseph's Catholic Primary School</p> <p>Lives near the school</p>	<p><b>How do you feel about the proposed location point/s for the school street?</b> Strongly oppose</p> <p>If implemented this would lead to far more cars being parked along Alvescot Road and adjoining roads Foxcroft, Alderley Close and Hammett Place. There are cars already parking in these areas which makes the Alvescot Road crossing to the rear school gates hazardous even more so since the lolly pop lady finished.</p> <p><b>How do you feel about the proposed use of automatic number plate recognition (ANPR) cameras to enforce the proposed school street?</b> Strongly oppose</p> <p>I feel that it is unfair if someone visits a person in the school street area that lives outside the area and could be fined unnecessarily.</p> <p><b>How do you feel overall about the proposed school street?</b> Strongly oppose</p>

School and St Joseph's Catholic Primary School Parent/carer	For working parents this is not viable to drop children to school and try and travel to work. <b>How do you feel about the proposed use of automatic number plate recognition (ANPR) cameras to enforce the proposed school street?</b> Strongly oppose <b>How do you feel overall about the proposed school street?</b> Strongly oppose
Re: Carterton – Edith Moorhouse Primary School and St Joseph's Catholic Primary School Lives near the school	<b>How do you feel about the proposed location point/s for the school street?</b> Partially oppose I think this is very short sighted. Surely ( and as a parent that used these schools and walked my children in) you should be encouraging walking/biking in a different way. Why are we as householders being penalised/ tracked for the behaviours of those using the schools <b>How do you feel about the proposed use of automatic number plate recognition (ANPR) cameras to enforce the proposed school street?</b> Partially oppose What is the rationale for safety? How many children have been injured so far year on year? Surely schools such as Carterton College and Carterton Primary have more risk as on main roads. Actually, I dread saying this in case you then propose closing these roads and cause town gridlock!  Who holds the ANPR information and what is the security for this ? It feels as a person living in this proposed area we (and anyone needing access to our homes) are tracked because of other peoples lazy and irresponsible behaviours.  What about if visitors are staying with us and using their cars at these times ?- how will this be monitored surely you cannot expect someone to potentially collect several fines and then try and claim back.

	then be able to park closer to the school (i understand you are trying to encourage walking, scootering etc, but there will be parents that still have to drive to go on straight to work). Please note that a large number of children do use this alleyway entrance on Alvescot Road, also if parents do park on this road it would cause more congestion with buses stopping etc as this is also a main bus route and would become more dangerous for children/parents to cross if cars are able to park on the main road.
Re: Carterton – Edith Moorhouse Primary School and St Joseph's Catholic Primary School  Lives near the school	<p><b>How do you feel about the proposed location point/s for the school street?</b> Strongly oppose Utterly ridiculous proposal. i should not have to apply for a permit to drive to and from work or appointments, will i be able to apply for a permit for all of my family members that come to visit or if a friend is picking me up between these times?</p> <p>The only thing this proposal will do is negatively affect the residents of the roads proposed to close. The roads are not unsafe, there hasn't been any accidents. Of all the areas you could propose this stupid thing for this is the last one you should consider. Utterly Pointless and a complete waste of time and money. Also what if i am having work done on my home and the vehicle isn't under your list of exempt vehicles or a delivery. This is completely selfish and hasn't taken any consideration to the locals.</p> <p><b>How do you feel about the proposed use of automatic number plate recognition (ANPR) cameras to enforce the proposed school street?</b> Strongly oppose Again, utterly ridiculous. Business near the place	<p>What about the people who have deliveries or carers on occasion. There is no way to police this. Workplaces down there have clients and customers who will come in those times. it will affect the clients. It's a silly idea.</p> <p><b>How do you feel overall about the proposed school street?</b> Strongly oppose [redacted]. I am not going the long way round to get her there but i will be extremely cross to get fined for a necessity to ensure I can get my kids back to Edith on time and then to work. It would be silly</p>
<p>Re: Carterton – Edith Moorhouse Primary School and St Joseph's Catholic Primary School</p> <p>Lives near the school</p>	<p><b>How do you feel about the proposed location point/s for the school street?</b> Strongly oppose Having lived in a street effected by this proposal for 20 years I am strongly apposed to these measures. Plenty of parents still use forms of transport other than car to drop off children, and the volume of extra traffic at drop-off and pick up times is not extreme</p> <p><b>How do you feel about the proposed use of automatic number plate recognition (ANPR) cameras to enforce the proposed school street?</b> Strongly oppose This measure would drastically affect residents of the effected and neighbouring streets, preventing free and easy movement along some through roads. No consideration or thought has been given to residents visitors and deliveries.</p> <p><b>How do you feel overall about the proposed school street?</b> Strongly oppose The effect of this proposal not only on the residents of the affected streets but the whole community has not been fully considered. Preventing access to these streets will only push the traffic together areas of the town. This feels totally unnecessary and the funding required to install, man and maintain this proposal would be better spent providing additional schools for the town, this would reduce the need for people to drive to drop off or pick up as they would be closer</p>

<p>Re: Carterton – Edith Moorhouse Primary School and St Joseph's Catholic Primary School</p> <p>Lives near the school</p>	<p><b>How do you feel about the proposed location point/s for the school street?</b> Strongly oppose</p> <p>I am writing to object to the proposed restrictions in their current form. I live close to the school's side entrance, and from Monday to Friday we already experience:</p> <ul style="list-style-type: none"> <li>• Dangerous congestion and reckless parking.</li> <li>• Parents blocking our driveway and reacting with hostility when asked to move.</li> <li>• Increased risks for children walking or cycling to school due to cars maneuvering unpredictably.</li> </ul> <p>The proposed changes will worsen these problems by diverting even more traffic and inconsiderate parking onto Alvescot Road and surrounding residential streets. This will make it harder and less safe for residents to access their own homes. More importantly, it will endanger children coming from this side of the school, who will have to cross an already busy main road that does not currently have a safe crossing point.</p> <p>By funnelling traffic into unsuitable roads without putting in place proper safety measures, the proposal creates new hazards rather than resolving existing ones.</p> <p>Instead of shifting the problems onto residents and nearby streets, the council should focus on practical, long-term solutions.</p> <p>I urge the council to reconsider this proposal and work collaboratively with residents, the school, and parents to create a safer, fairer solution that protects both children and the local community.</p>

	<p><b>How do you feel about the proposed use of automatic number plate recognition (ANPR) cameras to enforce the proposed school street?</b> Strongly oppose  I strongly object to the proposed “school street” scheme and the use of ANPR cameras to enforce it. This plan is a complete waste of taxpayers’ money and fails to address the real issues.</p> <p>As highlighted previously, the scheme will simply displace traffic and parking problems onto nearby residential roads such as Alvescot Road and surrounding streets. we already endure:</p> <ul style="list-style-type: none"> <li>• Daily congestion and traffic build-up.</li> <li>• Dangerous, inconsiderate parking, often blocking driveways.</li> <li>• Increased risks to children and other pedestrians navigating the area.</li> </ul> <p>The proposed restrictions will not solve these issues. Instead, they will make them worse by funnelling more cars onto local streets and forcing children to cross an even busier main road where no safe crossing exists. This increases danger rather than improving safety.</p> <p>The use of cameras does nothing to tackle the underlying problems — it merely shifts them elsewhere.</p> <p><b>How do you feel overall about the proposed school street?</b> Strongly oppose  Residents in this area pay significant amounts in rent, mortgages, and upkeep of their homes. It would be unjust and unfair for the quality of life in our neighbourhood to be negatively impacted by the council’s decision to impose poorly thought-out traffic changes. These proposals do not address the root cause of the problem — the oversubscribed and poorly managed school drop-off</p>

	system — and instead shift the burden onto local residents, who already deal with daily congestion and safety risks
Re: Carterton – Edith Moorhouse Primary School and St Joseph's Catholic Primary School  Lives near the school	<p><b>How do you feel about the proposed location point/s for the school street?</b> Strongly support I am in agreement with the location points for school street as proposed.</p> <p><b>How do you feel about the proposed use of automatic number plate recognition (ANPR) cameras to enforce the proposed school street?</b> Strongly support This is probably the best way to enforce school street other than having people man physical barriers. I accept that manning physical barriers would be impractical in the long term and expensive.</p> <p><b>How do you feel overall about the proposed school street?</b> Strongly support This is an excellent idea and I wish it had been implemented a year or two ago. I never make appointments that necessitate me leaving home before 9am as I feel trapped in the cul-de-sac that I live in by the absolute mayhem of parents driving into the cul-de-sac to drop their children off for school. The bad parking and constant manouevering of vehicles endangers the safety of children and heightens the risk of damage to the parked cars of residents. On a number of occassions when I could have arrived home from appointments at around 3pm, I have parked a mile or so away and had to wait until 3.30 to venture in as there would have been nowhere for me to park near my house. That has made me annoyed and resentful.</p>
Re: Carterton – Edith Moorhouse Primary School and St Joseph's Catholic Primary School	<p><b>How do you feel about the proposed location point/s for the school street?</b> Partially oppose <b>How do you feel about the proposed use of automatic number plate recognition (ANPR) cameras to enforce the proposed school street?</b> Strongly oppose <b>How do you feel overall about the proposed school street?</b> Partially support Proposed area is too large and would cause congestion in other parts of the town</p>

Lives near the school	
Re: Carterton – Edith Moorhouse Primary School and St Joseph's Catholic Primary School  Family live near the school/s	<p><b>How do you feel about the proposed location point/s for the school street?</b> Strongly oppose It's a bad idea as people won't be able to visit family on a whim or risk a fine in an emergency or sudden situation when you need to get to their house. No one will be able to get a permit for every family member who wants to visit them.</p> <p><b>How do you feel about the proposed use of automatic number plate recognition (ANPR) cameras to enforce the proposed school street?</b> Strongly oppose There are other ways to deal with the issue</p> <p><b>How do you feel overall about the proposed school street?</b> Strongly oppose</p>
Re: Carterton – Edith Moorhouse Primary School and St Joseph's Catholic Primary School  Careworker	<p><b>How do you feel about the proposed location point/s for the school street?</b> Strongly oppose Your plans are ill advised and incompetent.</p> <p><b>How do you feel about the proposed use of automatic number plate recognition (ANPR) cameras to enforce the proposed school street?</b> Strongly oppose Just a cash cow for the council. How will you account for varying visits to those streets in different cars? You don't guarantee permits for multiple streets.</p> <p><b>How do you feel overall about the proposed school street?</b> Strongly oppose</p>
Re: Carterton – Edith Moorhouse Primary School and St Joseph's Catholic Primary School  Lives near the school	<p><b>How do you feel about the proposed location point/s for the school street?</b> Strongly oppose Some of these roads are cul-de-sacs. They do not need to be included as part of this scheme. The busiest times of day are during the school run. There is no threat to the safety of the children attending the school and it is a nice environment for them to be in. For example on Edgeworth Drive, there is a safe footpath which enables students to walk, cycle and scoot safely, with a well lit, well surfaced pavement. This is in a pedestrianised area, safe from other road users. In addition to a road which already works well for school drop offs. In the majority of the proposed</p>

	<p>locations, all this scheme would achieve is a detrimental effect on the residents and the value of property. In a time where council budgets are already stretched, is this really the best use of limited local funding?</p> <p><b>How do you feel about the proposed use of automatic number plate recognition (ANPR) cameras to enforce the proposed school street?</b> Strongly oppose</p> <p>From the letter/proposal you have published, it sounds as though residents will only be exempt from the scheme if the vehicle they have is registered to an affected property. I have been a local resident for almost a decade, but the vehicle I drive is a company car. It is not registered to my home address. Sometimes I must use different vehicles as my employer sees fit. My father, who lives at the same address is in a similar situation and has a work van. Also not registered to our home address. From the information you have provided, local residents must give ten days notice of vehicle registration change to qualify as being exempt. This would be impossible for me, as I sometimes only have three hours notice from my employer. My working hours and appointment schedule vary on a daily basis. By enforcing the proposed system, you are making life very difficult for residents, it's not as straight forward as you make it sound.</p> <p><b>How do you feel overall about the proposed school street?</b> Strongly oppose</p>

Works at the school	I think it is a great idea. I have personally seen several close encounters between children and vehicles, due to poor and inconsiderate parking, driving and speeding. I am amazed that there has not been a serious accident already.
Re: Carterton – Edith Moorhouse Primary School and St Joseph's Catholic Primary School  Lives near the school	<p><b>How do you feel about the proposed location point/s for the school street?</b> Strongly oppose I feel this would restrict my freedom and those of visitors so much, I am not for it. The money spent would be a waste, I have lived on this road for 20 years, both my children went to Edith Moorhouse.</p> <p>On 3 occasions have i had problems wit parking, you need to spend the money on wardens visiting the area and giving spot fines, or allowed a committee of resident's t be able to report bad driving . parking on the whole it does not cause a problem.</p> <p>But the impact it would have on me as a resident would be much greater than that of people parking in the street if this system is installed. A waste of my taxpayers money.</p> <p>Also I would like to know the driver behind this</p> <p><b>How do you feel about the proposed use of automatic number plate recognition (ANPR) cameras to enforce the proposed school street?</b> Strongly oppose I DO NOT want this as a resident it is taking away the freedom of visitors to myself, it is a waste of money and that money could be spent on wardens visiting the area or residents having more rights to report bad parking speeding in the area.</p> <p><b>How do you feel overall about the proposed school street?</b> Strongly oppose This would cause a very big traffic problem on the main Alvescot Road and the parents that work would be impacted.</p> <p>The speeding needs to be controlled, and the attitudes of a small group of parents</p>

Re: Carterton – Edith Moorhouse Primary School and St Joseph's Catholic Primary School I live near the school	<p><b>How do you feel about the proposed location point/s for the school street?</b> Strongly oppose Why do residents have to not have visitors or clients in their homes for 2 hours a day? This is just not acceptable I live on a quiet no through road edgeworth drive and this means my family have to apply for permits to visit me, this is a residential area and the school could just close that gate it's only used by a few children anyway.</p> <p><b>How do you feel about the proposed use of automatic number plate recognition (ANPR) cameras to enforce the proposed school street?</b> Strongly oppose Use the money to build a car park of a drop off lay-by. Something that is permanent.</p> <p><b>How do you feel overall about the proposed school street?</b> Strongly oppose It is the most ridiculous plan ever, I can see how this might work in a city but in a small town, this will not work. The cars will Just park somewhere else, like Alvescot Road upavon way- these are busy roads and have a main bus route</p>
Re: Carterton – Edith Moorhouse Primary School and St Joseph's Catholic Primary School  Lives near the school Business is near the place	<p><b>How do you feel about the proposed location point/s for the school street?</b> Strongly oppose I work from home, and these restrictions would mean I could not see my clients during these times. This would result in a loss of approximately 2 hours per day, which equates to around 10 hours per week, and therefore a significant reduction in my income.</p> <p>My clients are vulnerable individuals who rely on me for emotional support. Many of them seek help on an ad-hoc basis, often when they are in immediate need. Requiring 10 days' notice to apply for a permit is not feasible for the majority of them, as they would not be able to anticipate their needs so far in advance.</p>

	<p>I feel this is the only way that the rules would be adhered to.</p> <p><b>How do you feel overall about the proposed school street?</b> Strongly support</p> <p>This has been a long time coming, since most schools in Carterton don't allow any parking.</p>
<p>Re: Carterton – Edith Moorhouse Primary School and St Joseph's Catholic Primary School</p> <p>Lives near the school</p>	<p><b>How do you feel about the proposed location point/s for the school street?</b> Partially oppose</p> <p>Why on earth don't you just get the police to fine all the parents obstructing the pavements and leaving their cars running, that would soon stop them. If anyone actually bothered to enforce any laws in Carterton things like this wouldn't be an issue. Handing it over to cameras in this instance is absolutely pathetic.</p> <p><b>How do you feel about the proposed use of automatic number plate recognition (ANPR) cameras to enforce the proposed school street?</b> Strongly oppose</p> <p>Has anyone putting this proposal forward ever been to the streets in question? It will cause absolute chaos. St Jos provides plenty of off-street parking at the church why not just tell parents to actually use it? All that's happened is parents here have become massively lazy and entitled because nothing is ever enforced here. If you put ANPR in the same entitled parents will simply obscure their plates or the cameras. What we need are POLICE on the streets.</p> <p><b>How do you feel overall about the proposed school street?</b> Strongly oppose</p> <p>It's madness. And this is from a resident who today had to wait 20 mins after work to park on my own road. But the cameras aren't going to work and all that will happen is my council tax will go even higher for living in a town that's already falling apart at the seams.</p>
<p>Re: Carterton – Edith Moorhouse Primary School and St Joseph's Catholic Primary School</p>	<p><b>How do you feel about the proposed location point/s for the school street?</b> Strongly oppose</p> <p>Whilst the idea is good, the amount of time and the mass area it covers seems excessive.</p> <p><b>How do you feel about the proposed use of automatic number plate recognition (ANPR) cameras to enforce the proposed school street?</b> I don't know</p>

Work at the school Lives near the school	On principle this seems like a good idea however, as a member of staff I sometimes leave at 2:45, would I be fined for having to leave work? <b>How do you feel overall about the proposed school street?</b> Partially oppose
Re: Carterton – Edith Moorhouse Primary School and St Joseph's Catholic Primary School  Parent/carer	<b>How do you feel about the proposed location point/s for the school street?</b> Strongly oppose The problem with these initiatives is they will simply push the cars onto other streets nearby. You're considering spending a ridiculous amount of taxpayers money on ANPR and all associated maintenance on something that does not solve the problem and will negatively impact other residents in your constituency. All residents near the school started living there knowing full well there is two primary schools nearby, you must accept busy periods! <b>How do you feel about the proposed use of automatic number plate recognition (ANPR) cameras to enforce the proposed school street?</b> Strongly oppose <b>How do you feel overall about the proposed school street?</b> Strongly oppose This scheme will make zero difference to our school drop off/collection routine apart from forcing us to park on neighbouring streets. The reason more people drive to schools than they used to 'in the good old days' is because both parents now have to work actual jobs for a living and have to drive to get to them. That and the fact you have approved lots of housing estates with no local school provision. Frankly I think this is a stupid idea.
Re: Carterton – Edith Moorhouse Primary School and St Joseph's Catholic Primary School  Lives near the school	<b>How do you feel about the proposed location point/s for the school street?</b> Strongly oppose This is an awful idea and prevents local people using the access roads. <b>How do you feel about the proposed use of automatic number plate recognition (ANPR) cameras to enforce the proposed school street?</b> Strongly oppose The whole project is nonsense!! <b>How do you feel overall about the proposed school street?</b> Strongly oppose

<p>School and St Joseph's Catholic Primary School</p> <p>Parent/carer</p> <p>Lives near the school</p> <p>Business is near the place</p>	<p>of inconvenience and hardship for my buisness. Small buisness, such as my own, rely on customers arriving on time and promptly. And my customers rely on a prompt and convenient service. I can't ask my clients to park 4 streets away</p> <p>I also want to add, working parents that need to drop of their children to school quickly and efficiently, will really struggle with adding precious minutes onto their already busy days, by parking far away from school access points.</p> <p><b>How do you feel about the proposed use of automatic number plate recognition (ANPR) cameras to enforce the proposed school street?</b> Strongly oppose</p> <p>I feel this is an invasion of privacy to the members of our street, watching our comings and goings.</p> <p><b>How do you feel overall about the proposed school street?</b> Strongly oppose</p> <p>I feel this proposal will cause alot off upset to the parents with children at Edith moorhouse.</p>
<p>Re: Carterton – Edith Moorhouse Primary School and St Joseph's Catholic Primary School</p> <p>Parent/carer</p>	<p><b>How do you feel about the proposed location point/s for the school street?</b> Strongly oppose</p> <p>The school/s should close the drive off o cars leading up to the main gate - That is the most dangerous part of my children's journey to school. The roads mentioned on the routes and parking along them is pretty laughable and in breach of the highway code but it's not dangerous. In fact the many cars parked around those roads at those times force any other cars on the road to drive slowly. Children also need to learn to cross roads and the risks of busy roads at an early age, before they can go alone with a mobile phone in their hand. Taking constant responsibility away from pedestrians won't help their survival in the long run. Unless of course EVERY road is put to 20mph.... that would take accountability away from the occ to ensure roads are fixed though wouldn't it.....???</p>

	<p><b>How do you feel about the proposed use of automatic number plate recognition (ANPR) cameras to enforce the proposed school street?</b> Strongly oppose See above response</p> <p><b>How do you feel overall about the proposed school street?</b> Strongly oppose Close the main drive to the school's - it's the most dangerous part of the school walking journey (I walk mine everyday). There's already a gate in place so it won't cost another penny!</p>
<p>Re: Carterton – Edith Moorhouse Primary School and St Joseph's Catholic Primary School</p> <p>Family have attended or attend the school/s</p>	<p><b>How do you feel about the proposed location point/s for the school street?</b> Strongly oppose I strongly oppose the hours that you are proposing, it seems like a harsh measure to stop the inconvenience of having cars parked outside the school. Cars have parked in the roads surrounding the school for 30+ years. I am a working mother that requires my car to travel an additional 20 miles to work once i have dropped my child at school. There is not scope to walk, cycle or scoot to school do the same home and still get to work on time. all this will do is push traffic into the streets wider than the school perimeter and across the busy main road. The new proposed 20 mile and hour that is proposed for Alvescot Road will also make it more difficult to cross as the level of traffic using the road will increase. I also have concerns for people who use childminders that live on these roads and the smaller businesses that are like beauticians who have different clients every week.</p> <p><b>How do you feel about the proposed use of automatic number plate recognition (ANPR) cameras to enforce the proposed school street?</b> Strongly oppose I feel like ANPR cameras are a clamp down on privacy and are another way of taxing residents of Carterton. No care or consideration has been given to the wider users of these roads that have nothing to do with use of the school. The position of the camera at Lawton Avenue has potential for accidents to occur when people turn down the street and have nowhere to turn around before</p>

<p>School and St Joseph's Catholic Primary School</p> <p>Parent/carer</p> <p>Lives near the school</p>	<p>You will just move the traffic problem to other areas of Carterton, ensuring kids get to school soaking wet half the year, and making it harder for parents who drop their kids off at school on the way to work (me), making them late for work by making them walk half a mile back to the car.</p> <p><b>How do you feel about the proposed use of automatic number plate recognition (ANPR) cameras to enforce the proposed school street?</b> Strongly oppose</p> <p>The fines you impose will just be a further tax on working people who need to get their kids to school for an 08:40 start and then get to work for a 09:00 start. A terrible idea by incompetent public sector workers who prioritise non-workers over tax-payers.</p> <p><b>How do you feel overall about the proposed school street?</b> Strongly oppose</p> <p>This is an utterly moroinic idea and a massive waste of money. It will penalise local working people and cause congestion around the rest of carterton, by combining the traffic that already services Carterton Primary School on Burford Road (around Rock Road and Arkle Avenue) and Carteton Community College on Upavon Way (around Rock Road and Carr Avenue). Whoever has come up with this has clearly not considered where the other schools are.</p>
<p>Re: Carterton – Edith Moorhouse Primary School and St Joseph's Catholic Primary School</p> <p>Parent/carer</p>	<p><b>How do you feel about the proposed location point/s for the school street?</b> Strongly oppose</p> <p>I am a blue badge holder so I'll be entitled to a pass when I apply. But my dad who is not a badge holder but can no longer walk far after an injury that was not his fault (dodgy park at the recreation ground) will struggle to pick my daughter up when I'm at hospital appointments as he'll be fined which is disgusting. There are people who are classed as disabled but are not entitled to badges that will suffer because of these stupid rules. Just another money grabbing scenario. How many children have been hurt along that road? It'll cause more accidents having parents try park on the main road because alot of parents have work or other schools to get to. on carter's close only one resident of that street complained regularly</p>

Regular school visitor Lives near the school	
Re: Carterton – Edith Moorhouse Primary School and St Joseph's Catholic Primary School  Parent/carer	<p><b>How do you feel about the proposed location point/s for the school street?</b> Strongly oppose I feel this whole proposal has been poorly thought about, whilst something does need doing this really isn't it. The impact to local residents, carers, delivery drivers, the hub, dementia active the list goes on. The amount of vehicles even within a small area will be a large amount. Some people within the proposed road closures run businesses from their home and will never know the vehicle details of those in attendance thus impacting their income. Delivery drivers - supermarket, royal mail, DPD, Evri the list goes on if theres a cost to these permits (which im guessing there will be) people could likely be in a situation where they refuse to deliver during those times again impacting the livelihood of residents.</p> <p><b>How do you feel about the proposed use of automatic number plate recognition (ANPR) cameras to enforce the proposed school street?</b> Strongly oppose The cost of installing the ANPR cameras should be spent on making our roads fit for purpose in the first instance not for this. I believe a lot of potential fines would be issued unnecessarily so it'll be extremely difficult to police.</p> <p><b>How do you feel overall about the proposed school street?</b> Strongly oppose Some parents dont have a choice on driving to/from school due to working commitments straight from school, others may need to drop other children off at a different school. There's multiple reasons why some parents need to drive to school for drop off their children.</p>
Re: Carterton – Edith Moorhouse Primary	<p><b>How do you feel about the proposed location point/s for the school street?</b> Strongly oppose</p>

<p>Re: Carterton – Edith Moorhouse Primary School and St Joseph's Catholic Primary School</p> <p>Parent/carer</p>	<p><b>How do you feel about the proposed location point/s for the school street?</b> Strongly oppose  I fully understand the desire to create a healthy car free environment for children, however the practicality of this as a parent who works full time makes it extremely difficult. I need to be at work for 9am and there is no efficient alternative to enable me to get my daughter to school and get to work on time which is why I drive. The majority of parents who drop their children to school are in the same position, they do not live close enough to walk/ cycle and to drop their children off then get to work on time. On my days off I always cycle to school with my daughter. [redacted] it really concerns me that if patients require an urgent visit living in this area are going to be compromised if this goes ahead without a thorough consultation with Oxford Health. As far as I am aware they have not been consulted on this. Enevitably this will not stop working parents taking children to school in their car as the public transport in Carterton is not frequent or efficient enough to get to places of work in a timely manner. The outcome will therefore be cars parking all along Alvescot Rd and Upavon way which will be chaotic and extremely dangerous.</p> <p><b>How do you feel about the proposed use of automatic number plate recognition (ANPR) cameras to enforce the proposed school street?</b> Strongly oppose  There is a lot of very strong opposition to this proposal, numerous people have voiced that they will remove the cameras, it concerns me that people feel so strongly about this they will be willing to cause vandalism which will ultimately come out of the tax payers pocket.</p> <p><b>How do you feel overall about the proposed school street?</b> Strongly oppose  I feel this is completely unnecessary, causing huge amounts of added stress to working parents and if there is money available to enforce this, surely it should be spent on the infrastructure e.g. resurfacing the horrendous roads in the town. I have been taking my children to Edith Moorhouse</p>

Family live near the school/s	<p>Church and stride to school. This seems a very expensive scheme when most councils across the country are struggling financially. Are there cheaper alternatives that won't impact in the freedom of movement of the local residents?</p> <p><b>How do you feel about the proposed use of automatic number plate recognition (ANPR) cameras to enforce the proposed school street?</b> Strongly oppose</p> <p>This is a very expensive suggestion! Many of the residents in the roads suggested are elderly, they are going to struggle to register their number plates. It feels littered with problems and challenges!</p> <p><b>How do you feel overall about the proposed school street?</b> Strongly oppose</p> <p>I don't feel this was very well communicated. It's has caused worry and concern across Carterton. There are hundreds of Facebook comments. I think there should have been a meeting arranged at the school to talk about the issues and involve the local residents in any suggestions. My Mother is now very anxious about what will happen. I know her elderly neighbour feels the same.</p>
<p>Re: Carterton – Edith Moorhouse Primary School and St Joseph's Catholic Primary School</p> <p>Parent/carer</p>	<p><b>How do you feel about the proposed location point/s for the school street?</b> Strongly oppose</p> <p>This would have cars parking on the main road and create an accident waiting to happen with rush hour traffic and kids crossing a congested road without and crossing persons available. Would also get people parking in other streets and blocking drives.</p> <p><b>How do you feel about the proposed use of automatic number plate recognition (ANPR) cameras to enforce the proposed school street?</b> Strongly oppose</p> <p>I applaud trying to make the streets safer for children, but for a school that has access and parking issues already before this is implemented I believe is a terrible idea.</p> <p>This would create more issue than solving any</p> <p><b>How do you feel overall about the proposed school street?</b> Strongly oppose</p>

RESPONDENT	COMMENTS
<p>Re: Carterton – Edith Moorhouse Primary School and St Joseph's Catholic Primary School</p> <p>Parent/carer Works at the school</p>	<p><b>How do you feel about the proposed location point/s for the school street?</b> Strongly oppose I haven't noticed a problem. I do think parents need to properly supervise and educate their children on road safety. And I think traffic calming measures would be better suited. I think anpr is abhorrent.</p> <p><b>How do you feel about the proposed use of automatic number plate recognition (ANPR) cameras to enforce the proposed school street?</b> Strongly oppose I strongly oppose anpr. I think the system is abhorrent for charging people, the fines imposed are not often reflective of the reason and in the financial struggle many people are going through a better system, such as traffic calming could be imposed.</p> <p><b>How do you feel overall about the proposed school street?</b> Neither support nor oppose</p>
<p>Re: Carterton – Edith Moorhouse Primary School and St Joseph's Catholic Primary School</p> <p>Lives near the school</p>	<p><b>How do you feel about the proposed location point/s for the school street?</b> Strongly oppose Not necessary</p> <p><b>How do you feel about the proposed use of automatic number plate recognition (ANPR) cameras to enforce the proposed school street?</b> Strongly oppose disagree strongly having lived in [redacted] since 1972</p> <p><b>How do you feel overall about the proposed school street?</b> Strongly oppose I strongly disagree with the proposed street trial - definitely not necessary in Edgeworth Drive which is a cul-de-sac with no through traffic.</p>
<p>Re: Carterton – Edith Moorhouse Primary School and St Joseph's Catholic Primary School</p>	<p><b>How do you feel about the proposed location point/s for the school street?</b> Strongly oppose This proposal is making it harder for parents that work. In this age most households both parents work due to cost of living. If this is imposed it will take parents longer to get to the school due to walking time and having to park further, causing issues for parents in the work place by either being late, having to change their working hours or be deducted hours due to lateness.</p>

<p>Re: Carterton – Edith Moorhouse Primary School and St Joseph's Catholic Primary School</p> <p>Lives near the school</p>	<p><b>How do you feel about the proposed location point/s for the school street?</b> Strongly oppose This doesn't assist in sorting the problem and instead pushes the issue out onto neighbouring streets.</p> <p><b>How do you feel about the proposed use of automatic number plate recognition (ANPR) cameras to enforce the proposed school street?</b> Strongly oppose The cost associated with the implementation of this proposal could be better spent elsewhere.</p> <p><b>How do you feel overall about the proposed school street?</b> Strongly oppose</p>
<p>Re: Carterton – Edith Moorhouse Primary School and St Joseph's Catholic Primary School</p> <p>Parent/carer</p>	<p><b>How do you feel about the proposed location point/s for the school street?</b> Strongly oppose This measure only will make other streets to become more problematic</p> <p><b>How do you feel about the proposed use of automatic number plate recognition (ANPR) cameras to enforce the proposed school street?</b> Strongly oppose Waste of resources</p> <p><b>How do you feel overall about the proposed school street?</b> Strongly oppose</p>
<p>Re: Carterton – Edith Moorhouse Primary School and St Joseph's Catholic Primary School</p> <p>Parent/carer</p>	<p><b>How do you feel about the proposed location point/s for the school street?</b> Strongly oppose There are parents that have no option but to drive their children to and from school due to distance, work commitments etc. This will push parking issues further from the school and create issues on the roads (including main roads) away from the two schools. This is likely to affect the parents / children attending other schools (Carterton Primary) and public transport as it is forced to navigate people parked on main roads. This solution will make a slightly annoying situation so much worse as people try and navigate the town to find somewhere to leave their vehicle while they drop off children. If this is to be a success, then a parking area needs to be created.</p> <p><b>How do you feel about the proposed use of automatic number plate recognition (ANPR) cameras to enforce the proposed school street?</b> Strongly oppose</p>

Lives near the school	I've witnessed many a near miss outside the front of my flat from car drivers driving to fast at drop off and pick up. This will make the street safer for residents.
Re: Carterton – Edith Moorhouse Primary School and St Joseph's Catholic Primary School  Lives near the school	<p><b>How do you feel about the proposed location point/s for the school street?</b> Strongly oppose While in principle the idea of a restricted school is a good idea. My the area close to the school safer. The parents that currently park near to the school to drop off their children will now park up on other adjacent streets and roads. Although this makes the entrance to Edith Moorehouse safer the traffic congestion on other nearby roads will just transfer any risks or dangers to other nearby areas. The children will still have to traverse these areas and still be at the same risk.</p> <p>The idea of ANPR cameras might dissuade people to not use the roads use at these times but the community will feel your just using this to milk even more money from a community that feels is never listened too by Oxfordshire City Council.</p> <p><b>How do you feel about the proposed use of automatic number plate recognition (ANPR) cameras to enforce the proposed school street?</b> Strongly oppose The cost of putting up cameras and signed where that money could be interested invested elsewhere within the community.</p> <p><b>How do you feel overall about the proposed school street?</b> Strongly oppose Maybe make the section from rock road to alvescot road a one way street. At least traffic would only be travelling in one direction</p>
Re: Carterton – Edith Moorhouse Primary School and St Joseph's Catholic Primary School	<p><b>How do you feel about the proposed location point/s for the school street?</b> Strongly oppose Yes, I'm against it. I don't see how this will work in practice. My grandad, who is 86, needs to get out and about in the mornings and afternoons, and restrictions like this will make it harder for him. It also impacts people who are self-employed, running a business, or anyone who needs to get through urgently for personal reasons.</p>

It is so dangerous and only a matter of time that a child is seriously hurt or killed along the front of the school. People drive so fast.</p>
<p>Re: Carterton – Edith Moorhouse Primary School and St Joseph's Catholic Primary School</p> <p>Lives near the school</p>	<p><b>How do you feel about the proposed location point/s for the school street?</b> Strongly oppose</p> <p>I do not think there is any requirement for these school streets. I in Carterton and at no point is any issues with traffic in dropping off/picking up children from school. Implementing this safer streets will not encourage more people to walk/active travel to school, merely park elsewhere where the enforcement zones are. This is not the solution to encourage those not to drive to school. Further to this, will this effect house prices? This plan was not in place when I bought my property and I would have considered not buying the property if it had. If this does effect house prices is the council going to pay any value lost? These times also include time when building work would take place, however 5 days a week builders would be unable to access the street causing issues for any mantence/building work residents in the area have paid for. There is no requirement for this to be implemented, it only negatively effects those living in the area. The county council is meant to serve its residents, why are you making life more difficult for us?</p> <p><b>How do you feel about the proposed use of automatic number plate recognition (ANPR) cameras to enforce the proposed school street?</b> Strongly oppose</p> <p>Thise scheme seems to be more a money making idea than any actual attempt to support children in getting to school in other means besides a car. Some parents may not have the ability</p>

	<p>or opportunity to walk their children to school, due to work or disability issues. The council is attempting to prevent them from enabling their children to be dropped off to school with the knowledge they got there safely. during those hours if I had visitors their vehicles would be captured by ANPR and then they would be fined. I should not be prevented from having access to park outside my property because the council wishes to make money. When I bought this property those sanctions were not in place, if they were it would be unlikely that I would have bought the property.</p> <p><b>How do you feel overall about the proposed school street?</b> Strongly oppose</p> <p>This plan would not benefit the residents of the streets you seek to implement them on. It will do nothing to stop children being driven to school, they will be simply dropped off to a road that does not have sanctions on. It does not solve the problem, just moves it. You cannot and will not entice families to find more active means to get to school by punishing them if they do not. There will be many circumstances where parents need to drive their children to school as they don't have time to walk them there due to work or due to disabilities. The alternative being that parents send very young children to get to school on their own, which in itself is inherently unsafe. There's seems to be a lack of understanding as to why this happens and dealing with the root cause instead just finng anyone who drives on these streets at that time. I believe this is just the council trying to make money from tickets rather than supporting young children. Home owners in the area will be directly negatively impacted. If building work is taking place at their property the workers will recieve tickets as coincidentally the times the roads are restricted are times when people would arrive to work/leave. Equally will these restrictions effect the value of the houses on these properties. If, when I bought my property, j was informed that no vehicle could travel on the road for a total of nearly 2 hours every day, 5 days a week, at risk of being fined, I would not have</p>

	bought the property. Is the council going to pay for any lose in value to properties they directly cause by implementing this plan? Those living on these streets are going to be negatively impacted by this decision all so the council can make money on fines. These restrictions will not achieve the aims set out above, it will not solve the problem, merely move it.
Re: Carterton – Edith Moorhouse Primary School and St Joseph's Catholic Primary School Parent/carer	<b>How do you feel about the proposed location point/s for the school street?</b> Strongly oppose I think this will cause more problems with parki g in different streets. I also, do the school drop and then go straight to work in my car. <b>How do you feel about the proposed use of automatic number plate recognition (ANPR) cameras to enforce the proposed school street?</b> Strongly oppose <b>How do you feel overall about the proposed school street?</b> Strongly oppose
Re: Carterton – Edith Moorhouse Primary School and St Joseph's Catholic Primary School Parent/carer	<b>How do you feel about the proposed location point/s for the school street?</b> Strongly oppose When i have to do the school drop off or is done on my way to work, so I have to drive so that I can get to work on time. To walk to the school then back home to collect the car would not work, as I would be late and would impact my role. When possible we would always walk to school, but there are times due to medical appointments this is not possible and hence having to drive. This restriction wouldn't solve the problem or would just move it to the main roads, which would then impact public transport, deliveries to local businesses, emergency services and other essential providers. This is just another example of local government deciding on matters that are pure lunacy. <b>How do you feel about the proposed use of automatic number plate recognition (ANPR) cameras to enforce the proposed school street?</b> Strongly oppose

	<p>Another way to penalise the motorists who are already hit with increased road tax and paying for damage caused by the lack of funding to our roads.</p> <p><b>How do you feel overall about the proposed school street?</b> Strongly oppose</p> <p>Don't do it! You have a huge military intake and most of the parents work shift or have partners away on deployment so they are juggling doing children off with work commitments. It's hard enough for military children not having parents around all the time, so let's make it tougher on them, a great way to support those who are protecting us 24/7 365 days a year.</p>
<p>Re: Carterton – Edith Moorhouse Primary School and St Joseph's Catholic Primary School</p> <p>Lives near the school</p>	<p><b>How do you feel about the proposed location point/s for the school street?</b> Strongly support</p> <p><b>How do you feel about the proposed use of automatic number plate recognition (ANPR) cameras to enforce the proposed school street?</b> Strongly support</p> <p>It won't work without it.</p> <p><b>How do you feel overall about the proposed school street?</b> Strongly support</p> <p>I live very close to the school and believe it is only a matter of time before a serious accident or death occurs as it currently stands. As well as the number of cars, the parking is inconsiderate and downright dangerous - right on junctions that become completely blind.</p>
<p>Re: Carterton – Edith Moorhouse Primary School and St Joseph's Catholic Primary School</p> <p>Lives near the school</p>	<p><b>How do you feel about the proposed location point/s for the school street?</b> Strongly oppose</p> <p>It will just mean the parents will park further away from the school, thereby causing other busier main roads to be used for parking, thus will create more traffic issues in Carterton overall and potentially more dangerous conditions for children once they are outside the school street areas. It will also not teach these younger children about road safety as they could be lulled into a false sense of security as they could think all roads will be as quiet. You should consider perhaps "walking buses" for the children, or making the Lawton avenue roads one way for those school street hours so parents can still drive through and drop children off at the end of the school road</p>

	You are just pushing the parking issue and road safety issues out into surrounding streets. Also residents have purchased their homes without these restrictions. What is the impact going to be on house prices in these and the surrounding streets.
<p>Re: Carterton – Edith Moorhouse Primary School and St Joseph's Catholic Primary School</p> <p>Parent/carer</p>	<p><b>How do you feel about the proposed location point/s for the school street?</b> Strongly oppose The whole scheme is completely unsuitable and unrealistic, therefore the location specific aspect is not a silo issue</p> <p><b>How do you feel about the proposed use of automatic number plate recognition (ANPR) cameras to enforce the proposed school street?</b> Strongly oppose A competent insult to the tax payer. I pay my tax to drive on public roads and should not be restricted to do so. Fining people is therefore a money making scheme that's being branded as a "way to enforce". Plenty of other cheaper measures can be put in place to improve issues - not fining innocent people.</p> <p><b>How do you feel overall about the proposed school street?</b> Strongly oppose T here is not currently an issue. Yes it's busy - but what public place isn't... People will not walk as an alternative to driving. They'll simply drive to places that aren't restricted, meaning cars on the road won't decrease. It'll simply move these cars to other areas, meaning those other places become busier. Reality is cars will park on the main roads like Alvescot rd, and cause absolute mayhem there instead, in turn creating bigger issues and affecting more areas. Pollution will therefore not change either. If we're talking about safety, I'd argue this will be less safe - children will have to walk past more cars and cross more roads to get to school which is more of a risk than the current situation. Currently, no cars park on pavements therefore no pedestrians are prevented from walking, scooting, cycling anyway. The cost of this scheme to the taxpayer will be a horrific waste of money that could be spent</p>

<p>Re: Carterton – Edith Moorhouse Primary School and St Joseph's Catholic Primary School</p> <p>Parent/carers</p>	<p><b>How do you feel about the proposed location point/s for the school street?</b> Strongly oppose  This proposal will lead to any “perceived” problems simply moving to different areas and having all children walk, scoot or cycle to school is hardly road safety improvement. Incidentally, the school has a sign on entry that no bicycles, scooters or skateboards are allowed.  Alternative parking will undoubtedly lead to traffic congestion on major roads.  Many parents live so far from the school it will be illogical to have them travelling in any way other than by car.</p> <p><b>How do you feel about the proposed use of automatic number plate recognition (ANPR) cameras to enforce the proposed school street?</b> Strongly oppose  Are you going to inform us of the cost of implementing and operating this system and wouldn't the money be better used improving the state of the roads?</p> <p><b>How do you feel overall about the proposed school street?</b> Strongly oppose  If there were facts and data available on how many deaths, injuries or incidents which may justify this action we may be more on side especially as the reasons given are pathetically weak.</p>
<p>Re: Carterton – Edith Moorhouse Primary School and St Joseph's Catholic Primary School</p> <p>Parent/carers</p>	<p><b>How do you feel about the proposed location point/s for the school street?</b> Strongly oppose  While this may be required in other, busier locations, there is not an issue to be solved in this area. We are semi-rural, so the pollution levels throughout the town are very low. All the roads highlighted are very slow pace and i don't recall ever hearing of an incident of endangering a child. This seems to have come about due to general, country-wide issues with little thought given to whether there is a local issue.</p> <p><b>How do you feel about the proposed use of automatic number plate recognition (ANPR) cameras to enforce the proposed school street?</b> Strongly oppose</p>

	<p>As well as the freedom of movement issues, this scheme would be very expensive to install, maintain and monitor. Given that these are extremely difficult times financially, there are many more issues which are far more important for the limited funds.</p> <p><b>How do you feel overall about the proposed school street?</b> Strongly oppose</p> <p>It is a terrible idea. The only issues that currently exist (and it is quite minor) are some parents/carers parking inconsiderately (wheels on pavements in particular). This would be easily remedied by the occasional visit from traffic enforcement, which I have never seen. If a threat of enforcement was known, I'm sure this would stop very quickly.</p> <p>I also believe that if this went ahead it would simply move the "problem" to the surrounding streets, so causing children to have to be walked further (at increased risk). Many parents, though in the catchment area, are a good distance from the school. From a personal point of view, it would take upwards of an hour to walk our child to school and return, with that repeated in the evening. This would cause both financial and practical problems. I am sure this would apply to many others.</p>

School and St Joseph's Catholic Primary School  Lives near the school	<b>cameras to enforce the proposed school street?</b> Strongly oppose <b>How do you feel overall about the proposed school street?</b> Strongly oppose Yes, I am concerned about the restrictions for myself, friends and family accessing my property at anytime, could I have feedback on this matter.
Re: Carterton – Edith Moorhouse Primary School and St Joseph's Catholic Primary School  Parent/carers	<b>How do you feel about the proposed location point/s for the school street?</b> Strongly oppose This has so many implications for parents, I have a special needs child and mornings that have been particularly difficult, our only option to get to school is the car. This will make work commitments even harder creating more stress to an already stressful situation. For things like term time homework, how are we supposed to get it too and from school without the use of a car? We live a good distance from the school. When I support the school during school hours and have heavy materials to take in and out and need to park close, how would I do this as I often do this before pick up and then collect my children. I could go on and on, but very much disagree with all the streets plan to restrict. The entrance to Lawron Avenue, yes I can see how that might help, but all the other streets; absolutely not. <b>How do you feel about the proposed use of automatic number plate recognition (ANPR) cameras to enforce the proposed school street?</b> Strongly oppose <b>How do you feel overall about the proposed school street?</b> Strongly oppose

Lives near the school	<p>I would like to better understand the statement 'The cameras would be located at the access point to the school street'. If that means every area shown on the map that a lot of cameras. How are the cameras being funded, who is funding the installation, administration, ongoing maintenance &amp; repair costs of the cameras? If the cameras are only being located at the road entrances at the front entrance of the schools parking will just be pushed further out on to the residential areas in the zone.</p> <p><b>How do you feel overall about the proposed school street?</b> Partially support</p> <p>While in favour of measures that encourage a reduction in car travel to and around schools and understand the principle of the scheme to improve the safety, welling being and environment I am not sure that this is the right solution. These schools have multiple access points, specifically designed to give ease of access from the may surrounding residential streets. A product of the plans and vision for neighbourhood back when they were built. I would also suggest that parents dropping children at school by car on their way to work is also a social problem driven out of ever increase needs for both parents to work full time rather than it being an individual choice. Perhaps pick up and drop off points away from schools could be consider for children to then have escorted safe walking routes to school. The reduction in school transport for those further away have also forced parents to drive the children in. I think the governments initiative should be consider and used when and where it is fit for purpose not rolled out as a blanket policy driven by the ability to receive funding to implement. One sizes does not fit all.</p>
Re: Carterton – Edith Moorhouse Primary School and St Joseph's Catholic Primary School	<p><b>How do you feel about the proposed location point/s for the school street?</b> Strongly oppose</p> <p>ANPR in this are will be awful!!! It's hard enough as it is to get into the school without walking miles, let alone for pregnant women or the elderly.</p>

	<p>This is not the way to solve the school access issues.</p> <p><b>How do you feel overall about the proposed school street?</b> Strongly oppose</p> <p>Restricting access by vehicle to the school will simply move the problem to Minty Clive Upavon way and the Royal Air Force estate where there is no room for parking. I doubt they will be very happy.</p>
<p>Re: Carterton – Edith Moorhouse Primary School and St Joseph's Catholic Primary School</p> <p>Lives near the school</p>	<p><b>How do you feel about the proposed location point/s for the school street?</b> Strongly oppose</p> <p>Firstly we heard word of mouth half of Edgeworth Drive were 'missed' when the letters came around.</p> <p>Where as we do have people coming up our road to drop their children off at the school. To put in ANPR camera on a residential street with no through road I feel is going to cause more problems. Where else will parents park their car. In our private car park? or on Upavon way and other surrounding roads which will make it more dangerous for children to walk scooter or cycle up a road where there are a lot of elderly people this will make it dangerous for them to get out. Why can't the parents do More car sharing instead of penalising people that actually live here. And the people who come and see them.</p> <p>You can't dictate when certain unbranded delivery vehicles deliver to your house. And by sending them FPNs we are likely not to receive parcels as they may boycott the road.</p> <p>I feel this is totally against my human rights having cameras on the road monitoring people coming and going, who actually live here. And who is to say the cameras won't be running 24/7? Where does the money go that is made from fining visitors to our street? Will it go to repairing our road or not? Who would benefit?</p>

	<p>As for reducing the pollution, I don't see how this would work. Surely any air borne pollution is free to be distributed by air flow and other atmospheric conditions/. Closing roads to a few cars that may then resort to using neighbouring streets wouldn't really change overall pollution levels outside the school entrances.</p> <p>If you don't want parents driving their cars around the school entrances to collect their kids work with them to find a solution that only affects them and not all members of the public.</p>
<p>Re: Carterton – Edith Moorhouse Primary School and St Joseph's Catholic Primary School</p> <p>Lives near the school</p>	<p><b>How do you feel about the proposed location point/s for the school street?</b> Neither support nor oppose Where is the proposed alternate parking to be? All I can see is a proposed move of traffic from Edgeworth Drive and Richens Drive to Carr Avenue. No provision has been made anywhere to allow non locals to park. Moving traffic to park in a Military housing area is no a good idea with the extra security required around these areas. Has the camp been asked their opinion of loads more extra cars in their patch? Why are Oxfordshire County Council making these decisions and not our own local West Oxon District Council?</p> <p><b>How do you feel about the proposed use of automatic number plate recognition (ANPR) cameras to enforce the proposed school street?</b> Strongly oppose Who will have access to details of who is using these roads? Will residents of these roads have details deleted automatically? If not for how long will details of their travel be kept.</p> <p><b>How do you feel overall about the proposed school street?</b> Neither support nor oppose What are the provisions for visiting relatives of residents to be exempt this charge? How will this effect delivery companies visiting addresses in these locations?</p>

	<p>residents have careers or family/friends staying or visiting then they could get tickets.</p> <p><b>How do you feel overall about the proposed school street?</b> Partially oppose</p> <p>I feel more yellow lines would be the best foot forward. On Lawnton Road everyone else has a drive way so why not double yellow the street and bends onto Home Close and Carters Close. People park on bends and upto junctions which makes it so dangerous, yellow lines is cheaper alternative. You may just need someone to police it to begin with and give tickets out, but I feel this would be affective. Also the church had planning permission recently granted to increase their car park bigger so parents can use this for parking, has this been given any thought?</p>

	<p>I reiterate these are not needed as they will not provide any value and in fact push traffic onto the Alvescot Road which is the main route into Town, if the council were serious about childrens well being why did it dispense with the crossing patrol on Alvescot Road where numerous children cross to walk to school? All in all a shocking waste of money not to mention the inconvenience for any tradespersons or delivery vehicles looking to enter the street during your prohibitive hours.</p> <p><b>How do you feel overall about the proposed school street?</b> Strongly oppose</p> <p>This is not a priority why are our council spending money on this project when there is so many other issues with our road network, it seems all of the councils priorities are totally flawed</p>
<p>Re: Carterton – Edith Moorhouse Primary School and St Joseph's Catholic Primary School</p> <p>Parent/carer</p>	<p><b>How do you feel about the proposed location point/s for the school street?</b> Strongly oppose</p> <p>This will impact access to the Food Angels (on the access to Edith Moorhouse at these times, The Church, Bowls Club. This will push vehicles parked on these side streets, on the main roads of Alvescot Road and Upavon Way, which will be more dangerous getting children out of vehicles, onto the main roads. I am a grandparent who doesn't have a blue badge, but has difficulty walking. This would take me at least 25 minutes to get from the new houses near the football club, to Edith Moorhouse School, without driving and I don't think I could do this without my car. The reasons given for this are very poor, and Edith Moorhouse School even say on their side gates that scooters, skateboards etc are not permitted!</p> <p><b>How do you feel about the proposed use of automatic number plate recognition (ANPR) cameras to enforce the proposed school street?</b> Strongly oppose</p> <p>It is a ridiculous idea based on the reasons above, as you are going to impact on other places in these areas and only force children onto the main roads, which will be highly dangerous at these times.</p> <p><b>How do you feel overall about the proposed school street?</b> Strongly oppose</p>

	Strongly disagree with this proposal due to the reasons given previously. Forcing children to get out of vehicles from the main roads, which is what you are proposing, is extremely dangerous. You need to focus on building more schools to accommodate the estates and hundreds of house which have been built, producing oversized existing schools hence more vehicles.
Re: Carterton – Edith Moorhouse Primary School and St Joseph's Catholic Primary School  Lives near the school	<b>How do you feel about the proposed location point/s for the school street?</b> Strongly support No <b>How do you feel about the proposed use of automatic number plate recognition (ANPR) cameras to enforce the proposed school street?</b> Strongly support No <b>How do you feel overall about the proposed school street?</b> Strongly support I'm concerned that all the extra pedestrian traffic will spill over into the highway, at danger to themselves and obstructions to exempt road vehicles. I can imagine that many peesestrians will assume that they have right of way during the restricted times. (I live on one of the streets within one of restricted areas)
Re: Carterton – Edith Moorhouse Primary School and St Joseph's Catholic Primary School  Lives near the school	<b>How do you feel about the proposed location point/s for the school street?</b> Partially oppose I don't like the idea that you would have to apply for an exemption in advance for any visitors coming to your property. It could stop delivery drivers attempting to deliver any packages if it is made too difficult for them, and you do not always know well in advance when visitors are coming to you. <b>How do you feel about the proposed use of automatic number plate recognition (ANPR) cameras to enforce the proposed school street?</b> Neither support nor oppose It seems to be a good idea but obviously like all these things it can have times when it doesn't work properly, potentially resulting in a fine for someone that lives in one of the streets. You would

	<p>road.</p> <p>Parents that can't drop their children off using these roads will simply stop on the main road that leads to these closed roads. I imagine this will cause brief stops in traffic that other drivers will be tempted to overtake. If a parent approached the bottom of Edgeworth drive from the direction of Carterton community college and stops to let their child out, the child would have to cross the main road to reach the path, if a vehicle overtakes from the same direction it could lead to a car running them over. This risk is not present with the current situation, but once parents are not able to drop their children off at this road it will become a common and real danger.</p> <p><b>How do you feel about the proposed use of automatic number plate recognition (ANPR) cameras to enforce the proposed school street?</b> Strongly oppose</p> <p>The use of automatic camera recognition appears to be a poorly disguised excuse to implement more chances to fine the public. I'm certain that the implementation of the these rules and systems will be just convoluted enough to ensure that elderly people are fined on the regular for daring to visit their own family members houses.</p> <p>The pretence that this is in the interest of children's safety is a poorly hidden lie. If it was to truly protect local youths then it would take into account the layout and traits of each neighbouring road, currently though it looks as though someone has chosen the roads entirely on proximity to the school. Minty close is one road away from Edgeworth drive but is not required to adhere to these restrictions, Minty close will also be the first time a child walking home south via Edgeworth drive will be required to step onto the main road. A child is more at risk here than they are on the</p>

	As someone who attended Edith Moorhouse and walked these paths home every week as a child as recently as 14 years ago, I believe this plan is a tremendously poor idea.
Re: Carterton – Edith Moorhouse Primary School and St Joseph's Catholic Primary School  Parent/carer	<p><b>How do you feel about the proposed location point/s for the school street?</b> Strongly oppose I strongly disagree with this proposal for a number of reasons. By closing roads around the school, this could potentially increase traffic and delays in surrounding areas. It also doesn't account for working parents who are on a tight schedule to drop off and pick up children and then getting to and from school. How do you expect elderly grandparents who don't qualify for a disabled badge but have limited mobility to then walk further for each drop off and pick up. Another issue by moving where to park would be clashing wit Carterton Primary school, you will then have 3 schools parking in the same location which will increase the parking and dangers into one location down Rock Road.</p> <p>You are also isolating people living within the restricted areas. These people can't have visitors during these hours or can't be picked up for work now. You can't expect a disabled person to walk out of area to then get a lift!</p> <p><b>How do you feel about the proposed use of automatic number plate recognition (ANPR) cameras to enforce the proposed school street?</b> Strongly oppose My points above are all valid again for this as well as the financial impact of this. By all accounts local and district councils are financially stretched so this is a total waste of money installing these cameras or is it a way to make money by hoping for more fines??</p> <p><b>How do you feel overall about the proposed school street?</b> Strongly oppose ALL OF THE ABOVE POINTS ARE RELATIVE AGAIN!</p>

This is the back entrance to both schools, and traffic along Alvescot Road travels at some speed during these hours. As there is no safe crossing point or lollypop lady to manage the crossing, I am fearful that a child or adult will try to cross the road when cars are parked along the street, and then an accident will happen.</p>
<p>Re: Carterton – Edith Moorhouse Primary School and St Joseph's Catholic Primary School</p>	<p><b>How do you feel about the proposed location point/s for the school street?</b> Partially support  I think the current proposal is too wide. It should only cover carter's close to rock close on Lawton avenue.</p> <p><b>How do you feel about the proposed use of automatic number plate recognition (ANPR) cameras to enforce the proposed school street?</b> Neither support nor oppose</p>

<p>Re: Carterton – Edith Moorhouse Primary School and St Joseph's Catholic Primary School</p> <p>Lives near the school</p>	<p><b>How do you feel about the proposed location point/s for the school street?</b> Strongly support</p> <p>For my street, I feel this is a particularly good idea, as a lot of parents dropping off/picking up, not only park dangerously, but are often rude and aggressive when you point this out to them. There are several cars who regularly park not only on a corner or blind corner, but approx. 2-3 ft away from the kerb, every school day, even if there are a few spaces elsewhere in the street, that may require a 1-2 minute walk. Another reason I support the proposal is again , on all school days cars are parked in the garage block, obstructing every garage. When the bottom half of Richens is packed with vehicles at these times, it is pretty unsafe for pedestrians, especially little ones walking to school .</p> <p><b>How do you feel about the proposed use of automatic number plate recognition (ANPR) cameras to enforce the proposed school street?</b> Strongly support</p> <p><b>How do you feel overall about the proposed school street?</b> Strongly support</p>

<p>Re: Carterton – Edith Moorhouse Primary School and St Joseph's Catholic Primary School</p> <p>Parent/carer Lives near the school</p>	<p><b>How do you feel about the proposed location point/s for the school street?</b> Strongly support</p> <p>I walk my granddaughter to and from school several times a week. Whilst the proposed points have taken into consideration the main gate into the schools plus the walk-in gates at Edgeworth and Richens Drives it seems the problems associated with the pathway off of Alvescot Road have been ignored. This is very busy with children coming from the south side of Alvescot Road. It was always somewhat dangerous crossing here even with the crossing lady. Since she left (and with no replacement ) it is even more dangerous. Of course it is impossible to close Alvescot Road - it is the main road through Carterton - but there are a number of hazards that should be addressed at the same time as the proposed closures. There is a bus stop right by the entrance to the pathway which is where everyone wants to cross. So when a bus stops cars start overtaking. The school times seem to coincide with the RAF base shift crossover times which makes the already extremely busy Alvescot Road even more hazardous to cross. The pavements are pretty narrow, made worse by people parking (increasingly, since these proposals were made public) half onto them as close as they can get to the pathway. Once the road closures take place this will probably become the dropping off point for those people refusing to walk/cycle. For the safety of all using this point to cross it needs at least zigzags to prevent stopping (wishful thinking?) or best case a proper pedestrian crossing.</p> <p><b>How do you feel about the proposed use of automatic number plate recognition (ANPR) cameras to enforce the proposed school street?</b> Strongly support</p> <p><b>How do you feel overall about the proposed school street?</b> Strongly support</p> <p>See comments above</p>

<p>School and St Joseph's Catholic Primary School</p> <p>Lives near the school</p>	<p>Rock close is not marked on the plan as being covered in the plan but is stated in the text - confirm which is correct. If Rock Close is not part of the included streets then all cars will park on Rock Close which I strongly oppose and this makes it difficult to leave our driveways and reduces space for visitors.</p> <p><b>How do you feel about the proposed use of automatic number plate recognition (ANPR) cameras to enforce the proposed school street?</b> Partially support</p> <p>Good idea but impact on surrounding streets needs to be considered. People will still drive no matter what is suggested re cycling, walking or scooting. It will likely just make people park where they can and cause other issues and in areas where children still walk to and from school.</p> <p><b>How do you feel overall about the proposed school street?</b> Partially support</p> <p>No.</p>
<p>Re: Carterton – Edith Moorhouse Primary School and St Joseph's Catholic Primary School</p> <p>Lives near the school</p>	<p><b>How do you feel about the proposed location point/s for the school street?</b> Partially oppose</p> <p>This is too drastic a change to the parents routine. The parents are going to find it very difficult to get their children to school and collect them if they are not allowed to go near the school for drop off/pick up. It would be wonderful if all parents used the town centre car parks and walked their children to school from there. I see patterns on the paths perhaps to encourage the children to follow to school. As a resident I can foresee lots of parking on Alvescot road - it will cause traffic problems for buse etc as there are no yellow lines. As for the Richens drive area, the only place for parking to get into the back gate of the schools is to park on Upavon Way or not use this road at all. It should be up to the schools to set out parking suggestions to the parents but not the drastic ones you are suggesting to not be allowed to use the surrounding road at all. I would also like to comment on the 'Cycling to School' aspect - this cannot surely apply to this age range!</p>

<p>Re: Carterton – Edith Moorhouse Primary School and St Joseph's Catholic Primary School</p> <p>Lives near the school</p>	<p><b>How do you feel about the proposed location point/s for the school street?</b> Strongly support</p> <p><b>How do you feel about the proposed use of automatic number plate recognition (ANPR) cameras to enforce the proposed school street?</b> Partially oppose</p> <p>Having to register all our vehicles to gain access is a pain in the backside. And equally, for those family members who randomly visit at times when this would be enforced. It brings inconvenience - why should other family members or friends be inconvenienced by this scheme? And why should they also register for an exemption to the occasional visit? It needs a better system for this - residents are being inconvenienced for living near the school.</p> <p><b>How do you feel overall about the proposed school street?</b> Partially support</p> <p>Over the last 18 years, the school run shenanigans have gradually got worse. Educating parents is nigh on impossible and ends in abuse. The excuses include 'I'll only be 10 minutes,' and 'I'm RAF don't you know' and 'why did you buy a house next to a school' are some of the pointless arguments I've heard. Parking over dropped kerbs and restricting access to and from my property; parking on both sides of the street to create pinch-points and chicanes; restricting access for emergency vehicles such as fire engines or ambulances - many of these parents are selfish, arrogant, and only think of themselves. They won't walk. It's always worse in September when they restart school, and brain fade kicks in with the clueless. In winter, they sit with engines running to keep warm;; in summer, they sit with engines running for air-conditioning. And increasingly, mums and dads arrive earlier in their cars so they can park as close as possible to the school gates. Thoughtless, selfish and not acceptable. We used to have PCSO's walk the streets but they've disappeared. Where are the traffic wardens? There must be a way forward without inconvenience to residents? My concerns are that one day, us residents will be required to pay to be exempt from this process.</p>

<p>Re: Carterton – Edith Moorhouse Primary School and St Joseph's Catholic Primary School</p> <p>Parent/carer</p>	<p><b>How do you feel about the proposed location point/s for the school street?</b> Partially oppose</p> <p>I am hugely concerned about the school road closures. It is a great idea to reduce traffic and make it safer which is a must. But by doing this it is already pushing cars onto Alvescot Road which is already dangerous to cross with children due to the amount of traffic (and excessive speed) and the bus stop but the added cars now parking on there it is making it near impossible to see oncoming traffic and feel this is only going to get worse. My main concern is that a child is going to be seriously hurt as there has already been so many near misses.</p> <p>I am a parent asking for help before a child or parent is seriously hurt.</p> <p><b>How do you feel about the proposed use of automatic number plate recognition (ANPR)</b></p>

Are relatives and support visitors able to have a visitors permit to my house by car?</p>
<p>Re: Carterton – Edith Moorhouse Primary School and St Joseph's Catholic Primary School</p> <p>Parent/carer</p>	<p><b>How do you feel about the proposed location point/s for the school street?</b> Strongly oppose This will only push the problem out onto busier roads.</p> <p><b>How do you feel about the proposed use of automatic number plate recognition (ANPR) cameras to enforce the proposed school street?</b> Strongly oppose</p> <p><b>How do you feel overall about the proposed school street?</b> Strongly oppose</p> <p>Due to the policy of all primary schools in the area not to prioritise siblings over catchment children, I now have children in two different primary schools, one of them is Edith Moorhouse. It is already difficult for me to get them to school on time, this would make harder still. In that respect I also believe this puts more strain on working mums, and is therefore unsupportive of women remaining in the workforce. I work full time and the current situation is already negatively affecting my mental health (I can certify this with a GP letter), trying to coordinate drop-off and collection whilst still working my hours. This proposed change would push me over the edge and is completely unfair given that we had no idea this would happen. If we had, I would have chosen a different school. It also won't be safer for our children - I would have to park on Upavon Way (another mode of transport would make me late for work) instead which is a much busier road. My youngest has run out onto a road without warning before. If he did that here he'd be much more likely to get injured or killed than on the quieter roads I currently park on.</p>

	<p>deliveries and trades people enter our street at any time.</p> <p><b>How do you feel overall about the proposed school street?</b> Strongly oppose</p> <p>I most strongly object to this scheme and feel that the problems it will cause outweigh the merits. The so called problem will just be displaced to another area causing difficult traffic situations on the arterial routes of Upavon Way and Alvescot Rd, or the MOD housing at Carr Ave and Arkle Ave.</p>
<p>Re: Carterton – Edith Moorhouse Primary School and St Joseph's Catholic Primary School</p> <p>Family live near the school/s</p>	<p><b>How do you feel about the proposed location point/s for the school street?</b> Partially support</p> <p>The same point as before</p> <p><b>How do you feel about the proposed use of automatic number plate recognition (ANPR) cameras to enforce the proposed school street?</b> Strongly support</p> <p>Same point as before</p> <p><b>How do you feel overall about the proposed school street?</b> Strongly support</p> <p>This takes in a wider area so I feel this would have more of a positive impact</p>
<p>Re: Carterton – Edith Moorhouse Primary School and St Joseph's Catholic Primary School</p> <p>Parent/carer Lives near the school</p>	<p><b>How do you feel about the proposed location point/s for the school street?</b> Strongly oppose</p> <p>The proposed area would just push any car drivers to park on the main roads in the surrounding areas. This would be a lot more dangerous for anyone trying to cross these roads. I've seen it when the weather is bad and more people drive so some park on the main road. This is really a accident waiting to happen. People are trying to cross without a good view of the road. As these are main roads, drivers aren't as aware that there are children trying to cross for school, like they are on the smaller roads that you are suggesting will be restricted. There used to be a crossing person on Alvescot Road which has now been removed. An interesting decision if you are concerned about child safety. I am also aware that the people living in adjoining roads that will be affected by cars now parking further away from the school haven't been approached, so this</p>

	<p>survey won't portray a true reflection on locals views.</p> <p><b>How do you feel about the proposed use of automatic number plate recognition (ANPR) cameras to enforce the proposed school street?</b> Strongly oppose</p> <p>I think it is a real invasion on people life's being tracked and fined. There are many reasons for entering these areas that have nothing to do with driving children to school that really hasn't been thought about. This will have a very detrimental effect on a lot of people that live in these streets. House prices will fall (will you compensate?). Trades people won't visit as too time restricted. I know my plumber doesn't have a van so wouldn't visit as he would be charged. Residents wouldn't be able to have any deliveries as would be impossible to time around these hours. It would prevent anyone having visitors. Anyone that is trying to run a business would really have to move as it just wouldn't work with the restrictions (again will you compensate?).</p> <p><b>How do you feel overall about the proposed school street?</b> Strongly oppose</p> <p>As a local resident of the area for years and my children attended the school and now my grandchildren do I think i am very well qualified to comment on the proposals. Whilst of course my main concern is the health and safety of the children, I very strongly disagree with the proposal. I would have thought before it had got to this stage, the views of the people that drive to the school would have been taken. I really don't think this will stop those people getting in their cars but the knock on effect to local residents will be catastrophic. I'm sure you will listen to the local residents views and work with them to find the safest alternatives. I would happily offer any help to investigate viable workable options. Could you please explain why the local town council were not informed before getting this far and how the school can agree when they have carried out no investigations?</p> <p>I would also happily monitor parking in these areas to prevent bad parking etc as I think through</p>

	education it would resolve a lot of the issues, making travel safer for the children, and without restricting peoples lives that live on these roads.
<p>Re: Carterton – Edith Moorhouse Primary School and St Joseph's Catholic Primary School</p> <p>Lives near the school Business is near the place</p>	<p><b>How do you feel about the proposed location point/s for the school street?</b> Strongly oppose</p> <p>We live and feel that this proposed action will be detrimental to us as a family and also to our business as we run a small accountancy practice from our home employing a couple of staff who travel to us by car.</p> <p>Two of those staff have children at school and would be coming and going within these times but they could possibly qualify for a permit..?</p> <p>We also have clients that drop off records and paperwork with us and having two hours of the working day as with no access to us would be an issue. Our footprint in the local area is light but even one client a week not being able to drop off would not be good.</p> <p>We see no logic at all in a scheme like this as it will simply push the problem into other areas of Carterton which will then become overrun with traffic.</p> <p>We feel that resident parking would be a far better idea as that will stop people parking dangerously on corners etc.</p> <p>We have a large driveway and none of our “visitors” will have to park on the roads so will not be causing any issues.</p> <p>The main reason that this would be a real problem though, is that my father lives with us in our and needs ongoing care to be able to function on a daily basis.</p> <p>We provide this most of the time but we also rely upon friends and family and carers particularly at the start of the day to get him up and ready for the day and this is right within the timescales that you are proposing to close the roads.</p> <p>There are possibly up to 20 different carers that we call upon so that people do no more than 1-2</p>
